# NEW YORK STEEL REVIEW NOT VERY FAVORABLE

rices Have Failed to Respond to Increased Demand and Now an Easier Tone Can Be Noted— —
Iron Market Generally Dull.

Exclusive Leased Wire to Journal of Commerce.) New York, January 27.—The steel trade has not made a very favorable showing so far in January. The rate of improvement has fallen off materially during the past few weeks and some concerns includ-ing the United States Steel Corporation are receiving less business than in December

crease in demand which took place at the commer ment of the month but now that the demand has slackened in some lines, an easier tone has been noted. Plate and bar-makers have been very urgent seekers scribe the flieta which is weak in tone but demand they have offered concessions from the \$1.10 price. The demand for plates has been particular price. The definite for places are not very busy, and poor as equipment companies are not very busy, and hence have no large needs. The mills of the country concluded a successful convention. dvance, and, it seems that we are are operating at less than 50 per cent, of capacity, ise, the top figures have and if business keeps on at the present rate, it would be more reasonable to expect a curtailment in proargent war needs for this metal, duction than the recently predicted increase

the argent war needs for this metal, addon is heavy, although in the Unitione is decidedly weak. Locally, the changed during the week. Prices continued at very near the record low level and at the present rate of lately it will be performed by the first about steady. 

copper for export. Spelter is The pig iron markets are generally dull, and though ral strength shown in Lon- tonnage has not been materially improved.
