The photographers of the Maritime provinces are organizing a society to be known as the Maritime Photo Exchange. The object of the Association is the exchange of photos every month between the members for friendly criticism. On the first day of the month each member sends out a photo to the next higher member and he in turn sends it on to the next mailing criticism to the photographer who sent it out. The officers of the Association are as follows: President—G. A. Keith, Sackville, 1st Vice—Jas. Beyer, Charlottetown, 2nd Vice—W. M. Munroe, Pictou, 3rd Vice—J. V. Messer, Chatham, Secy—E. S. W. Newcastle, like the nations that have been at war in the Far East, has proclaimed the open door policy. Her open door leads to a bar, and it is not only open but wide open. Liquor is sold there now as freely as in Chatham, and if anybody is fined for selling it, the fact is carefully suppressed in the local paper. Newcastle's strong phalanx of staunch prohibitionists do a lot of grumbling, but show no sign of grappling with the enemy in a practical way. But it is said that there will be something doing before long.—World. The above is true in some respects and it is to be regretted, Newcastle and Chatham does not appear to be even enforcing the Act to regulate the sale of liquor.
