It has been expressed by one of the candidates for Mayor that owing to the condition of civic finances it will be impractical to do a great deal regarding city improvement.

I am personally of the opinion that a great deal can be done with very little expenditure to make St. John' a better city to live in, and I propose using a littl newspaper space during the next few days to embod my suggestions in this respect, which suggestions, in the event of my being returned, I shall advocate strenu ously, having always due regard for the taxpayers' pockets.

#### SUGGESTION No. 2. THE PAVING OF NEW GOWER STREET.

If the pedestrian using Water Street has to put up wit being splashed with mud, at certain seasons of the year t ple doing business on New Gower Street have to wade in up to their middles. Some of the most enterprising and i trious of the city's merchanis have thein places of busine the "middle street" and these foles have been thandfully ne lected in that New Gower Street has not been paved years as (By "payed" I certainly do not mean the mess of rough cot nes which passes for paving on Water Street, but clean. du able, non-slippery paving such as is used on the business streets of many Canadian and American cities. In the cost of paving New Gower Street would be negligible
