DEATH OF VERY OLD RESIDENT.

Alexander Macdonald Had Resided in City
for 55 Years.

Alexander Macdonald died at his
home, 246 Colborne street, last even-
ing after an illness extending over
some seven years. He was a resident
of this city for 55 years. The deceased
was born in Perthshire, Scotland, and
would have been 86 years of age in De-
cember next. On arriving in America
he lived for one year at Chippewa,
Ont. Then he moved to Huron county,
and finally to London. For
several years he was a fireman on the
lake steamers. He took up his resi-
dence in London in 1845. In 1850 he
was married in this city by the late
Rev. Dr. John Scott. His wife, two
sons and two daughters are left to
mourn his loss. One son, Ambrose,
lives in Dakota, while James lives at
home, being an employee of the G. T.
R. One daughter, Mary, lives in De-
troit and Flora in New York. The
funeral will be held on Monday, the
body leaving here on the morning train
for Hensall, where it will be buried
beside the remains of his father. He
has no immediate relatives in Canada,
but a large number of friends in Huron
county will learn with regret of his
death.

A Knock-Out for Asthma.

You have had many disappointments,
filled your stomach with nasty drugs,
tried lots of things, but they all failed.
Not being a stomach complaint, of course
Asthma can't be cured by stomach medi-
cine. But Catarrhine cures Asthma; it
gives it a tired feeling in about fifteen
minutes. Inhalant, Catarrhine makes
breathing easy, cures the cough, makes
you well. Doctors say there is nothing
like Catarrhine for Asthma. 25 cents
and 50 cents.

IT KEEPS THE MUSCLES PLIANT.

Men given to muscular sports and exer-
cises and those who suffer muscular pains
from bicycle riding, will find Dr. Thomas'
Electric Oil something worth trying. As
a lubricant it will keep the muscles pli-
able and free from pains which often
follow constant use of them without
softening or impairing their strength.
For bruises, sprains and contusions it is
without a peer.

Relieves Tender and Aching Feet.

British Army Foot Powder quickly re-
lieves tender and aching feet. It stops
excessive perspiration, and destroys odors.
It preserves the leather; it causes the
foot to slip so much easier in the shoe
that ordinary tight shoes may be worn
with comfort. 25 cents a tin. Sold by
Calcraft & Lawrence.

SIGNALS OF DANGER—Have you lost your appetite?

Have you an unpleasant taste
in the mouth? Does your head ache and
have you dizziness? If so, your stomach
lacks the ordinary light stimulant which
gives it tone and energy. You need the
Vegetable Pills and especially get yourself
in health, and strive to keep so.

Recipe for Catap.

This will have the natural red color of
the tomatoes, and it will not sour. Full
directions and a bottle of Parke's Catap
Flavor, enough to do one to two bushels
of tomatoes, for 25 cents. You add the
flavor last of all, and it is, therefore,
retained; does not darken the catsup like
prices will. Sold by all grocers and drug-
gists.

of \$241,550 Over That of This Year.

The total assessment of No. 2 ward, in-
cluding street frontages, is \$2,745,745.
The total of 1901 was \$2,504,195. The
old ward and \$241,550 in the new ward.
The total population is three less. The value
of real estate shows a gain of \$271,475;
personal property shows a gain of \$88,100;
but the loss of \$115,023 less. This is ex-
plained by the fact that assessments that
have hitherto been made under the head-
ing of income have been transferred to
personal property.

ment Commissioner Grant, is as follows:

SATURDAY AT THE WESTERN.

Preparations for Citizens Day
Are Going on Apace.

All Departments of the Big Fair More
Complete This Year Than
Ever Before.

Out at Queen's Park the prepara-
tions for the great Western Fair go
on apace. The main building is al-
most filed, and is beginning to assume
the aspect which it will present to the
thousands of visitors next week. All
day long heavy drags and lighter de-
livery wagons have driven through
the King street gate, bearing the
musical instruments, manufactured
food, articles of merchandise and pri-
vate exhibits, which go to fill the
main building and the structure de-
voted to special departments. The
secretary's office is a busy place, a
constant stream of exhibitors, con-
cessionaires and others having business
there passing through. Monday the
fair will open in earnest, and the
directors expect it will be the
biggest citizens' day on record
and one of the best of the week.
With school children and the public
free to attend, the directors' expecta-
tions should not be disappointed. Every
department will be in full swing
and the entire programme will be pre-
sented.

Allie Holman, the genial director of
the ring attractions, announces that
the performers engaged are arriving
and making preparations for carrying
out their various parts on the pro-
gramme. In addition to the large bill
booked, which will eclipse those
of any former year, the manage-
ment this morning engaged Monsie
and Russell for a daring aerial act,
called "A Slide for Life."

The agricultural, horticultural and
dairy buildings are practically com-
plete. The horticultural showing is the
finest ever shown, and the space al-
located is all too inadequate.

Many changes will be noticed by vi-
sitors, and all of them are improve-
ments. Handsome flower beds have been
placed near the Dufferin street entrance.
The massive iron gates have been painted
black, with silver trimmings, and
across the top of them a row of lights
has been strung, and the grounds have
been placed throughout the grounds,
and many of the old ones have been
given new positions. The fence around
the ring and the high fence on the
Exhibition street side of the grounds have
been sprayed with whitewash. The
half-mile track was never in better
shape than now.

Booths and tents all over the grounds
indicate the presence of side-shows.
Many of them from the Midway at the
Pan-American, and the said to be de-
void of objectionable features. No
gambling games of any kind will be al-
lowed on the grounds. All the refresh-
ment stands and dining halls are ready
for business.

Sgt. Crawford is in charge of the
police arrangements. He will have
about twenty special constables,
of whom fifteen will be detail-
ed to patrol the fences around the
grounds. In addition, the members of
the local force will be on duty in the
horse ring in front of the grand stand,
while the local detectives will be in the
crowd on the outside, looking for wrongdoers
or suspicious characters.

Every citizen who takes a pride in
the fair and realizes its manifold ad-
vantages to the city will be better next
week and assist in its success.

A Grand Production.

The royal visit to Canada is to be cel-
ebrated on a scale of rare magnificence.
That which will probably be the most
popular and the most lasting part of all
the celebrations will be the issue of the
Royal Welcome Number of the Mon-
treal Star, which we hear is going to
be something very fine as a souvenir to
send to friends and to preserve at home
as a memento. The Royal Welcome
Number of the Montreal Star, although
only a day's work, has already created an
enormous demand. The edition will be
eagerly looked for.

Soldiers Off For Ottawa.

The members of No. 1 Company,
R. C. R. L., selected to go to Ottawa,
to join the remainder of the
picked force from the R. C. R. L., who
will do guard and escort duty for the
royal party, will leave Wolsey Bar-
racks Monday at 5:25 p.m., and will
enter at the Adelaide street crossing
of the C. P. R.

No. 1 Company has been acknowl-
edged to be the smartest and best
trained body of soldiers in Canada, and
the men who have been selected to
represent it on the occasion of the
royal visit, have been perfectly drilled
for it, and will present an appearance
highly creditable to London and to
Canada at large.
