NOTICE TO THE PUBLIC. NOTICE TO THE PUBLIC.
In 1365, Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar Coated Pills" Their excellent qualities acon gained for them a high reputation, and the annual sale of many thousand bese. This great success excited the avarice of designing mea, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appears ce to Dr. Halsey's, in order to sail them under the good will Dr. Halsey's Pills had gained by curing thousands of duense.

GUM ARABIC.

An article which, in every respect, supercides Sugar both on account of its healing virtues, and its dumbility. The discovery of the improvement, is the result of a succession of experiments during three years. For the invention of which, Dr. Halsey has been awarded the only patent ever granted, or Pulls by the Government of the United States of America. The Gum-Coated Forest Fills present a beautiful transparent, glassy appearance. The well known wholesome qualifies of pure Gum Arabic with which they are goated, renders them still better than Dr. Halsey a Sugar-Coated Fills. The Gum-Coated Pills are to ever liable to injury from dampness, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the, disagreemble and manistring tasts of Medicine. LTRIFICHATISM—INCLUDE, TREATMENTANTLY CURED BY BADWAY'S BRADY RELIEF.

Rheumatism arises from different cancet, but most generations of the control of

of certificated instances, they have even reacued sufferent from the very verge of an antimoly grave, after all the deceptive notirums of the day had utterly failed; and to many thousands they have permanently secured that smiferm enjoyment, of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they quesequently not. It was to their manuflest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of perpletous quackeries which beast of vegetable ingredients, the LIFE MEDI-CINES are purely and solely vegetable; and contain neither flactury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmacoutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the atomach and howels the various impurities and crudities constantly settling round them; and to remove the hardened faces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhesa with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well-informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this mean

Rheumatism arises from different causes, but most generally proceeds from Colds, exposure to cold damp weather, and sheeping and sump sign-turents. This complaint is divided into two classes; it is first inflammatory, as called from the welling and inflammation that attends the pains in the parts affected; second, Chronic Rheumatism, so called from the long continuance of the disease. It is also known as Lambago, or paint in the lack; Sciaticia, or pains in the hip or groin; Anthrodynia, or pains in the joints. The Acute Rheumatism generally terminates into one of these and becomes a chronic complaint.
