New York, June 30 .- A dispatch to he World from Berlin says: The World correspondent repeats, on the best of authority, that Admiral Diedrichs, in command of the German fleet in Asiatic waters, will not act alone at Manila. His instructions are to do nothing without the consent of Admiral Dewey and the concurrence of the other foreign commanders. Yet private dispatches from Madrid report that the Spanish authorities and | plainly heard. the populace at Manila place their whole hope on Admiral Diedrichs. They confidently believe that he will not

permit a bombardment. Offense is taken here because the American newspapers belittle the importance of the German interests in the Philippines. It is asserted that in Manila alone there are 100 German

subjects. MESSAGE FROM DEWEY. Washington, June 30 .- The navy department made public the following cablegram from Admiral Dewey, brought by the McCulloch to Hong

Kong, and supposed to have been sent from Cavite, June 23: "No change in the situation since my telegram of June 17. Five German, three British, one French and one Japanese men-of-war in port. The insurgents are constantly closing in on the city. Aguinaldo, the insurgent leader, with thirteen of his staff, arrived May 19 by, my permission, on the Nanshan. He established himself at Cavite, outside of the arsenal, under the protection of our guns, and organ-

ized his army. The progress of Aguinaldo has been wonderful. He has invariably conducted the war humanely. My relations with him are cordial, but my conferences have generally been only of a personal nature." TO PLACATE THE INSURGENTS.

London, June 30 .- The Madrid correspondent of the Standard says Capt. Gen. Augusti has renewed Vs request for permission to promise the Philippine insurgents extensive reforms. Now that the Cortes is closed it is understood that Senor Puigcerver, minister of finance and Senor Camazo, minister of public instruction and public works, desire to resign. Gamazo opposed pursuing the war untill Spain is financially ruined. The whole world having recognized her gallant sacrifices and traditional bravery, he thinks the government ought to have the moral courage to fix a reasonable limit for the national sacrifices.

It is an open secret that Moret and many of the Liberal datesmen share the views of Senor Gamazo. The peace agitation is spreading in the provinces but not at Madrid.

THE ENEMY. Washington, June 30.-It is learned by dispatches from the front that the preparations for a general advance of the American troops on Santiago are being pushed steadily forward, and troops of all branches of the service are being hurried to the front. Capt. Mendoca, of Gen. Lawton's staff, made a reconnoissance up to the very trenches of the enemy, their

sentries talking on picket duty being RECONNOISSANCE.

At daybreak yesterday morning Lieut, Smith, of the Fourth Infantry, with a detail of 50 men from the 17th Infantry, under Lieut. Darfoo, crossed the San Juan, and went in a northerly direction as far as Caney, or El Caumey, as it is marked on the map, without encountering any Spanish troops, and 50 men of a company of the 7th, under Capt. Young, also made a reconnoissance in force. The Spaniards have seemingly retired to their entrenchments. No skirmishers were

encountered. Gens. Lawton, Wheeler and Chaffee have had rides out beyond our advance posts several time, and Gen. Wheeler, on the crest of the hills forward of the American left, actually climbed a tree in order to obtain a better view of the country. Capt. Wright, of Gen. Bates' staff, followed the line of the railroad running out of Juragua towards Santiago de Cuba | the Spanish scouts. The dispatch to within two and a half miles of the city. They are thrown day and night from half a mile to a mile in advance of our pickets, along the front and flanks, thus forming a double cordon about the army. Duke Almedovar de Rio, minister of foreign affairs, denied in the council, El Imparcial says, that Italy has refused to coal Admiral Camara.
