SAM SAVAGE WILL QUIT PRESIDENCY

He Has Too Much Business on Hand to Hold The Job-Meeting to Decide Tonight

A meeting of the executive of the Calgary professional baseball club will be held this evening. This will be an important meeting, in which several matters pertaining to the club will come up for discussion.

It was announced on Saturday that Sam Savage will resign his office at this meeting. Mr. Savage has already sent in his resignation and it will be read at the meeting on Monday. His reason for resigning is business pressure. During the summer Mr. Savage expects to be very busy and cannot spare the time to baseball which is necessary for the position.

The decision of President Savage will be regretted by the lovers of baseball. He has done splendid work in connection with the club, and that his services will be missed is putting it mildly.

While not wishing to hold any office

While not wishing to hold any office Mr. Savage will continue to be a big shareholder of the club and will give the game all the support in his power. Who will fill Mr. Savage's position is not known. There are two possibilities before the club in Mr. Hal Middleton and Secretary T. A. Hornibrook. Whether these sentlemen will account Whether these gentlemen will accept the position remains to be seen. On Saturday President Savage received several letters pertaining to baseball affairs. Among the important ones was one from Bill Carney and Manager Brown of the Vancouver Beavers. The Calgary manager gives a good account of his progress. He announced that today is the day of all days, when the Calgary baseball playdays, when the Calgary baseball players, old and new, will report to him at Seattle. Carney expects some eighteen players to report right away. There are two or three who are trying out with Vancouver and Seattle, but these

will remain with their clubs for a few days, until the weeding-out process Manager Brown states that he will in a day or two divulge the names of the men promised to Calgary. These players have been doing real stunts in the test games at Vancouver between the regulars and Colts. Two of Carmen had two hits each at four

It looks as if this team will be plenty strong enough to give Bill Carney's band of bell tossers a good rub, and Bill will have to work hard to keep the local players from slipping a few games over on him.

All ball players who are strangers in the city are welcome to try out for the team, and as there is to be no favoritism shown, the positions will be given to the most competent men. Charlie Crist states that he will give up the management of the semi-pro-team after the Western Canada league season opens. The team will then be turned over to Chandler of the Home Plate. Under Chan's management he will see that the team gets plenty of

practice and games.

With the fast teams in the southern and Central Alberta leagues the semi. pros. will get lots of matches. Then again there will be the Brewery cup and Alberta championship to look after and there promises to be many chal-lenges this summer in these competilenges this summer in these competi-tions. Chandler is a good man, hav-ing prayed, as all fans know, on the Calgary 1907-9 professional teams, and from the players he will have they should easily be able to defend the Brewery trophy against any other team in Aberta.
