Earth's Elect

(From the Baltimore Sun)

Kipling called Canada Our Lady of the Snows, but the story which our staff correspondent is telling of her war record shows that when her pride, her loyalty and her affections are enlisted, she is the Vesuvius of nations. Every American ought to read the narrative of Canadian sacrifice and heroism. It is an epic which Homer might have been proud to tell. We confess that, when we compare this splendid enthusiasm this eager devotion, this unquestioned and magnificent courage and unselfishness with certain manifestations of American indifference, half-heartedness and calculating prudence we feel a sense of humiliating moral inferiority.

Some fool Americans before the war used to talk about annexing Canada and extending to it the blessing of republican government. Unless we raise ourselves to the spiritual level of these great-souled people the best thing that could happen to us would be to get Canada to annex us to her. But we hope these letters will thrill our hearts with admiration and will stir us to a generous emulation. To be a Canadian must be, for a generation at least, equivalent to being one of the elect of the earth.

Women's Institute

The regular monthly meeting of the Women's Institute will be held in the school room of the Methodist Church on Wednesday, June 4th at 2.30 p. m.

The members of the Patriotic League, the Kings Daughters, the W. C. T. U. and the K. K. K's are urgently requested to meet with the Institute to discuss the erection of a Memorial Hall.

There will be a good program of readings and songs. Miss Gibson will also give a talk on "Her Trip to Australia".

A cordial invitation is extended to all the ladies of the village and the vicinity.

MARY ANN McCARTNEY

Mrs. Mary Ann McCartney died on Sunday at the home of her son, William McCartney of Millgrove, aged 80 years. The funeral took place from her son's residence on Wednesday afternoon at 2 o'clock to Mount Carmel cemetery, Freelon.

MARRIED—At the residence of the bride's parents, Kilbride. Mr. Fred Hamilton, of Waterdown, to Miss Gladys Small. The young couple will reside in Waterdown. Mr. Hamilton represents the Massey Harris Co. in this district.

Canadian Bankers Competitions will again be held this year at the fall fairs. Boys and girls eligible to compete for the prizes offered can do no better service for their country than to enter these competitions and thereby materially contribute to the production of a better class of live stock.

No time should be lost in finding out all about these competitions. The importance of quick action is apparent when it is understood that the calves and pigs must have been fed for a period of at least six weeks by the boys and girls who exhibit them.

Full information regarding the competition can be obtained from W. J. Wiggins, Manager of the Royal Bank, Waterdown, and the boys and girls are urged to get in touch with him, who will supply on application a copy of the rules together with other information.

The Holiday in Waterdown

Another Victoria Day has passed and Waterdown still holds her record as a place for successful entertainments.

The rain in the early afternoon while retarding the Field Events, did not stop them. The ball games were the principal sport of the afternoon and proved somewhat exciting to the large number of Fans. Strabane and Waterdown were the first teams to come together, Strabane proving the victors by a score of 11 to 9. Kilbride and Carisle were the next on the list with 5 to 1 in favor of Kilbride. Kilbride and Strabane being then matched for the championship, with Kilbride the winners, the score being 6 to 0.

The concert in the evening was one of the most successful entertainments ever held in the rink. Long before the hour of commencing the hall was filled to its utmost capacity. Harry Bennett's impersonation of Harry Lauder was greatly enjoyed and he was continually encored. The solos by Miss Marwick and Vernon Carey were a rare treat to the audience. Miss Agnes Eager contributed to the program with a very pleasing solo. In a short and to-the-point address, C. P. McGregor welcomed the returned men, who were the guests of the evening, to their home town. Mr. Hart of Hamilton acted as accompanist during the evening. County Clerk J. F. Vance, in his usual able manner acted as chairman.

After the concert the customary practice of devoting the remainder of the evening to dancing was proceeded with by the young people.

The total proceeds of the day amounted to over \$300 and after all expenses are paid will leave a very substantial sum for the Library.

The Telephone Girl

The telephone girl sits still in her chair,
And listens to voices from every-where;

She knows all the gossip, she knows all the news,
She knows who is happy and who has the blues,

She knows all our sorrows, she knows all our joys,
She knows all the girls who are chasing the boys.

She knows all our troubles, she knows our strife,
She knows every man who is sharp with his wife;

She knows every time that we are out on the bend;
She knows the excuses that each of us send.

If the telephone girl told half that she knows,
It would turn all our friends into bitterest foes;

She would sow a small wind that would soon turn into a gale,
Ingulf us in trouble and land us in jail;

She would start a story which, gaining in force,
Would cause all our wives to sue for divorce.

She could get all the churches mixed up in a fight,
And turn all our bright days into sorrowing night;

In fact she could keep the whole town in a stew,
If she told but told one-tenth of the things she knew.

Oh, doesn't it make that old head yours whirl
When you think what you owe to the Telephone Girl?

Banquet to Soldiers

The second Banquet given by the Patriotic League to the nursing sisters, and soldiers boys, who have returned since the first public reception, was held in the Library rooms last Saturday evening. About 25 were present and did ample justice to a most bountiful supper which the ladies of the League had provided for them. After the supper they were entertained as guests at the concert in the roller rink.

There are still a few more Waterdown boys to return and the Patriotic League will not overlook them when all are home.

Mad Dog Killed

A stray collie dog suffering from an attack of rabies was discovered running around the barnyard by Mr. H. Heatherington at his farm on the 4th concession. Mr. Heatherington promptly secured a gun and destroyed the animal before any damage was done. The report, which had been circulated, that the dog had bitten a number of pigs and also attacked Mr. Heatherington is without foundation. Dr. D. A. Hopper the M. O. H. was notified and immediately issued orders that all dogs in the Township must be muzzled or tied up until further notice. It is not known to whom the dog delonged or that he had attacked anyone before coming to the Heatherington farm.

The Waterdown Manufacturing Company Limited

The boys at the factory are very busy now that they have their new motor installed. 40 crates of Kiddie Cars are leaving the plant this week, being shipped to dealers in Hamilton and Toronto.

Arrangements have been completed with A. H. Selwyn, Limited of London, England to market their product in England, Ireland, Scotland and Wales. Negotiations are also under way for representation in other foreign markets.

It is to be hoped that no time will be lost in financing such an enterprise to be developed here in Waterdown. The stock is now to be had at \$10.00 per share which makes it possible for everyone to have an interest in a business that means employment to many. If you have not already subscribed leave your name at the Review Office.

CARD OF THANKS

The Library Board wish to sincerely thank everyone who assisted at the afternoon and evening programs, and the citizens of Waterdown and vicinity for the loyal support given them on Victoria Day.

War Savings Stamps

All persons who buy War Saving or Thrift Stamps should set a \$50 Dominion Government bond as their objective. This may be now be had for \$40 and a few cents, redeemable on January 1, 1924, at \$50. Such an object makes saving worth while.

For one thing it will be a strong incentive to continued saving. Then it is very profitable, the return being 4½ per cent compound half-yearly which is almost 5 per cent. The purchase of a \$50 bond will also be of material assistance to the Government in meeting its heavy after-the-war responsibilities.

A government blue book issued by the British government shows that a whale will give a barrel of milk at one milking. But, holy smoke! Wouldn't it be awful if he ever put his foot in the pail.
