Ottawa, Oct. 30, 1925.

Honourable Rodolphe Monty,
Versailles Bldg.,
Montreal.

My dear Monty:

Many thanks for your kind telegram of to-day. Most sincerely do I regret your own defeat in Laurier-Outremont. Your loyal support at all times through the darkest hours of our party's fortune makes this defeat one of the very greatest regret to me personally. It is gratifying that the Government have been decisively defeated, but I am sorry that a great portion of our country has allowed its mind to be diverted from the real issues. The conduct of Messrs Cardin and Beland has, I think, in this election been the worst ever.

Again thanking you, and with every good wish to Mrs. Monty and yourself in which Mrs. Meighen joins me,

Believe me,

Yours very sincerely,
