SACHEL OF THE SATELLITE

Nothing to do now but count.

To-night we'll know all about it.

Watch for The Morning Planet tomorrow!

You can hear the good news in the Opera House.

I've done my work; now it all rests with the electors.

I am going around to-morrow and shake hands with all my new enemies.

Such enthusiasm as the boys displayed this morning was certainly encouraging.

Well, I'm glad it's over. This is the strenuous life in a newspaper man's career.

The Planet is read. It surely is. S. B. Arnold found the 40 boys and more waiting at his office for him this morning.

Having successfully brought the election campaign to a conclusion, I will now turn my attention and energies to the building of a market.

CALIFORNIA.

FILLED WITH BUCKSHOT

Herbert Goad of Toronto Fatally Shot in Parry Sound.

Gun Was Discharged While He Was Getting Over a Log—Ten Miners Crushed to Death—The Cages Got Beyond Control and 700 Feet From the Top Its Bottom Dropped Out—Other Serious and Fatal Accidents.

Toronto, Nov. 3.—The first Toronto victim of the hunting season is Herbert Goad of 351 Howland avenue, and the circumstances of his death are pathetic. He went to Trout Creek, in the Parry Sound district, to visit his brother-in-law, having been in ill-health for some time. With him were his wife and infant child. On Tuesday he was out hunting. In climbing over a fallen log, he placed the butt of his gun on the ground, the muzzle pointing towards him. In some way the gun went off, and the charge entered his abdomen, the intestines being riddled with buckshot. The unfortunate man lingered in agony until midnight. Deceased was 35 years of age and was employed with Jones Bros. & Co. The body was brought to Toronto last night.

ONE BLOWN TO ATOMS.

Dynamite Explosion Injures Forty and Wrecks Many Buildings.

Mount Vernon, N. Y., Nov. 3.—A terrific explosion of dynamite which occurred here yesterday afternoon, caused injuries to about 40 persons and did damage to property that is estimated at \$100,000. It is feared that one life was lost. An Italian who was guarding the box containing the dynamite, has not been seen since the explosion, and it is believed that he must have been blown to atoms.

About 35 or 40 other persons are reported to have been cut by flying shrapnel or otherwise injured, but their injuries are said to be not serious. Telephone and electric light wires are all down and the district looks as if a cyclone had swept over it.

Ten Crushed to Death.

Wilkes-Barre, Pa., Nov. 3.—Ten miners were crushed to death or drowned in the Auchincloss shaft of the Delaware, Lackawanna and Western Company at Nanticoke yesterday. The victims, with the exception of one, are said to be Poles and Slavs.

THIRTEEN MEET DEATH.

Reservoir at Winston, Salem, N.C. Burst and Kills.

Winston, Salem, N. C., Nov. 3.—Thirteen people are known to be dead and many more are missing as the result of the bursting of the reservoir at this place early yesterday. One of the brick walls of the reservoir collapsed, burying the home and family of Martin Peoples. A million and a half gallons of water were released and over a mile of territory was devastated. Thirteen are dead and thirteen residences were destroyed.

Mayor O. B. Eaton is at the head of a large rescue party and search is now being made in the debris for additional victims. The colored settlement in the vicinity of the reservoir was entirely wrecked and the negroes are working diligently with the whites in the search for the missing.

The cause of the disaster was the overflow of the reservoir, and a thorough investigation will be made in order to ascertain if the negligence of any of the employees at the pump station was responsible for it. The reservoir burst without warning and the victims were drowned while asleep in their beds. One couple, a negro man and his wife, floated on their bed for 500 yards. Neither one was injured.

KILLED BY FALLING POLES.

Toronto Workmen Meets With Fatal Accident At Petrolia.

Petrolia, Nov. 3.—In a fatal accident at the Canadian Oil Company's refinery here yesterday, Norman Callan, an employee of the Polson Iron Works, Toronto, was the victim. The unfortunate man was at work on an agitator when struck by some heavy poles which had collapsed, causing his death. An inquest was not held, the remains leaving for Toronto yesterday afternoon.

Deceased, who was 27 years of age, had been in the employ of the Polson Company for the past nine years. He was by trade a boiler-maker, and was sent to Petrolia about a week ago with several fellow workmen to fill a contract for the repairing of a number of oil tanks. He leaves a widow and two children.

Loses An Arm.

Belleville, Nov. 3.—Nelson Smith of this city, an employee of Graham's evaporator, got his arm caught in the belting Tuesday night, and it was so badly smashed that amputation at the elbow was necessary.

The injured man is married and about 40 years of age.

Broke His Back.

Pictou, Nov. 3.—Dennis Roundall, a young man 19 years of age, working on a barn at the farm of M. B. Burr, two miles from Bloomfield, fell off a ladder Tuesday, breaking his back. He died yesterday morning.

Ten Firemen Overcome.

New York, Nov. 3.—Ten firemen were overcome by smoke and gas last night, while fighting flames which consumed a haystack in Brooklyn. Three of the firemen are not recovered, and four of the others are in a serious condition.

Twenty Students Hurt.

Boston, Nov. 3.—At least 25 persons were injured during a clash between students of the Massachusetts Institute of Technology and police reserves shortly after midnight, this morning. Of the number 20 were students. Most of the injuries consist of scalp wounds and body bruises.

A VERDICT OF MEN.

One London Paper Sizes Up the Situation As Regards the Canadian General Elections.

London, Nov. 3.—(C.A.P.)—The Morning Post says: The result of the Canadian elections will be the nature of a national verdict of men rather than on measures. The main issue is the personality of Sir Wilfrid Laurier. After describing his services to his country and party The Post proceeds that it seems unlikely that the most grateful of democracies will dismiss him for Mr. Borden, despite the fact that the Conservative leader has not only done much to consolidate his following, but has proved himself to be a statesman by refusing to compromise any attempt to revive racial or Imperial antagonism by taking the side of Imperial common sense in the controversy brought to a climax by Lord Dundonald's "indiscretion." It has been made clear to the Mother Country and the other colonies that Sir Wilfrid Laurier and Mr. Borden substantially agree over Mr. Chamberlain's proposals for the commercial defence of the Empire.

Our Politics Beyond Them.

London, Nov. 3.—The Birmingham Daily Post says: "The mazes of Canadian politics are too devious and thorny to be readily followed by the English people, therefore the general election in the Dominion has attracted little attention on this side of the Atlantic. Referring to the Grand Trunk Pacific, The Post says: 'The refusal of the Liberal Government to work the gigantic railroad, and the popular support of that refusal, have a significance which ought not to be overlooked.'

ROSS TO THE COUNTRY.

Warrant Will Likely Be Issued On Monday Next.

Toronto, Nov. 3.—It is now certain that the provincial elections will take place on Tuesday, Dec. 6 or 13, and the warrant will be issued on Monday next, Nov. 7. The warrants for the bye-elections, would, according to the act passed in the last session of the Legislature, be issued before Dec. 14, so in order to avoid the bye-elections it is necessary for the Ross Government to go to the country before that date.

The general proclamations are printed and everything is in readiness for the election.

There is one good reason why the proclamation will be issued on the 7th, by this move, the Legislature will endeavor to capture the voters' lists used in the election to-day.

POLITICAL POINTERS.

The Conservative candidate in L'Assomption, M. Caron, has retired from the contest and R. C. Laurier, Liberal, has been elected by acclamation.

A man giving the name of Frank Picotte was arrested Wednesday afternoon at Mariaville. The accusation is that he represented to be from Montreal and commissioned by Hon. L. P. Brodeur, Liberal candidate, to pay for votes. Mr. Brodeur denies all knowledge of the man, and it was at his instigation that the arrest was made.

CANADIAN CATTLE.

Correspondent to the Glasgow Herald Refutes Our Story.

London, Nov. 3.—(C.A.P.)—Patrick Gray, secretary of the Edinburgh branch of the Canadian Store Cattle on the Admission from the Association, writes to The Glasgow Herald, protesting against a previous correspondent's assertions that certain tests had proved that Canadian cattle were largely infected with tuberculosis. He says the tests referred to by the correspondent consisted of tests on foreign cattle or their offspring or on those being cattle connected with foreign cattle, as a result of which an enactment was made that British cattle should be free of the tuberculosis test. Now, according to Mr. Trotter, a veterinary inspector in Glasgow, all Canadian bullocks and cows are practically free, while British cows and a large number of bullocks to a considerable extent suffer from tuberculosis. Either man or nature kills the infected stock of Canada. British cattle bred from tuberculosis stock are constantly in contact with infected.

The Glasgow Herald in an editorial says that Great Britain desired not to debar cattle free from disease, though disease was very prevalent amongst home stock.

Got Most of the Prize Money.

Toronto, Nov. 3.—A. P. Westervelt, the Ontario live stock commissioner, yesterday received a telegram from St. Louis stating that Canadian poultry won \$3,000 out of \$5,000 prize money offered.

LIBRARY BOARD

Politics didn't interfere with the meeting of the Public Library Board last night, as it did with the meetings of some other civic bodies. The Library Board is always good attending to business. Chairman Albert Sheldrick and Messrs. W. J. J. Twohey, Dr. Charteris, William Anderson, Capt. Smith, J. V. Thibodeau and J. W. Humphrey were present. The electric light account, \$10.68, and the water rates, \$9.93, were ordered paid. Some changes in the heating plant was referred to the Building and Property Committee.

The Librarian reported as follows: New books 34, books taken out 1,527, fines \$3.79, card sales \$1.50, and county fees 50c.
