THE SEMI-WEEKLY TELEGRAPH, ST. JOHN N. B., OCTOBER 26, 1901.

MAGNIFICENT MARINE PICTURE FOR ROYALTY IN ST. JOHN'S HARBOR.

Eight Hundred Fishing Vessels, War Ships and Steamers Brilliantly Lighted—Sixty Bonfires Ablaze--Rain Nearly Ruined Decorations.

St. John's, Nfld., Oct. 23—The Ophir, with the royal party, arrived shortly after 6 o'clock this morning, accompanied by H. M. S. Crescent, Niobe, Diadem and Trhune. The ship's arrival was not expected until this afternoon.

The city was profusely decorated and over 600 fishing vessels had assembled in these waters, all decorated with bunting. People from the warships say the marine prospect was one of the finest witnessed throughout the tour of the duke and duches, the large gathering of ships making the scene specially animated. The fleet arrived here shead of time. There is nothing on the programme for today. A heavy rain fall started soon after the arrival of the duke and duchess, preventing the royal party from even taking a drive, spoiling the decorations and practically suspending all the festivities.

The duke and duchess expressed themselves as delighted and said the assemblage of shipping in the port, with the abundant bunting, formed one of the finest displays they had witnessed during the tour.

It is reported that the Diadem grazed a rock while entering the port.

London, Oct. 23—Cruisers belonging to the Channel squadron will be stationed, 100 miles apart, down the channel and out to sea to send, by wireless telegraphy, the correction of the policy of the first greeting of the policy of the policy of the first greeting of the

cally suspending all the festivities.

The duke this evening will give a dinner to the governor, Sir Caverdish Boyle, and the state dignitaries, on board the Ophir.

The celebration tonight was exceedingly enthusiastic. The weaither was clear and the town fairly blazed with illuminations and fireworks. The Ophir, Crescent, Diadem, Niobe, Proserpine and Charybdis were electrically lighted; fifteen sealing steamers, moored in a long line, showed festoons of marine lanterns, while 800

J. G. Raynor, the visiting delegate, spoke on cultivation of the soil, corn growing and pork production. Lively discussions followed and all seemed to be well pleased with the meeting, the first of the kind held at this place. The next rectivate held in Lunuary or Esh. meeting, to be held in January or February, will be at Stanley, when pork raising will be one theme to be taken up. Many are anxious for a pork packing plant to be located in the maritime provinces. They think it would be not touble inces. They think it would be no trouble to double their surplus of hogs here.

CHATHAM COUNCIL ASKING FOR \$40,000.

Some Sharp Criticism of Management of Water and Sewerage --Public Meeting.

Oha'dham, Oct. 22-A public meeting was held in the Masonic Hall Monday evening to consider the advisability of voting \$40,000 for water and sewerage purposes. Mayor Snowball was appointed

Ald. Nicol, chairman of the finance committee, explained that with what the council had expended, \$28,000 more would be necessary to complete waterworks and sewerage, and the council decided to ask for \$40,000, any money left over from the water and sewerage works to be used for the streets.

J. L. Stewart moved a resolution on this line and it was seconded by Ald.

Mr. Habberly censured the council for the reckless manner in which they had spent the town's money, and condemned their centralization of the expenditure to the middle of the town, leaving the east and west ends without sewerage. He did not oppose voting sufficient to finish the watenworks and sewerage, but objected to the granting of funds for the opening of

Ex-Mayor Winslow sharply criticized the council in appearing before the electors asking for power to issue further bonds, without first submitting to the rattepayers a printed statement of the manner in which the previous bond issues had been spent.
