New York, N. Y., July 4.—Score by innings:
Brooklyn... 100000000—1 6 1
New York... 3010021X—12 14 0
Batteries—Scanlon, Kneiser and Egan.

NO SANE FOURTH AT WILKESBARRE

Wilkesbarre, Pa., July 4.—Fire at Benton, Columbia county tonight, caused by a firecracker lodging in a barn, destroyed half the town. The Benton Argus plant, a hotel, bank and principal stores and 25 dwellings are in ashes.

AMERICAN LEAGUE.
Washington, D. C., July 4.—Boston won the afternoon game from Washington after rain had delayed the contest 50 minutes, 6 to 3. The visitors bunched two doubles and two singles, and three errors by the locals in the seventh inning and made enough runs to win the game. The score by innings:
Washington... 000012000—3 10 4
Boston... 000000501—6 10 2
Batteries—Gray and Brockendorf; Collins, Hall and Carrigan; Kleinow. Time—2:10. Umpires—Perrine and Egan.
Cleveland, O., July 4.—Score by innings:
Cleveland... 02300000X—5 8 0
Detroit... 000201000—3 9 1
Batteries—Falkenberg and Bemis; Summers, Sfrond and Schmidt. Time—1:44. Umpire—Evans.
Philadelphia, Pa., July 4.—Score by innings:

Philadelphia... 00401032X—3 11 1
Batteries—Ford and Manning and Sweeney and Mitchell; Coombs, Lapp. Time—1:55. Umpire—O'Loughlin.
Chicago, Ill., July 4.—Score by innings:
Chicago... 02410000X—7 7 5
St. Louis... 201100000—4 6 8
Batteries—Smitty, White and Sullivan; Halley and Killifer. Time—1:45. Umpires—Dineen and Connolly.
EASTERN LEAGUE.
At Rochester—Montreal, 2; Rochester, 15.
At Buffalo—Toronto, 3; Buffalo, 1.
At Jersey City—Newark, 8; Jersey City, 5.
At Baltimore—Providence, 1; Baltimore, 12.

GILLIES' MILL AT ARNPRIOR BURNED

60,000,000 Feet Of Lumber Destroyed Besides Building—Loss Will Be Over \$1,200,000—Other Cities Help.

Montreal, July 4.—A telephone message from Arnprior, Ont., states that Gillies Lumber Yards at that place were destroyed by a fire which broke out at 7:15 tonight, supposed to have been started by a spark from a passing locomotive. Sixty million feet of lumber was destroyed, valued at \$1,200,000, as well as the large mill. A heavy wind was blowing at the time and rendered the efforts of the local firemen of no avail. Help was secured from Renfrew, Pembroke, Ottawa and other nearby points and the fire finally gotten under control.

SYMPATHY FOR GRAND TRUNK

People of Massachusetts Will be Glad to have Canadian Line and the Handling of Western Wheel.

Any doubt of the determination of the Grand Trunk to make either Boston or Providence a terminal port is removed by the energetic efforts of the Canadian company in their controversy with the New Haven line. Discussing the progress of the hearing before the commissioners, the Boston Transcript, says editorially:—
Evidence appears of quickening public interest in the Grand Trunk controversy now before the Railroad Commissioners. Towns through which it is proposed to run the new railroad seem to be Grand Trunk sympathizers, on the theory that they have appealed to the New Haven long and vainly for the necessary accommodations. One of their Republican town committees quoted as saying that Governor Lipser will be punished at the polls if the Railroad Commission of his appointment fails to certify the claim of the Grand Trunk—an illogical procedure, but somewhat indicative of the state of feeling in the narrow strip of territory immediately affected. Strictly speaking, these towns are not the ones most vitally concerned. The question is in no sense local. It is one of the broadest with which our State Board ever had to deal.
On the face of it the question is whether the section wants to be represented by the railroad outlets to the world by the New Haven—barring the Boston & Albany—thereby giving M. Mellon's great

NO STEAMER ASHORE ON SABLE ISLAND

Halifax, July 4.—The report from Sable Island that a steamer was ashore there is incorrect. Seals playing on a sand spit at Sable Island, caused the life saving crew there to think that a steamer had gone ashore and they sent word out by wireless of a shipwreck. Rain was falling heavily all the forenoon and it was rather thick causing the mistake on the part of the officials.

system the advantage in securing economy and efficiency which monopoly offers, and trusting it for results; or whether New England desires to retain the competitive element by the admission of the Grand Trunk system to Boston in course of time. In the decision of this question some extremely important issues are involved. It has even been hinted that the forthcoming expenditures to be made by the New Haven in this territory might be largely influenced by the decision.
Many observers believe the railroads are at best merely sparring for position, and that if the Grand Trunk gets the certificate it will have an additional card in its hand with which to play for the traffic arrangements that it desires in this territory. According to this view, the traffic is likely to move over the existing lines into New England territory in any event, but the amount of it which will be routed to the Grand Trunk, by comparison with its old rival the Canadian Pacific, which is an ally of the New Haven, will depend much on the strategic position in which the Grand Trunk emerges from the present controversy. Even if this is true, the public clearly sustains an important relation to the strategic aspirations of a competitive road. And so the Commission's question is not made any easier.

SCOTT MILL WAS BURNED

Fine Plant at Magaguadavic Completely Wiped Out by Fire of Mysterious Origin—Loss \$25,000.

Fredericton, July 4.—A despatch from Magaguadavic says the Scott Lumber Co.'s mill there was completely destroyed by a fire which started in a mysterious manner at 1:50 p. m. on Sunday afternoon, and which was still burning today. When the fire broke out alongside the furnace the watchman and engineer were in the mill and steam was on but it was not thought that the fire caught from around the boilers or other machinery.
Ten minutes before fire broke out a lumber grader and lumber buyer went through the mill inspecting the property, and it is presumed that the blaze caught from a match or some ashes which one of the two men dropped, but both state very positively that they were not smoking while in the mill.
With everything perfectly dry there was no chance of stopping the fire which made such rapid headway that five carts and two wagons as well as 75,000 feet of manufactured laths and 25,000 feet of long lumber were also burned.
The mill employed about 90 men this summer and had a daily capacity of 40,000 feet of log lumber and 25,000 feet of lath.
It was fitted with stock gang saw, a rotary, a one sided planer and lath machine. Damage by fire is estimated at \$25,000.

NEGRO RIOTS IN WAKE OF BIG FIGHT

Norfolk, Va., July 4.—Race riots broke out all over Norfolk tonight and many negroes were injured. The trouble was caused mostly by enlisted men from the various battalions now here, who attacked negroes wherever they met them. A detachment of marines from the navy yard are aiding the police to quell the riot.

Baltimore, Md., July 4.—Seventy negroes half the number women, were arrested tonight in the "black belt" of this city, for disorderly celebration of Johnson's victory. One negro was badly cut by another and two other negroes were assaulted and severely injured by whites in arguments over the big fight.
Little Rock, Ark., July 4.—Two negroes are reported killed by white men. One by a Rock Island conductor, coming into this city tonight, and the other by a man at Second and Scott streets.
PROMOTIONS FOR MILITIA OFFICERS
Ottawa, Ont., July 4.—The following militia orders appear:—1st York Regiment, to be major, Captain G. W. H. Thomas.
