The Peace Christmas

On account of "war times" we have many times held back our natural inclination to give something.

And now with an equal regard for the fitness of things, we instinctively turn to something that shall adequately commemorate what will be known as the "Peace Christmas."

Let it be a gift which is lasting and worthy of the occasion.

WINNIPEG VANCOUVER OTTAWA PHILLIPS SQUARE MONTREAL

"Why I have these headaches is more than I can understand"

"I THINK it is a touch of indigestion," perhaps you say, not realizing that headaches and indigestion are among the first indications of an exhausted nervous system.

Women are the greatest sufferers from headaches, because their nervous systems are more highly strung and their conditions of life are more conducive to exhaustion of the nervous system.

Worry, anxiety, shock from accident or abrupt sources of nervous trouble—as are also too little exercise and too much indoor life.

When the nerves are exhausted almost any unusual exertion brings on nervous headache. There is such a shortage of nervous energy in the system that any unusual demand starves the brain and produces pain.

The most natural and rational way to overcome this condition is by increasing the amount of nervous energy in the system by using Dr. Chase's Nerve Food.

The use of powerful drugs to stop headaches is a most harmful and dangerous practice, because the temporary relief is

obtained at enormous expense to the nerves, and the evil day of nervous collapse is brought nearer.

The object of Dr. Chase's Nerve Food is to remove the cause of trouble by building up the system and increasing the nervous energy in the body.

Mrs. R. Hicks, Napanee, Ont., writes:

"About five years ago I suffered continually from nervous headache, and was almost a complete wreck, weighing only ninety-nine pounds. I could neither sleep nor eat, and could gain no relief in any way. A friend told me she thought Dr. Chase's Nerve Food would help me, so I dubiously began a treatment of this medicine. To my surprise I very soon found that it was helping me, so I continued using it until I was quite recovered and felt like my former self. In two months my weight increased ten pounds, my headaches were relieved, my appetite improved, and I could rest well at night. I think Dr. Chase's Nerve Food an excellent medicine, as are also any of his other medicines that I have used."

The persistent use of Dr. Chase's Nerve Food enriches the blood, builds up the nervous system and increases the vigor and vitality of the human body. 50 cents a box, 6 for \$2.75, all dealers, or Edmanston, Bates & Co., Ltd., Toronto.
