To People Who Are Losing Weight

Offers Simple Means of Winning Back Lost Flesh and Strength.

Any unnatural loss of flesh and weight even though gradual, should be regarded with alarm. Unless the result of actual well defined illness it is an almost certain indication of a defect in the assimilative functions that is permitting a large portion of the strength and flesh-making elements of food to pass through the body as waste instead of going to the blood where they belong.

To correct this unnatural condition and to quickly win back from ten to thirty pounds of healthy flesh try taking a single Sargol tablet with every meal for a few weeks and note results. Let the weight scales be the judge.

Sargol is a splendid combination of assimilative agents whose purpose is to extract every ounce of flesh and fat-making nourishment from the meal with which it is eaten and to prepare it in a form which the blood will eagerly absorb and distribute throughout the body. Remarkable gains in weight are reported from its use in this way. Indeed many leading druggists who sell it say they will guarantee to return the purchase price in any case where it does not produce increased weight when used as directed as stated in the printed guarantee found in each large package.

As Sargol is entirely harmless, is pleasant and easy to take and not at all expensive it would seem therefore that almost any person who is ten pounds or more under normal weight might give it a trial on such a liberal money back guarantee.

## A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! Had for so long this latest of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

The agent, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Delorimier Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. Today—over three years after his cure of disease—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., Toronto.

## September

A wedding of unusual interest took place in St. Thomas' Church at Joggins Mines, by Rev. Curry, on Thursday morning, 9th, at eight o'clock, when Miss Edith Ethel, daughter of Mr. A. Edward Melanson, was united in marriage with Mr. John Herbert McLeod, of the staff of Reed & Co., Moncton.

The bride, attired in a white crepe de chene, with satin bodice and train and with pearls and brilliants, wearing a bridal veil of net with some edge, caught with orange blossoms, and carrying a bouquet of white bridal roses, Miss Edith, orchids and maiden hatted with white net ribbon encircled in gold, entered the church on the arm of the father of the bride, who was dressed in a white suit, decorated by Mrs. F. G. Stevens, of the church. The choir sang them and Mr. Vincent Melanson, of the bride, sang "Veni Jesu Mi." The church was very decorated for the occasion by friends of the bride, the color being white and green with a of sweet peas suspended or railing, under which the bride stood.
