

Gleaned by the Way.

Why does the professor have all of those letters tacked on his name? That shows that he got there by degrees.

ILL TEMPER FROM A BAD LIVER. Can't get any satisfaction in the things which make a man the eyes of the world to a bedfellow. Nothing makes one feel more miserable or more gloomy and discouraged than liver complaint and consequent biliousness and dyspepsia and nothing so promptly and thoroughly cures the liver, right and overcomes these ailments as Dr. Cassell's Kidney-Liver Pills, the great family medicine.

I won't marry you for a gold mine. Indeed! What would you marry me for? Nothing.

So Timkins told you that you looked like your father, Willie? Yes, pa; but if he was my size he wouldn't have dared to say it!

WHY BEAUTY FADES. Real beauty is rare. It belongs to perfect health. Just as soon as the blood gets thin and watery and the nerves become exhausted beauty fades, wrinkles show themselves, the glow of health disappears and beauty craves place for leanness and age. Dr. Cassell's Kidney-Liver Pills, the great blood builder and nerve restorer, is a woman's greatest blessing from youth to old age. A few weeks use of this treatment will do wonders for any woman who is pale, thin, weak and nervous.

What's the matter with Brown? Got pneumonia. How'd he get it? It rained when he was in swimming.

Teacher—Jonnie, this is a very poor excuse. Scholar—Why—why—an I just paid Smarty Smarty two cents for writin it for me!

Shall we stay for the fireworks? asked the old runder who was helping a married man view the sights of the summer garden.

No, thanks. If I stay much longer I will see plenty of fireworks when I get home.

Which is the cow that gives the buttermilk? innocently asked the young lady from the city who was inspecting the herd with a critical eye.

Don't make yourself ridiculous, said the young lady who had been in the country before and knew a thing or two. Goats give buttermilk!

Five minutes after the tardy gong had struck, the principal of the school was walking through the lower hall when he saw a pudgy little fellow scampering towards the first grade room as fast as his fat legs could carry him.

See here, young man, I want to talk to you, called the principal to the late corner.

I ain't got time to talk to you; I'm late already, replied the breathless beginner as the door of his classroom closed.

A horse with an income is King, formerly owned by the late George C. Watts. He is now passing his old age on a farm on a monthly allowance of \$150 left him by his former owner.

Under the will of Mr. Watts, King was to have an allowance of \$200 a year during the period of his usefulness and after that an income of \$150 a month until his death. Billy, a pet dog, also received an allowance, but he died last February. Mr. Watts left an estate of \$100,000, of which a part will go to charity, but the division of estate has been delayed pending the death of the horse of the horse. King is twenty-one years old.—Chicago Tribune.

MIRIAM'S LINGERIE CO. LIMITED. GEORGE—A customer of mine, cared a very bad case of dandruff in a valuable horse of mine of MIRIAM'S LINGERIE CO. LIMITED.

There was a barber in South Bend, who, having been out late the night before, had a shaky hand the next morning and cut a patron's cheek four times. After each accident the barber said, as he sponged away the blood, "Oh, dear me how careless and laughed, and let it go at that.

The patron took all these gashes in grave silence. But when the shave was over, he filled a glass of the ice-cream, took a mouthful of water and with compressed lips proceeded to shake his head from side to side and to toss it up and down.

What is the matter? the barber asked. You ain't got toothache, have you? No, said the customer, I only just wanted to see if my mouth would still hold water without leaking, that was all.

A New Kind of Bread.

An entirely new kind of bread made either of wheat or rye, is becoming popular in Germany, and is likely soon to be introduced into this country. It is made of the whole grain, but not according to any method hitherto familiar.

The grain is germinated by alternate steeping in warm water and aeration, this being accomplished by a simple mechanical apparatus. As soon as rootlets appear it is ready for use, and is crushed to fineness between rollers, after which it is dropped through a chute into an iron trough on the floor below, where it is kneaded by a machine.

The preliminary process is one of matting—similar to the matting of barley. All the water used in the sprouting process, which contains a large part of the mineral salts of the grain, is poured into the iron trough to make the dough. This nothing is lost, the entire substance of the grain being included in the dough, which, with the addition of yeast and salt, is finally formed into loaves and baked in the ordinary fashion.

The bread thus made is said to have a delicious flavor. It is claimed for it that the process of germination makes the substances of the grain much more digestible.

Recurring Headaches. Do THEY BOTHER YOU? You find life a miserable affair because you have headaches, but you have neither nausea nor are you weak.

—You know if you could only prevent headache you would enjoy perfect health.

Such headaches indicate a general lowered condition, because they arise from a general decay of the nervous system.

This depressed condition of the nervous system has its origin in the reduction of quality and quantity of the blood.

The blood is thin—its red coloring is reduced—it contains no nourishment.

The digestive organs are not supplying it with sufficient nutritive matter.

The result—nerve weakness, nerve debility, ill health.

If you had used Ferreroze you would know how powerfully all the digestive and assimilative functions of the body are stimulated.

Ferreroze does more—it supplies all the elements that are essential to the rebuilding of the body—supplies the reconstructive forces that contribute to the formation of rich, red blood.

You see, Ferreroze doesn't treat a symptom—it remedies a cause and absolutely remove every vestige of recurring nervous headaches.

Nothing like Ferreroze to build you up, to give the reserve of forces that happy health that contributes so much to happiness and contentment.

Ferreroze will make you feel like new, try it—sold by all druggists in 50c. boxes.

A man who runs a truck farm in Virginia tells of the sad predicament in which a colored man named Sam Moore, who is in his employ, recently found himself.

Sam had had considerable difficulty in evading the onslaught of a dog from a neighboring farm. Finally, the dog got him as Sam kicked at him.

Sam's wife, hearing a tremendous yell, rushed to the rescue of her husband. When she came up the dog had fastened his teeth in the calf of Sam's leg and was holding on for dear life.

Seizing a stone in the road, Sam's wife was about to hurl it when Sam, with wonderful presence of mind, shouted:

Mandy! Mandy! Don't frow dat stone at de dawg! Frow it at me Mandy!—Youth's Companion.

The Tremble of Old Age. With the advance of years the vital functions of the body slow down. In consequence the organs of secretion suffer, the action of the bowels is lessened and there is no longer healthy circulation.

The brain is congested with blood, giddiness, trembling and cold extremities are common. No assistance is so potent as Dr. Hamilton's Pills. By their direct action on the stomach, liver and kidneys they cause an immediate change.

Mild, free from grip, strengthening and cleansing the whole system, no medicine is so valuable in old age as Dr. Hamilton's Pills of Mandrake and Butterbean. Try these Pills, 25c per box at all dealers.

Ambergis is worth at present 40 50 an ounce. Last year there was used about £120,000 worth of this peculiar substance in the manufacture of perfumes. It is a fatty substance of an ashy gray color with red or yellow streaks in it and is found floating on the sea or taken by whale fisher from the carcass of the sperm whale.

Much is also picked up on the shores of the Bahamas. It is generally agreed that ambergis is secreted by the sperm whale as the result of a disease. It is chiefly bought by scent makers, but is also valuable as a constituent of certain medicines.—London Standard.

How to Cure a Cold. The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Dr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me. For sale at Rand & Drug Store."

"Yes, you might get yourself into trouble." By the way of reply the irate passenger picked up the offending book and carried it through the open window.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL. It Helps Women to Win and Hold Men's Admiration, Respect and Love.

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than most jewelry of feature.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular periods, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. T. E. Gillis, Windsor, N. S., describes her illness and cure, in the following letter:

"When I commenced to take Lydia E. Pinkham's Vegetable Compound I was suffering with weakness and morbid thoughts, headaches, backaches, and that worst of all, tired feeling. I have only taken the Vegetable Compound a few short weeks, and it has made me well, strong and robust. I believe that Lydia E. Pinkham's Vegetable Compound is without equal for female troubles."

Message for Pile Sufferers Mrs. Geo. H. Simons, Grant, Russell Co., Ont., writes—"Eleven years ago I began to suffer with the piles and as they caused me distress and became worse I doctored for them, but with little or no avail. They were bleeding, itching and protruding and the tortures I suffered at times can never be described. It was with suffering that the bowels moved, and as nothing brought relief I could only endure the misery with an aching heart and without hope of cure. "Finally a lady friend told me about Dr. Chase's Ointment curing piles, and to my surprise I felt relief at once on using this ointment, the little tumors soon disappeared, the ulcers healed and the bowels became regular.
