MONCTON AND THE RAILWAY

Moncton is up in arms over the action of the C. N. Railway Board in making River du Loup and Monk the western terminal of the Atlantic division of the Canadian National Railway. As a consequence Moncton is losing a number of its citizens, and will no doubt lose many more in the near future. It is without doubt, most discouraging for the railway town and means a great loss to this enterprising city. Other towns and cities in the Maritime Provinces are also considerably peeved over the situation, and good reasons they have for being so. Whatever hits one of our Maritime towns hits every town more or less in the provinces by the sea. We in the Maritime Provinces have never been fairly treated by the federal governments, but never have we been hit so hard as at the present moment. Some concerted action on the part of our citizens must be taken immediately and if the present Thornton orders can be rescinded, no stone should be left unturned in doing so.

It is hoped that something definite in the way of action will be arrived at by the joint meeting of the Maritime Province Boards of Trade to be held in Amherst on Friday.

It would seem that one of the best methods to pursue would be to ascertain where each and every Maritime Province member stood in the matter, and there should be only one attitude for them all, namely, shoulder to shoulder to a man, to safe guard the Maritime Provinces. If they would do this, we have but little fear of the result. But the question naturally arises will they do it?

Hon. A. B. Copp, Secretary of State and Minister for New Brunswick in the King Government is apparently doing or saying nothing. Why such silence? In the last federal election Moncton and Westmoreland County gave Mr. Copp more than 7000 of a majority, and he received this because of the promises held out by Hon. Mackenzie King. By his present attitude, is he not giving Moncton and the Maritime Provinces pretty mean treatment? Nova Scotia's Minister the Hon. Mr. Fleming is also inactive in the matter. The sooner the Maritime Provinces become one province, the sooner will we receive the treatment which we deserve.

It is a well-known fact that the railway vote, in a large measure, was responsible for the downfall of the Meighen administration, especially was this so in Westmoreland Co.

PILES
Do not let the itching, burning, and smarting of piles drive you to despair. No matter how long they have been present, they can be cured. The only reliable treatment is the use of Chamberlain's Pile Remedy. It is a simple, safe, and effective remedy for all cases of piles, whether internal or external. It is sold in bottles of 25 cents and 50 cents. Write for a free trial bottle to Chamberlain Medicine Co., Smallwood, N.S.

Mrs. A. Daniels' Nerve Pain Was Prostrated

Bed Ridden From Neuritis, Toronto Woman Takes Tanlac and Now Restored—Gains 16 Lbs

Mrs. Ada Daniels, 29 First Ave., Toronto, Ont., reports a gain of sixteen pounds in weight and relates an experience with Tanlac that will be of interest throughout Canada.
"Before I got Tanlac," says her statement, "I had lost fifteen pounds and was down in bed suffering unmercifully. Neuritis had affected my whole system so awfully that I could scarcely move a muscle in my body. I had no appetite, and suffered such agony from heart palpitation and gas on the stomach that I had to prop myself up in bed at times in order to get my breath. I was just racked with pain and misery, and my nerves were so shattered that many nights I couldn't sleep a wink."
"Tanlac has rid me of rheumatism two years previous, so I took the treatment again, and have gained sixteen pounds and feel as fine as I ever did in my life. Tanlac has done me so much good I can't resist telling everyone I can about it."
Tanlac is for sale by all good druggists. Over 35 million bottles sold.

Hockey Executive To Try To Adjust Northern Trouble

Shediac and Bathurst Contend Referee of Chatham-Shediac Game Was Ineligible—May Mean Change in Play-off Date

Fredericton, Feb. 25—The executive of the New Brunswick and P. E. Island hockey league have been called to meet at Moncton tomorrow to settle a squabble in the northern section of the league. The trouble is over the recent game played by Chatham at Shediac and won by the former by a score of 10-3, therefore clinching the title of the northern section for the Miramichi team.

The protest is based upon the claim of Shediac, backed by the Bathurst club, contenders for the sectional title, that Anthony Veno, a playing member of the Chatham Hockey Club, was ineligible to act as referee under the league constitution. It is contended that he was appointed by G. T. O'Brien, of Chatham, vice-president of the northern section, when Weatherbee, the referee agreed upon, failed to appear from Springhill.

The winners of the northern section are due to play in Charlottetown on February 28. If the game should be ordered re-played, a revision of the schedule for the play-off for the championship will be necessary.

where the axe is now beginning to be felt. If Mr. Copp came back today to the people, instead of receiving a majority of 7000 he would be defeated by 7000, and we are rather inclined to think that the same thing would apply to every Maritime Province member, because of their inaction in the present crisis.

Promises are easily made, when looking for votes but once elected they are as easily forgotten. However, the electors in these provinces and especially those, who are employees of the railway have learned their lesson, and will not easily forget the way they are being treated by those whom they elected as their representatives.

But for the present at least all thoughts of party should be thrown into discard and one and all should insist that every Maritime Province member should get in line and safe guard our and their rights. If they fail to do this, then there will be only one thing left for us to do, and when we do it, we will do it in a way that will be remembered for a long time. We will be satisfied if the same work is done of every member's part.

PICTURE IS UNIQUE

Syrian Quarter of New York Finely Shown in "Anna Ascends"

Every day in New York City thousands of persons pay a dollar each to be shown how "the other half" lives. They climb into hard-riding "rubber-neck" busses and listen to stereotyped speeches from sophisticated guides to satisfy their curiosity about the lower east side, Chinatown and the Bowery. For those who cannot go to New York Alice Brady's latest Paramount picture, "Anna Ascends," which will be shown at the Empress theatre next Wednesday and Thursday, gives an accurate picture of the Syrian quarter in New York. The photoplay, which deals with the rise of a Syrian immigrant girl, depicts the lives of these people. Sjad Coury's coffee house, shown on the screen, is an exact reproduction of one of Washington street's most interesting coffee houses. And the strange thing about it is that there is a coffee house keeper in New York who goes by the name of Sjad Coury. No fiction here. It is actual stuff.

Both Miss Brady, who plays the leading role of Anna, and Edward Durand, who is Sjad, spent many hours in the Syrian district studying the types which they depict on the screen. Director Victor Fleming has given the picture such a realistic background that it is bound to be of great interest to those who like to know how foreigners live in New York, the center of the American melting pot.

Winter Hard On Baby

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels, and break up colds. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.

FLU CENSUS

The Department of Health of New Brunswick is to circularize the medical profession of the province at once with reference to reports of epidemic influenza. Physicians are to have their attention directed to the fact that reports are being received from adjoining states and provinces of the occurrences of cases of la grippe. The doctors are to be asked to be careful to report to the department any cases of genuine epidemic influenza.

MONCTON MAY GET THREE NEW INDUSTRIES

It is learned on good authority that three new important industries are seriously considering locating at Moncton, but plans as yet are so immature that nothing definite can be given out concerning them. An option on a site has been secured by one of the firms which is planning to establish a plant there.

Sheriff's Sale

There will be sold at Public Auction in front of the Court House at Newcastle, at three o'clock in the afternoon on Friday, March 9th, 1923, ONE AUTOMOBILE, Baby-Grand, Chevrolet, the same having been seized by me under Writ of Fieri Facias issued out of the Saint John County Court, against McKay Dickson.

W. F. CASSIDY,
Dated at Chatham, N. B., Sheriff, Feb. 26th, 1923.

A BOYS' PILGRIMAGE TO ALASKA

George K. Buchanan and the fifty boys he will take to Alaska.

S.S. "Princess Louise"

Between Vancouver and Skagway the Canadian Pacific steamer "Princess Louise" passes through hundreds of miles of such beautiful sheltered waterways as this.

The wonderful totem poles of an Alaskan Indian village.

GEORGE E. BUCHANAN, a Chatham, Ont., boy who is now a prosperous coal dealer in Detroit, attributes his success largely to an offer made him when he was a boy that he would have a trip to Europe if he saved up a third of the cost. The offer was made by a friend who promised to lend a third provided George's father lent the other third, the loans to be repaid when George could afford to do so. Here was a real incentive for saving, and when the trip was made it proved of an educational value that has stood him in good stead all his life. Last year Mr. Buchanan made a trip to Alaska, and the idea occurred to him of making the same kind of offer to other boys that he had himself enjoyed in his own youth. But the trip should be to Alaska and not to Europe. As soon as he made the announcement, he was inundated with applications, and a large party of Detroit boys has already been booked to sail from Vancouver on the Canadian Pacific steamer "Princess Louise" on July 14th. Mr. Buchanan will personally conduct the tour which he is thus offering to other boys. He has seen a trip would have been worth \$2000 to him if he had taken it himself in his own boyhood because of its educational and broadening influences.

The Rev. Lynn Harold Hough, pastor of the Central Methodist Church, William Livingstone, president of the Dime Savings Bank, and Circuit Judge Joseph A. Mayhew have endorsed Buchanan's scheme as an unusual opportunity for boys to learn the value of thrift and industry. But the trip will have still other benefits, as Mr. Buchanan has asked these boys to save up for months and take that wonderful trip up the island-sheltered waters of the Pacific Coast without its having a tremendously stimulating effect upon their imagination, and upon their future modes of thought and life. From Vancouver up to Skagway and back is a nine-day trip that can never be forgotten. The yacht-like "Princess Louise" glides over a still sea among countless islands that rise for miles or mountains on either side against a snow line of snow-capped mountains peaking the Indian villages of Alaska with their totem poles are unique, and they too will have a special charm for these fifty Chatham boys.
