THE LIBERAL PLATFORM AS ADOPTED AT THE CONVENTION HELD AT OTTAWA.

June 20th and 21st, 1893. FIRST DECLARATION - THE TARIFF.

We, the Liberal Party of Canada, in Convention assembled, declare: 1. That the customs tariff of the Dominion should be based, not on its own, upon the protective principle, but upon the requirements of the public service;

2. That the existing tariff, founded upon an unsound principle, and used, as it has been by the government, as a corrupting agency wherewith to keep themselves in office, has developed monopolies, trusts and combinations;

3. That it has decreased the value of farm and other landed property; It has oppressed the masses to the enrichment of a few;

4. That it has checked immigration; It has caused great loss of population; It has impeded commerce;

5. That it has discriminated against Great Britain. In these and in many other ways it has occasioned great public and private injury, all of which evils must continue to grow in intensity, as long as the present tariff system remains in force.

6. That the highest interests of Canada demand a removal of this obstacle to our country's progress, by the adoption of a sound fiscal policy, which, while not doing injustice to any class, will promote domestic and foreign trade, and hasten the return of prosperity to our people.

7. That to that end, the tariff should be reduced to the needs of honest, economical and efficient government.

8. That it should be so adjusted as to make free, or to bear as lightly as possible upon, the necessities of life, and should be so arranged as to promote free trade with the whole world, more particularly with Great Britain and the United States.

9. We believe that the results of the protective system have grievously disappointed thousands of persons who honestly support it, and that the country, in the light of experience, is now prepared to declare for a sound fiscal policy.

10. The issue between the two political parties on this question is now clearly defined. The government themselves admit the failure of their fiscal policy, and now profess their willingness to make some change; but they say that such changes must be based only on the principle of protection.

11. We denounce the principle of protection as radically unsound, and unjust to the masses of the people, and we declare our conviction that any tariff changes based on that principle must fail to afford any substantial relief from the burdens under which the country labors.

12. This issue we emphatically accept, and upon it we await with the fullest confidence the verdict of the electors of Canada.

13. That having regard to the prosperity of Canada and the United States as a whole, and to the most friendly relations and broad and liberal trade intercourse between them;

14. That the interests alike of the Dominion and of the Empire would be materially advanced by the establishing of such relations;

15. That the period of the old reciprocity treaty was one of marked prosperity to the British North American colonies;

16. That the pretext under which the Government appealed to the country in 1891 respecting negotiation for a treaty with the United States was misleading and dishonest and intended to deceive the electorate;

17. That no sincere effort has been made by them to obtain a treaty, but that on the contrary, it is manifest that the present Government, controlled as they are by monopolies and combines, are not desirous of securing such a treaty;

18. That the first step towards obtaining the end in view, is to place a party in power who are sincerely desirous of promoting a treaty on terms honorable to both countries;

19. That a fair and liberal reciprocity treaty would develop the great natural resources of Canada, would enormously increase the trade and commerce between the two countries, would tend to encourage friendly relations between the two peoples, would remove many causes which in the past provoked irritation and trouble to the Governments of both countries, and would promote those kindly relations between the Empire and the Republic which afford the best guarantee for peace and prosperity;

20. That the Liberal party is prepared to enter into negotiations with a view to obtaining such a treaty, including a well considered list of manufactured articles from the funds of the railway company, which, while paying the political contributions to him, a member of the Government, with one hand, was receiving Government subsidies with the other.

21. The conduct of the minister and the approval of his colleagues after the proof became known to them are calculated to degrade Canada in the estimation of the world and deserve the severe condemnation of the people.

22. We cannot but view with alarm the large increase of the public debt and of the controllable annual expenditure of the Dominion and the consequent undue taxation of the people under the governments that have been continuously in power since 1878, and we demand the strictest economy in the administration of the government of the country.

23. That the Convention regrets that by the action of Ministers and their supporters in Parliament, in one case in which serious charges were made against a Minister of the Crown, investigation was altogether refused, while in another case the charges preferred were altered and then referred to a commission appointed upon the advice of the Ministry contrary to the well settled practice of Parliament; and this Convention affirms:

24. That it is the ancient and undoubted right of the House of Commons to inquire into all matters of public expenditure, and into all charges of misconduct in office against Ministers of the Crown, and the reference of such matters to royal commissions created upon the advice of the accused is at variance with the due responsibility of Ministers to the House of Commons, and tends to weaken the authority of the Executive Government, and the political control afforded to the people by the powers of their representatives in this regard should on all fitting occasions be upheld.

25. That in the opinion of this Convention the sales of public lands of the Dominion should be to actual settlers only, and not to speculators, upon reasonable terms of settlement, and in such areas as can be reasonably occupied and cultivated by the settler.

26. That the Franchise Act, as its introduction has cost the Dominion Treasury over a million of dollars, besides entailing a heavy expenditure to both political parties; That each revision involves an additional expenditure of a further quarter of a million;

27. That this expenditure has prevented an annual revision, as originally intended, in the absence of which young voters entitled to the franchise have, in numerous instances, been prevented from exercising their natural rights;

28. That it has failed to secure uniformity, which was the principal reason assigned for its introduction;

29. That it has produced gross abuses by partisan revising barristers appointed by the Government of the day;

30. That its provisions are less liberal than those already existing in many Provinces of the Dominion, and that in the opinion of this Convention the Acts should be repealed, and we should revert to the Provincial Franchise.

31. That the Gerrymander Acts, the electoral divisions for the return of members to the House of Commons have been so made as to prevent a fair expression of the opinion of the country at the general elections, and to secure to the party now in power a strength out of all proportion greater than the number of electors supporting them would warrant. To put an end to this abuse, to make the House of Commons a fair exponent of public opinion, and to preserve the historic continuity of counties, it is desirable that in the formation of electoral divisions, county boundaries should be preserved and that in no case parts of different counties should be put in one electoral division.

LAURIER AT LACHUTE. He Deals the Tories Some Stinging Blows.

Corruption Rampant at Ottawa. Speaking at Lachute, Quebec, the other night, Hon. Mr. said:

What I like best about the address which has just been presented, is the reference to the fact that my hands are clean. Now, I suppose most of you will think that isn't much out of the ordinary to be so proud. There are about a thousand of people present, and I presume the majority of them consider that their hands are pretty clean and that they don't feel unduly proud of it. Perhaps you don't, my friends, but then you don't live in Ottawa, and you are not surrounded by the Ottawa atmosphere. The present government seems to have an idea that the people exist for it, and not that it exists to do the will of the people. One would sometimes almost think we had gone back to the feudal times to see the manner in which the present government treats the people of this Dominion. Here we are, presumably,

UPON THE EVE OF AN ELECTION. The parlor concert held at Mrs. E. Gordon's last week, was largely attended. The music, both vocal and instrumental, was exceptionally good. The amusement of the evening was greatly enhanced by the arrival of three foreigners upon the scene. Their quaint appearance and odd manners afforded no little fun. They were travelling westward.

Our store-keeper, Mr. J. Clark, has had trade increased to such an extent that he has thought it expedient to furnish himself with a larger shop. He has fitted up a large shed for the purpose and it seems to be as full and well stocked as the smaller one was. Mr. Clark is the right man in the right place. One is always sure to be suited at his shop with both goods and prices.

Mrs. F. Gordon is quite ill, suffering from an attack of congestion of the lungs.

Durham. MARCH 12.—We have had bad roads all winter but hope to see them improve now. With the exception of David McSwain, all the men have returned from the woods, and we hope soon to see him. Our temperance lodge has been shut up during the winter and we hope to see it opened up as soon as Mr. McSwain arrives. We hope and expect to see more interest and more done for the temperance cause this summer than last.

Silas Hanson has started out on a hunting and gunning expedition. William Stewart, who has been very sick, we are glad to learn, is some better. Oliver Pond, who has been laid up with rheumatism, is improving.

THE NEWS IN QUEENS. Upper Gasquetown. MARCH 6.—Mrs. Hopper, wife of Rev. E. Hopper, pastor of Baptist church, fell on the ice and broke her wrist. Dr. Pete, of Orancton, set her wrist.

Miss Ada Coy is no better and is falling slowly. Solomon Randall is still quite poorly. Jacob Estey, who has been laid up with a cut foot, is around again.

Miss Day, of Sheffield, took charge of school in district No. 5, on Mar. 4. Alex. Dunge, Hedy Hoben, Frank Boyd, Harry Dunge and Abraham Estabrook have all returned from the upper lumber woods.

William Christie, of Boston, is spending a short time here, stopping at his sister-in-law's, Mrs. J. E. Coy. It has been nine years since he was here last.

The S. S. convention which was held here on the afternoon and evening of Feb. 22, was not as largely attended in the evening, on account of a snow storm in the afternoon preventing strangers from coming. Mrs. M. Laughlin, of Gasquetown, presided at the organ.

People here have commenced to lay in store their usual amount of ice. The schooner Dawn is to be fitted out with a new mainsail in place of one which was carried away last fall in a gale of wind, and an addition of a flying jib. The Dawn will go back to her old fishing haunts as soon as the ice leaves.

Gasquetown Station. MARCH 6.—George W. Kirkpatrick, Jr., and Andrew Turner, of some home from Maine. They report a very fair winter for lumbermen.

The weather is getting colder than it was a few days ago. Our school is making good progress.

Game Law Amendments. The amendments to the game laws will prove of interest to all sportsmen. As regards big game—moose and caribou—the bill prevents hunters from snaring or trapping them and places the open season, September 30 to January 15, to September 15 to January 1 for each year. It is also provided that all hunters must get a license from the game warder of their county, paying therefor a fee of \$2. The other provisions of the bill refer to the shooting of birds. One section prevents, for three years, the shooting for sale of partridges. The section does not interfere with the shooting of birds by sportsmen. The provision of the game law regarding black duck and teal are extended to all sea duck and all other wild duck. Killing after dark by any means of ducks, geese, etc., is prohibited. A section prevents the destruction of gulls' eggs along the Bay of Fundy after the 24th June.

WOMEN WITH MOUSTACAE. One of the old fozies who spend their days compiling disagreeable statistics, says that moustaches are more common among women now than formerly, and that fully 8 per cent of the women are thus adorned. This is nonsense. Probably this current notion's eyebrows are so thick and overhanging that everything he sees appears to have whiskers. In the countries of the Latin race—Italy, France and Spain,—women with moustaches are plentiful enough. There is the Queen of Spain, for one. She does not mind it, for women with downy lips are admired in those parts of the world. Among women of the Teutonic race, on the contrary, there is a squeamish distaste for them, probably because they are so rare. Women in England are not sporting moustaches along with other institutions which man has surrendered to or divided with them.

Blomfield Ridge. Feb. 28.—After quite a long silence I again write a few lines to let you all know that I am still in the land of the living.

This has been a fine winter for the lumbermen. Davis & Brother have finished their operations on Heavy Brook and gone home feeling quite satisfied with their winter's work; J. Pond and M. Spencer expect to finish this week; N. Smith and A. McDonald are doing big work this winter, they have good teamsters and they are greatly in need of lumber; B. Boies drives the leading team.

J. McDonald and Archie Greer are doing a large stroke of butchering; they killed five sheep for J. P. Boies one day last week, and did it in short time; every twenty minutes there would be a sheep killed and dressed; well done, boys, try it again.

S. Price is doing great business on Hayes' Brook; it is reported that one of his teams hauled 3502 feet; it is hard to be beat.

Miss Maude Hince has gone to take charge of a school at Sussex; she will be greatly missed.

Mrs. S. Greer has returned home after spending three weeks in Boies town.

Our new doctor is well liked by the people here and though times for doctors are dull, we hope he won't get discouraged.

Amey E. Calhoun was the guest of Mrs. C. E. Boies last Sunday.

Carrie Spencer expects to go to Doaktown to work in the new hotel; may be as well liked there as she is here.

N. Munn made a flying visit to Boies town Monday.

John A. Spencer made a flying visit last week; he brought his wife a beautiful watch and a pocket watch; may be as well liked there as she is here.

H. Hince passed through here to-day en route to his lumber camp; he is doing a flourishing business this year.

News is very scarce in this section at present, but we are glad to report that we are free from sickness.

There are rumors of another wedding here in the near future; boys, get your horns and cow-bells ready.

W. M. Ready passed through our settlement quite often on his way to Taxie river.
