is for the Jersey cow and for my wife. I don't want to happen to that Jersey cow.

#### ATTACKED BY MAD COW

Having purchased a cow from Mr. Bert Struthers of the 6th of Saugenee which gave birth to a calf on Monday night, Mr. Jos. Dobson of town went to the Struthers' farm on Tuesday to take the cow and offspring to the farm of his son William on the 2nd of Saugenee. Mr. Dobson put the calf in his car while Geo. Henri, who went with him led the cow. On arriving at his son's farm a collie pup so frenzied the cow with its barking that the bovine went mad and raced down the road. In attempting to capture the beast, Wm. Dobson was attacked by the cow and knocked down. The fractious beast, however, did not trample him, but continued its race down the road towards where Mr. Jos. Dobson was sitting in his car. Seeing the bovine coming his way Mr. Dobson got out on the road to stop it, but instead of stopping, the beast raced at him and bowled him over into the ditch. It was at first thought that he had been seriously injured, but on later being examined by a local doctor no bones were found to be broken or any other serious injury disclosed, he suffering chiefly from shock and a bruised back. The cow was later captured and with her calf put in a field on Wm. Karcher's farm, 12th of Bruce.—Port Elgin Times.

#### HOW TO STORE GLADIOLI

As soon as the frost has killed the leaves of the Gladioli, dig up the bulbs, shake off the earth, and let them dry for a day, then remove the tops and store them in a dry cellar or frost-proof building. They will winter well wherever onions will keep. If you have many bulbs to store, put them in shallow trays made of lathes and place the latter one above another, leaving an inch of space between the bottom of one and the top of the next.

An exchange made a real hit when in a recent issue it said that not a word was heard in the recent election campaign about the full dimer pail and that the only thing the average workingman now worries about is a full gas tank and a new set of tires.

The holding of municipal elections the first week in December before the holidays and the business and travel rush commences is becoming more popular throughout the province and many municipalities are now doing this.

"You see, sir," answered the one who was reading the letter, "Jones can't read. I got a letter from his girl this afternoon and I am reading it to him."  
"But what are you doing?" the employer asked the illiterate one.  
"Oh," replied Jones, "I'm stopping up his ears. I don't mind his reading my letter, but I don't want him to hear what she has written."

#### EGG GRADING STATUTE VOID

A judgment was given out that is of considerable interest not only to the farmer who sells eggs but to those who buy them. A new egg grading law which is being enforced throughout the Dominion has been in considerable disfavor since first introduced, but has been found to work out well both for those who make a business of keeping poultry and from the standpoint of the buyer. But apparently it is being objected to and judgment in a stated case was given by Justice Grant at Osgoode Hall on Tuesday that the parliament of Canada had no authority to enact such a law and that statute in this respect is ultra vires.

#### Father and Son Fight Side by Side

Roy is a handsome lad of fifteen, who is very proud of a new set of headphones some friend sent to him. Now he can hear as far as Boston on his radio. The wires come right in by his cot, where he rests most of the time. You see, Roy is in the Muskoka Hospital for Consumptives and is by no means as well as he looks, although he says he is getting along fine. He can visit his Dad, too, which is another source of comfort to him. Dad is in the same institution, also making the never ceasing struggle against the fell disease. So often "Dad" grips more than one in a family. Both are really making good progress, however—the complete rest, the discipline and the care of kindly nurses and doctors are having their usual good effect in this efficient institution. The Muskoka Hospital is urgently in need of funds. What can you spare to help? Contributions may be sent to Hon. W. A. Charlton, President 228 College Street, Toronto 2, Ontario.

#### SOUTH BRUCE PLOWING MATCH

Entries Double Those of Last Year. Boy's Plowing Attracts Attention. Morrison Ellis, of Port Elgin, Gets Silver Cup

The South Bruce Plowing Association struck a splendid day for their plowing match near Teeswater on Tuesday of last week and large crowds attended to witness one of the best events held in the district. This statement comes from Mr. Jas. McLean, of Richmond Hill, who was one of the judges, and who has held the championship title of Ontario several times. Particularly in the boy's class under 19 years of age should be mentioned the exceptionally good work. In this class there were 9 entries. The farms selected for the match were those of Mr. J. D. Little, just north of Teeswater, and of Mr. W. J. Ballagh, east of the gravel road. In the afternoon cars were lined up on both sides of the highway and also down Mr. Little's lane, but the size of the crowd was hardly to estimate as there were three fields occupied and the people were coming and going all the time.
