IRON
in medicine is an important part of the
diet in the Industrial Arts. Its use is indicated
in all wasting diseases, where there exists no
muscular power, Sleeplessness, Heartiness
or other functions are deranged, whereby
the system is weakened, and the speediest
rest and cure.

IS
brought about by giving Iron. It directly
increases the red corpuscles, and changes their
pale and shrunken condition to redness and
plumpness, thus the blood is more
cheerful, indigestion and dyspepsia give way,
and you will find that every fibre and
limb of your body is being renewed and
strengthened.

Prepared by Dr. J. E. Storer, Pharmacist,

A MARVELOUS STORY
TOLD IN TWO LETTERS.

FROM THE SON: "On October 23, 1884,
I received from your issue of the 19th inst.
a copy of the 'Princeton Blues,' and the enclosed letter will tell you what
a marvelous effect

Ayer's Sarsaparilla

has had in my case. I think my blood must
have been completely purified by the
use of it; but it did not show in the form
of a scrofulous sore on the wrist, until about
five years ago. From a sore spot which
appeared at that time, it gradually spread so
as to cover his entire body. I assure you he
was terribly afflicted, and an object of pity
for many of his friends. I was very much
pleased to hear of the success of the
SARSAPARILLA in April last, and have used
it regularly since that time. My condition
has improved to such an extent. The sore has
all healed, and I feel perfectly well in every
respect—being now able to do a good day's
work, although 73 years of age. Many inquire
what has wrought such a cure in my case, and
I tell them, as I have here tried to tell you,
that it was the use of the old gun again, and, after
elaborate preparations planted it where it
is now, and where it has remained ever
since.

AYER'S SARSAPARILLA Cures Scrofula
and all Scrofulous Complaints, Erysipelas,
Eczema, Ringworm, Itch, and all
skin diseases, and restores the system to
its normal state.

Prepared by
Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists, 25¢ and 50¢ bottles.

A Lesson in Swimming.

A seal-mother gives a curious display
of maternal solicitude in teaching her
calf to swim. First taking hold of it by
the flipper, and for a while supporting it
under the water, she then allows the
youngster to drift, leaving it to shift for
itself. In a short time, the little creature
becomes exhausted, whereupon she takes
a fresh grip on its flipper, and again sup-
ports it till it has recovered breath,
after which there is another push off,
followed by a new attempt to swim. The
same process being several times repeated
till the end of the lesson.—From the
Land of Fire, by Mayne Reid.

The government will introduce a bill
in the House of Lords to enable the
British colonies in Australia to organize a
confederation.

THE CATHEDRAL OF CHIMUAHA.
The most notable Architectural Edifice
in America.

The Cathedral City, as this State
Capital is named, has very little of con-
spicuous interest unassociated with you,
elle, Nive, Orles, Toulouse, Peninhu,
Waterloo, South Africa, 1846-7, South
Africa 1851-2, Alma, Sebastopol, Luck-
now, Ashantee, 1882, and Tel-el-
Kebir. The first battalion to which Lt.-
Col. R. C. Convery belonged to the 42nd
regiment, the second battalion, the 73rd
regiment, and the third, the 101st
regiment, were all engaged in the
Egyptian campaign, the second being
engaged at Aldershot, and the third at
Perth. The regiment while quartered at
Aldershot, was noted for the determina-
tion ever prevailing among them to be at
the head of the host on all occasions. If
one of the other regiments gave a ball,
the Black Watch would follow on with
one more brilliant; if another corps held
a grand review, the Black Watch would
kind, the ensuing sports of the Highland-
ers would be made ever so much better,
and nothing would persuade them from
relinquishing their position. The motto
of the regiment, "Nemo in unum
lacet," is an index to their plucky na-
ture.

THE "BLACK WATCH."

The Black Watch regiment, or Royal
Highlanders, can boast of a record hardly
surpassed by that of any other corps in the
army. Upon their colors appear the
names of Mangalore, Seringapatam, Egypt,
Ceylon, Flonates d'Alger, Fenyes, Nile,
