

Production and Thrift

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More

The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient

In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials

There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (not sub-Agency,) on certain conditions.
Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.
In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.
Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.
An settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.
The art of cultivation is subject to reduction in case of rough, scrubby or tony land. Live stock may be substituted for cultivation under certain conditions.
W. W. COREY, C. M. G., Deputy of the Minister of the Interior

Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the front. Your savings will help Canada to money for the next Dominion War issue. There can be no

BATTLE OF VERDUN WON BY THE FRENCH AND GERMANY DEFEATED

Hilaire Belloc, Famous Military Critic and Expert in The Halifax Herald.
London, May 4—The Battle of Verdun is won. The greatest battle ever fought, an action with consequences that will affect the whole future of mankind almost as much as the original victory on the Marne has been won by the French. For the Germans it means that the effort on which they concentrated the whole of the available resources for which they had spent months in preparation, and in which they had such confidence that they risked open declarations of victory and definite prophecies of success, has resulted for them in bloody and irreparable defeat.

MORE RUSSIANS ARRIVE

Large Turkish Transport Sunk
Marseilles, May 2—A further contingent of Russian troops arrived at this Mediterranean port today.
New York, May 2—A Saloniki despatch to a news agency here today says:
"The Turkish transport Chirksti Moirie has been sunk off Rodonto in the Sea of Marmora by a British submarine, according to an announcement made here today.
"No details are available but it is believed here that several hundred Turkish troops on board were drowned."

M. G. SIDDALL'S GIFT.

Windsor N. S., April 22—It is needless to say that the governors of King's College are grateful to Captain M. G. Siddall, Quartermaster of the 145th Battalion for the handsome donation of \$1,000 to the Extension Movement of the University. The donation was forwarded through R. W. Hewson, K. C., of Moncton, one of the Governors of the College, and is the more generous owing to the present conditions due to the war.—Sackville Post.

On April 3rd, at noon, Harold Charles Keddy passed peacefully away, at the age of nineteen years and eight months. He was the son of Mr. and Mrs. James Keddy of Lake Ramsey, New Ross. Although the day of his burial was stormy and the roads bad it was largely attended by a host of people to show the last respect to one who was a great favorite to all. He was also a good church attendant and always ready to do his part towards Church purposes, he leaves behind a father, mother, three sisters and two brothers to mourn the loss of a faithful son and loving brother.

Britain May Have New Daylight System.

London, May 4—There now seems to be little doubt that Great Britain will follow the example of Holland and adopt the Daylight Saving System. Premier Asquith has promised to give a day for discussion of the question in the House of Commons, while Home Secretary Samuel has written a long letter for publication strongly recommending the idea on the grounds that it would be an important saving in fuel and illuminants.
