To place your umbrella in a rack indicates that it is about to change owners; an umbrella carried over a woman, the man getting nothing but the drippings of the rain, signifies courtship; when the man has the umbrella and the woman the drippings, it indicates marriage; to carry it at an angle under the arm signifies that an eye is to be lost by the man who follows you; to put a cotton umbrella by the side of a silk one means "exchange is no robbery;" to lend an umbrella may be interpreted, "I am a fool;" to carry an umbrella just high enough to tear out men's eyes and knock off men's hats signifies, "I am a woman."

It is much easier to lead people than to drive them. We often hear it said that a person was "driven to destruction." As a rule this person was led to destruction. There are so many snares and pitfalls in the highway of life, and so many that are sure to destruction by those who enjoy seeing others brought to their own level. The guide board set up by our church, showing to the young "the straight and narrow way" is the only safe path. It is well to remember that only the noble alone is given the power to recognize the noble.

EASIER TO LEAD

He is a rich man whom God loves.
