ITALY DECLARES WAR

She is Now in Direct Conflict With Germany.

Germany's Aid to Austria Forced Italy to Declare Hostilities—Announcement Causes Great Demonstrations in Rome—Baron Sonnino Delivers the Message Through Switzerland.

ROME, Aug. 28.—Italy to-day is at war with Germany.

The declaration of hostilities was made by Italy. Following information that it had reached the Imperial German Government through Switzerland, announcement of the Government's action was made here late Sunday.

The intolerable situation created by the fact that Italy was at war with Germany's ally and the fact that Germany loaned all possible support to that ally, Austria-Hungary, against Italians and their interests, led the Government to its decision. That decision was made public in the following announcement:

"The Italian Government declares in the name of the King that Italy considers herself to be in a state of war with Germany as from August 28, and begs the Swiss Government to convey this information to the Imperial German Government."

The complete cessation of all communication between Italy and Germany brought about by the Austro-Italian war, made it necessary for Italy to convey through Switzerland her declaration of war to Germany.

It is believed here that Roumania, with which nation Italy long has had an entente, will follow the Italian Government in a declaration of war against the Central Empires and their allies.

The Giornale D'Italia, commenting on the declaration of war on Germany, says:

"Public opinion has been long patiently awaiting war against Germany, and is now fully satisfied. The declaration constitutes an act of sincerity and loyalty towards the Allies and a proof of our deep faith in their final victory."

Idea Nazionale says: "Italy rejoices over the end of an equivocal and humiliating situation, and is welcoming the opportunity openly to fight the common enemy to the finish."

Following a meeting of the Cabinet the official announcement of a state of war between Italy and Germany was made. A statement, giving the reasons for the action of the Italian Government, also was given out by Baron Sonnino, Minister of Foreign Affairs. It is in the form of a communication to Switzerland, a neutral, and was transmitted through the Italian Minister at Berne. It says:

"The hostile acts of Germany toward Italy have become more frequent. Suffice it to mention the persistent military aid rendered to Austria, and the constant participation of German officers, soldiers, and sailors in the war against Italy.

"Owing to German help Austria-Hungary was enabled to concentrate her maximum efforts against Italy. Germany gave up Italian prisoners who had escaped from Austrian concentration camps into German territory. The Imperial Government instructed the banks to consider Italians as enemies, stopping payments and also stopping pensions due Italian workmen, violating the law openly and revealing systematic hostility.

"This state of things was intolerable, aggravating and wholly to Italy's detriment, the situation resulting from the fact that Italy and Germany are allied to different groups of States at war.

"For these reasons the Italian Government declared in the name of the King that Italy considers herself in a state of war with Germany from August 28, requesting the Swiss Government to inform Germany."

The announcement of war with Germany had the most cheering effect possible on the people. Great crowds formed in the streets immediately the news became public and processions were started in many sections of Rome. Reports from the provincial cities tell of equal rejoicing throughout the nation.

MUCH TERRITORY GAINED.

Grand Duke's Troops Have Made a Further Advance.

LONDON, Aug. 28.—The official statement from Petrograd of the Russian operations on the Caucasus front, announces that a very considerable amount of territory has been recaptured from the Turks as a result of the recently inaugurated offensive which was begun by the forces of the Grand Duke, and a further advance has been made. In the direction of Diarbekr stubborn fighting continues, the report states. The Russian columns have reached the Masladarsk River, which flows into the Euphrates east of the village of Nurik.

New Zealand's War Tax.

OTTAWA, Aug. 28.—A radical scheme of war taxation is outlined in the second war budget, which has been presented to the New Zealand House of Representatives, according to a report presented to the Trade and Commerce Department by Commissioner Beddoe, of Auckland. An income tax and a 45 per cent. tax on all profits realized from war conditions are among the measures proposed.

Kent Good Roads Plans.

CHATHAM, Aug. 28.—A special roads committee of the County Council has returned from Wayne County, Michigan, where concrete highways were inspected. The committee gained valuable information and will report at the December session. It is expected that some definite action will be taken at that time by the Council towards adopting a good roads scheme for Kent County.
