"BE LOYAL TO YOUR CITY AND HER INDUSTRIES." A man is either an optimist or a pessimist. He is either a booster or a knocker. There is no "in between." You can't be "neutral" here. You are either for your city or against it. If the latter you'd better get out. This city don't need you, don't want you, wouldn't have missed you if you had left six months ago. And "if you never come back it will be soon annus".

However, there are thousands of our citizens who are loyal, who want to do something to boost their home town if this "something" is shown them. It is to these citizens that we offer this opportunity of Buying and Boosting Home Products as the best means of showing their loyalty to their city, its growth and prosperity.

When you spend your money, spend it with your own people. Insist on goods of home manufacture. Keep well in mind the fact that you your self gain by so doing. Every dollar you spend for home products is a contribution to the continued prosperity of your home city.

Be loyal and show it. Talk it. Show your friends that patronage of local goods means better things for every one living here.

De Your bit in Boosting Your City.

special to The Standard.

Yarmouth, N. S., June 7.—The run x mackerel is increasing, if anything, and old fishermen say the litte has never been known on this coast before, and probably will never be seen again. The local traps today took three hundred barrels and the netters and drifters came in filled up to capacity. The traps at Pubnico, Wood's pacity. The traps at Pubnico, Wood's Harbor and Clark's Harbor are full, and the lish are only being taken out as the operators get barrels in which to put them.

Tusket Island again saw an immense catch, but plentiful as they are here the main body seems to have moved to the eastward, and Liverpool is the centre of operations.

The fleet of American seiners, at large fleet, too, is off that port, and they all filled up last night.

The local netters out of Liverpool made immense hauls, some of them landing as high as ten thousand.
