"The Kodak on the Farm"

Is the title of a beautifully illustrated little book that we have recently issued. It contains a score of pictures that show how interesting the Kodak may be made in the country and it explains clearly the simplicity of the Kodak system of photography—the system that has done away with the dark-room and made picture taking easy for the amateur.

It shows something of the practical side of photography for the farmer, as well as telling by both pictures and text of the many delights that the camera offers to country people.

Ask your local dealer, or write to us for a free copy of "The Kodak on the Farm."

SUMMER SHIPMENTS OF GRAIN

Farmers who have still wheat or oats on hand should not delay now in getting the same shipped forward to Fort William and Port Arthur in order to secure the comparatively high prices which will be going for old crop grain during July, and probably the most part of August.

Farmers can only be sure of getting all that they ought to realize out of their grain by shipping it in carlots to Fort William or Port Arthur, and having it sold for them by a first class commission house, acting as their agent.

We possess unsurpassed facilities, for handling wheat, oats, barley or flax for farmers who ship their grain themselves, because we are a reliable commission firm, of many years standing and experience, well known over Western Canada as working solely on commission as agents for shippers, and we are prepared to handle to the best advantage all our customers all grain entrusted to us. We make liberal advances against railroad car shipping bills immediately we receive the same, and make prompt returns when bills have been made.

We always give our customers the name and address of the party or firm to whom we sell their grain.

When in Winnipeg we will be much pleased to have farmers visit us at our office in the Grain Exchange Building.

Please write us regarding prices and market prospects, and for shipping instructions, any information or advice about selling will be promptly and cheerfully given.
