

### MRS. WILSON MAKES A GAIN OF 20 POUNDS

Neighbors So Amazed By Her Wonderful Recovery That Many Of Them Are Now Taking Tanlac.

"My recovery by taking Tanlac was so remarkable that my neighbors were all amazed and many of them started taking it," said Mrs. Clare Wilson, Tankville, West Co., N. B.

"My health began to fail five years ago and I grew gradually worse right along. To make bad matters worse I was stricken with influenza and that left me in a truly deplorable condition.

"It was certainly a lucky day for me when my husband persuaded me to try Tanlac and it was no easy task, either, for I was so thoroughly discouraged that I didn't believe anything could help me. I am like a different person in every way, my digestion is perfect, I have gained twenty pounds in weight and I am in the best of health and spirits now."

Tanlac is sold by all leading druggists.

The man who goes fishing or camping and who carelessly throws cigarette stubs about or neglects to put out the last vestiges of any fire he starts to boil a pot of water may do more damage to his native province than he can repay by a lifetime of hard work.

### RADIO STATION TO BE INSTALLED AT MT. ALLISON

Arrangements are now under way for the installation of a radio service station at the Mt. Allison Conservatory of Music; so that it will be possible to link up with New York and other large cities and listen to concerts, lectures, etc., being given in those places.

The apparatus will be erected on the roof of the Ladies' College building, which gives a height of 150 feet and 100ft. in length for the receiving wires. A loud speaking amplifier will be installed, so that the college students and citizens will be able to sit in Beethoven Hall and listen to music by wireless.

Radiophones on a more or less pretentious scale, are being installed by private citizens in many cities and towns all over Canada. Mr. K. Rogers, of Charlottetown, P. E. I., the well-known fox rancher, has installed a radio station apparatus at his residence, and is able to entertain his friends with concerts being given in New York and other large centres.

When the radio station is installed here, Sackville and Charlottetown will be able to reciprocate with concerts, lectures, etc.

Never leave a camp-fire, even for a short time, without quenching it with water and then covering it with earth.

### SIR ROBERT BORDEN THROUGH WITH POLITICAL LIFE

Toronto, March 27—Political and Washington conference subjects were strictly banned in an interview with Sir Robert Borden, ex-Premier of Canada, at the York Club today.

I don't want to talk about the conference," Sir Robert said. "There will be a report laid on the table of the House soon of all I have to say. I am making a report to the Prime Minister." And as for politics, Sir Robert intimated that he was done with that vexatious life for good and all. He stated that he would have nothing more to do actively in political affairs. "I'm through with political life," he declared. Sir Robert said that he was just in the city for the day attending a meeting of the Legislative Council of the League of Nations in Canada, to be held here this afternoon. Afterwards he is going to Montreal on the work of the same society. A similar meeting will be held there tomorrow.

### DEATH OF ONE OF KENT COUNTY'S PROMINENT MEN

Mr. W. J. Brait, Well Known Merchant of Rexton, Passed Away Monday Morning.

Rexton, N. B. Mar. 27—One of the most prominent men of Kent County in the person of Mr. W. J. Brait, the widely known merchant, passed away at his home here this morning at the advanced age of 90 years. Mr. Brait had been in business in Rexton for more than sixty years and he was probably the oldest merchant in the county. He was the leading merchant of Rexton and his extensive trade with the country people for miles around made him one of the best known men in the northern part of the county. The firm name was J. & W. Brait, the late J. W. having been associated with his brother, John, in the business at its inception. John Brait died about thirty-five years ago and the business had been continued since by J. W. Brait, who for some years past had associated with him his nephew, Mr. A. B. Carson.

The late Mr. Brait was a native of Rexton and was the son of the late William Brait, who came from Scotland and settled in Kent County about a century ago.

Up to about two years ago deceased had been quite active but since that time had been in failing health, the end coming quite suddenly at the last.

Deceased never married and his nearest surviving relatives is his nephew, Mr. A. B. Carson, of this place.

The late Mr. Brait had been a life long Conservative and was a staunch member of the Presbyterian Church. He was very highly esteemed by all who knew him, being a man of great integrity and high ideals.

The funeral will be held Wednesday afternoon at two o'clock.

### THIRD TRIAL OF JOHN PARIS ON APRIL 25TH.

The third trial of John Paris, the Truro, N. S. mulatto, who is charged with the murder of Sadie McAuley, a crippled girl at St. John, in August last, is now slated for trial on Tuesday, April 25th.

Hon. James P. Byrne, Attorney General, said that a motion for adjournment until that date would be made on his behalf by Dr. W. B. Wallace, K. C., when the St. John circuit court opens before Mr. Justice Barry. His duties at the Legislature now in session, prevent the Attorney General from attending court at present.

On Paris' first trial the jury disagreed; on the second trial he was convicted and sentenced to be hanged on March 31 but the court of appeal ordered a new trial.

### SWEDEN GOING IN STRONG FOR ELECTRICITY

Electricity has conquered one-third of the entire cultivated area of Sweden, according to the latest official reports.

If Sweden continues electrifying at the present rate it will only be a few years till almost the whole country will be run by electricity.

Most of the farms within the electrified area are now tapping the new source of energy, and nearly all the power used in the daily labor on these farms is derived from the high-power lines which span whole sections of the country.
