WERE PRESENTED TO PARLIAMENT AT HON. MR. FARRIS AND MR. KING HAVE BOUGHT SEVEN. OTTAWA YESTERDAY.

Left Montreal Last Night-Three Bought in Total \$5,739,301-St. John Interested in Quebec, Two in Ontario and Two in Maine, Many of the Items--Provision for Equip-Averaging \$500 Each -- Mr. Farris Talks ping Observatory Here, \$1,200--Improvin Montreal of New Brunswick Matters. ing Maritime Province Telegraph Service.

Montreal, May 6-(Special)-Hon. L. P. Farris, accompanied by Ora P. King, left Montreal tonight for New Brunswick with seven stock stallions, which they have Ottawa, May 7--(Special)--Supplementary estimates for the year ending June 30, 1903, were presented to parliament today. They total \$5,739,301. Of this amount \$3,386,301 is charged to consolidated fund and \$2,353,100 to capital. Some estimates are:

purchased for the provincial government. The average cost of the stock was \$500 a head. Three were purchased in Quebec, Rolling stock (revote \$302,000) ......\$345,000 Engine house, etc., at Chaudiere Junctwo in Ontario and two in Maine.

The Montreal Gazette Monday had an interview with Hon. Mr. Farris. It Mr. Farris is satisfied with what the

Tweedie government has done and 18 doing for the farmers and dairymen of New Brunswick.

New Brunswick. Only a few years ago, he said, the prov-ince had to import all the flour or about all it consumed, while last year 750,000 bushels of wheat was grown within the

bushels of wheat was grown within the borders of the province, the quality being quite equal to No. 1 Manitoba hard. To foster wheat raising at home, the commissioner explained that the govern-ment had begun to import the best seed that could be obtained in Manitoba and elsewhere, selling the same to the New Removing formers at cost the result 3,000 Brunswick faumers at cost, the result being that a large yield was obtained last season, and although no seed wheat will have to be purchased this spring the com-

missioner expects that the crop of 1902 will reach 1,000,000 bushels. To encourage the milling of the grain at home the gov-ernment offered a bonus of equal to 20 per cent of the cost of the roller process nachinery for every mill constructed in the province, and the outcome of such a policy has been so successful that today there are 24 well equipped flour mills in the province turning out from 25 to more

than 100 barrels a day of high grade flour. Speaking further, Mr. Farris said that

### DOCTOR WEBB GIVES OUT A STATEMENT.

DUT A STATEMENT, Says There Never Was a Webb-Meyer Syndicate --- Interest in Cape Breton Railway Company. New York, May 7-Dr. W. Seward Webb gave out tonight the following statement:--"In view of the many conflicting the Dominion Securities Company, At L Meyer and myself, I desire to say that there is not now, and there never has been, any such thing as a Webb-Meyer syndicate. I have been president of the Cape Breton Railway Company, the Cape Breton Railway Company and of the Dominion Securities Company and of the Cape Breton Railway Company was char-tered to construct; for the financing of

Cape Breton Railway Company was char-tered to construct; for the financing of which the Dominion Securities Company became responsible. The road is now in process of construction."

### SUCCUMBED TO HIS INJURIES.

John M. Swan, of Tweedside, the Victim of of Thursday's Accident, Dies After Much Suffering.

Harvey Station, May 7-(Special)-Join M. Swan, who had his leg taken off near the body by a kircular saw in the Swan company's mill at Tweedside yesterday afternoon, succumbed to his injuries this morning. They were of such a terrible nature and he lost so much blood before Doctor Keith could reach him that the case was hopeless. Doctor Atherton, of Fredericton, arrived late in the evening but cothing could be done to save Mr. Swan's life. Deceased was the head of the Swan company, which was organized a short time ago. He was a son of John Swan, Sr., of Tweedside, and was well known throughout this section as one of Swan, Sr., of I weeksde, and was wer-known throughout this section as one of the extensive and most up to date farm-ers of the place. He was a man of mgh character and was universally esteemed. He leaves a widow, a daughter of the late James Embelton, and one child; also three sons and one daughter by a former mar-riage. His aged parents, two brothers and one sister also survive him. He was about 50 years of age.

FOR HER WEDDING. Bridal Gown Now to Be Used as Shroud for Bayenne Girl.

New York, May 7.—Miss Julia Pompharet died yesterday afterndon at her home, in Bayonne, just two hours before the time that had been set for her wedding. So short had her illness been that not all

time that had been set for her wedding. So short had her illness been that not all of those bidden to St. Mary's church to witness the ceremony had been notified of it, and many had gathered in the church, only to be told of her death. The bridegroom was to have been Thomas Whalen, a roundsman on the Bayonne police force. He had purchased a cottage and furnished it. Miss Pom-pharet had her wedding gown ready, and Friday, while making the final prepara-tions, she caught cold. Pneumonia devel-oped quickly and she grew rapidly worse. She insisted she was not seriously ill and repeatedly assured her fiance that she would get well. Father I. P. Whalen, who was to have officiated at the wedding yesterday, will conduct the funeral service Man Working for \$1.50 a Day. Pasadena, Cal., May 7.—A telegram re-ceived yesterday suddenly transformed George A. Dold, of this city, from a day laborer into thrice a millionaire. When laborer into thrice a millionare. When he got the telegram he was carting oranges at \$1.50 a day. He immediately quit work. The estate is valued at \$15,000,000. It comes from a line of Englishmen, the or-iginal having been Captain Willis, of the French army, a great-grandfathen of Dold on his mother's side. The sole inheritors on this side of the Atlantic are George A Dold big sizer Mrs. Fannie Sands. of yesterday, will conduct the funeral service tomorrow. Miss Pompharet will be buried in the gown prepared for the wedding.

### BUYING CANADIAN WOOD.

Dominion to Supply the World for Pulp Making---Big Tract at Eay Chaleur in

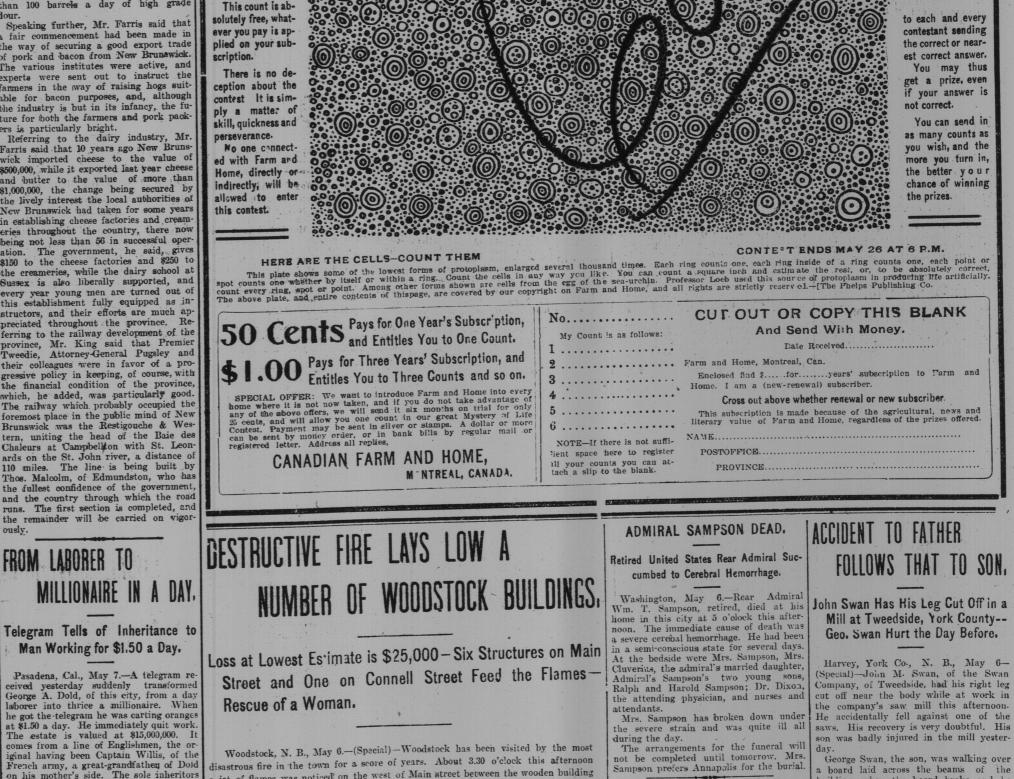

### American Hands.

A large proportion of the paper made from wood pulp that is used in the world is destined to come from Canada during the next century, because her immense virgin forests not only contain the best woods for the purpose, but are also with-in easy reach of splendid transportation the littles. Small Gathering of Members of Parliament Don't Give Much Support to Mr. Provand's Claims.

The United States cannot supply the emand, and it is lucky that such un-ounded forests lie so close at hand. One to a meeting of members of parliament this afternoon. There were 13 members present, 10 of whom were from Nova Scotia and New Brunswick. Roche, of ompany-the Atlantic Pulp and Paper ompany, Limited-which is being organzed, has purchased in the Bay des Chaleurs district 200,000 acres of spruce, eedar, poplar, etc., and it is estimated Halifax, presided. Mr. Provand made a statement of the claim which the com-pany thinks it has on the government of that in this property there is enough timber to produce 25,000 tons of paper pulp every year for the next 65 years. This moral and equitable grounds. There was much sympathy expressed with the in-vestors who have lost their money in this mpany is only one of several to exploit the wood pulp resources of Canada. It is thought that in a few years Canada will not only supply much of the United States trade, but the larger part of the ground wood pulp used in Great Britain.-Boston Globe May 5.

In laying the water pipes to supply Jerus-alem from Solomon's pool, the old aqueduct passes through a tunnel under a mountain, and in this tunnel was discovered a perfectly constructed arch built before the time of opposed anything being done for the com

ers is particularly bright. Referring to the dairy industry, Mr. Farris said that 10 years ago New Bruns-wick imported cheese to the value of \$500,000, while it exported last year cheese and butter to the value of more than \$1,000,000, the change being secured by the lively interest the local authorities of New Brunswick had taken for some years in establishing cheese factories and cream-eries throughout the country, there now being not less than 56 in successful operation. The government, he said, gives \$150 to the cheese factories and \$250 to the creameries, while the dairy school at Sussex is also liberally supported, and Sussex is also liberally supported, and every year young men are turned out of this establishment fully equipped as in-structors, and their efforts are much ap-preciated throughout the province. Re-ferring to the railway development of the province, Mr. King said that Premier Tweedie, Attorney-General Pugsley and their colleagues were in favor of a pro-gressive policy in keeping, of course, with the financial condition of the province, which, he added, was particularly good. The railway which probably occupied the foremost place in the public mind of New Brunswick was the Restigouche & Wes-tern, uniting the head of the Baie des Chaleurs at Campbellton with St. Leon-ards on the St. John river, a distance of 110 miles. The line is being built by and so the St. John Fryer, a distance of 110 miles. The line is being built by Thos. Malcolm, of Edmundston, who has the fullest confidence of the government, and the country through which the road runs. The first section is completed, and the remainder will be carried on vigor-

lisastrous fire in the town for a score of years. About 3.30 o'clock this afternoon a jet of flames was noticed on the west of Main street between the wooden building owned by J. T. Collins and the brick building owned by John McAfee. The firemen responded promptly to an alarm, but they were unable to place

on this side of the Atlantic are George A. Dold, his sister, Mrs. Fannie Sands, of Richmond (Va.), her sister, Mrs. Willis Dold, of Richmond; a brother, Edwin P. Dold, of Philadelphia, and a cousin, Thomas S. Dorning, of Norfolk (Va.) There are several English heirs, but it is said that the \$15,000,000 will be divided the fire. Shortly before 6 o'clock the flames again burst out near the same place over McAfee's tin shop in the dressmaking store of the Misses Hall & McLeod. Nos. 1 and 2 hose companies were-quickly on the scene and, amid sufficating moke, 12 streams were placed and a hard fight for mastery was entered upon. The fire spread from the McAfee brick building owned by the Henry Baird estate, ocequally among the five American heirs. cupied by Garden Brothers as a drug store. L. E. Young, as a law office, and Miss Boyer's ladies' emporium, thence to the book store of Mrs. John Loane and CHIGNECTO SHAREHOLDERS.

amaging the roof of the Payson building occupied as a dwelling house by Percy Gallagher and drug store of I. E. Sheasgreen. South from McAfee's the flames destroyed the wooden building owned by J.

T. Collins including the faucy goods and book store of that gentleman and the dental office of Dr. Pugsley. Thence it spread to the large wooden building owned by H. N. Payson and used by him for a grocery store down stairs and the barber

Ottawa, May 6-(Special)-A. D. Proshop of Walter Cogger up stairs. Going up Connell street the building owned by J. C. Doherty, of St. John, vand, on behalf of the shareholders of the Chigneeto Marine Transportation Com-pany, made another appeal for assistance and occupied by William Blake as a restaurant, was considerably damaged. The contents of the building were nearly all gotten out but considerably damaged and the goods owned by the other firms were hopelessly mixed in the carrying to a place of safety. Nearly all the sufferers are insured but not sufficiently probably to cover the loss. H. N. Payson and Walter Cogger were fully insured.

The foreman of No. 1 Hose Company, Eldon Fisher, gallantly rescued Miss Me-Leod, who fainted in the midst of the flames, by carrying her down the ladder, but he himself was compelled to be helped down a ladder later, being nearly suffocated by the smoke.

An estimate of the loss by the fire places it at \$25,000 at the lowest, while some say \$30,000, \$40,000 or perhaps \$50,000 would Letter represent it.

vestors who have lost their money in this project but no one except Mr. Logan had a good word for their request. He pro-posed a resolution to the effect that the meeting strong'y urge the government to make some sort of settlement with the company at an early date but as it did not J. C. Doherty, of Charlotte street, told the Teleghaph Tuesday that his building was insured for \$800 in the Northern Insurance Company. He had received word from Woodstock that his building had been badly gitted, hut was not totalseem to be acceptable, he withdrew. Holmes, of West Huron, by the Georgian Bay, attended the meeting and strongly ly destroyed.

The Norwich Union Company has a policy of \$1,000 upon Mrs. Loane's bookstore stock ----

Company, of Tweedside, had his right leg cut off near the body while at work in the company's saw mill this afternoon. Mrs. Sampson has broken down under He accidentally fell against one of the the server strain and was quite ill all saws. His recovery is very doubtful. His during the day. George Swan, the son, was walking over a board laid across the beams of the. building, when the board broke and he was precipitated eight or nine feet to the

# What it Costs to Run London.

London, May 8.—At a meeting of the London county counteil the budget showed that the estimated expenditures of the financial year, 1963, were £4.377.000, and telegraphed for and he went to Tweedside the receipts for the same period £1,712, last evening and attended to the injured
