STO TIME HIS IS MY THIRD TIME OF ASKING

That my actions at the Council Board the first time, were appreciated, over eleven hundred people testified at the last election, and now at the request of a majority of those electors, I have again decided to comply with their request, and to ask you Ladies and Gentlemen voters, for a continuation of that confidence at the coming election. Should I again be elect-ed, I will pledge myself to help carry out to the best of my ability, any same scheme that will tend to the making this my native town a brighter, better and cleaner city, having due regard to the cost to those who will have to pay for it.

A word in season, however. Should those contem-plated improvements be carried out, I am convinced that extra taxation will have to be put on an already overtaxed people, for I am one with Mayor Cook who, a short time ago told the people that they cannot make brick without straw.

Thanking you in anticipation, yours truly, S. G. COLLIER. **ONE FOR COLLIER** nov9,12i,eou
