BRAVE CLARA BARTON

Story of Her Heroism on the Battlefield of Fredericksburg.

At Fredericksburg Miss Barton took up her quarters in front of the Lacy house, within close range of the Con-federate sharpshooters. As fast as the poor fellows were shot down she took charge of them, providing them with every attention. When the Massachusetts and Michigan regiments crossed on the 12th and occupied the town it was evident that a People in New York Talked With Persons on big battle was imminent, and Miss Barton went over into the city and organized the hospital corps and established diet kitchens. On the eve of her departure an incident occurred, which demonstrates the unfaltering courage of the woman. A young wounded Confederate officer informed her that his people had prepared a death trap for the army across the river, says Capt. Joseph Hamilton in

the Woman's Home Companion. That he spoke the truth was believed by Miss Barton then, and was later confirmed by Gen. Jackson's or-der to Gen. Stuart. But she went, and during the awful day of the 13th, when the thunder of artillery and the crash of musketry were roaring around her; when companies were being mowed down and regiments decimated: when the ditches and the hedges were filled with the dead and the dying; when the furrows ran blood; and a ghastly stream of mangled humanity was pouring to the rear, she moved amidst it as calm as a force of nature, always knowing what to do and doing the proper thing at the right time. Even the terrors of that horrible night did not weaken her dauntless courage. She met every emergency with admirable promptness. Toward midnight, when every place that afforded a shelter from the snow and blinding icy wind was filled, 50 poor fellows were brought in wounded and almost frozen. Surgical aid before the morning was impossible, but she had

fires lighted, blankets wrapped around them, and ordered a chimney torn down, and when the bricks were heated she had them placed around them. Other emergencies she met with equal promptitude, never pausing for sleep or rest until the army of wounded rested once more in comfort north of

the Rappahannock.

TELEPHONING FROM TRAINS A SUCCESS

Train Out of Chicago.

New York, March 31 .- A trial was made Saturday between this city and the Overland limited train of the Chicago and Northwestern Railroad over telephone wires, which at the western end were installed on the train in the Northwestern station in Chicago. The telephone here was in the Broadway offices of the company, a number oft

newspaper men being present. Beginning today (Monday) the Overland will have this telephone equipment in use for the benefit of its passengers to the Pacific coast, and passengers will be able to call up anyone they please wherever the ordinary telephone service reaches, without leaving their seats in the car.

The general eastern agent was in charge of this end, and had no diffiin getting into communication with W. B. Kniskern, who with representatives of Chicago newspapers and the officers of the line, in that city, was awaiting in the train.

MEDAL FOR A LIFE-SAVER. Washington, D. C., March 29.-The secretary of the tree sury has awarded a gold life-saving medal to Elmer Mayo for his heroid services in rescuing Seth L. Ellis at the recent disaster at Monomoy, Mass, in which almost the entire life-saving crew of the Monomoy station were lost. The secretary awarded a gold medal also to Seth Ellis, the survivor of the crew.

STRIKE AVERTED. Lowell, Mass., Narch 29 .- At the conclusion of an all-night conference between a committive of citizens and re-presentatives of the Textile Council of this city, it was immounced early today that the threaterned strike of 16,000 cotton mill operatives of this city has been averted for the present. The strike order will be deferred for a week at least to give the citizens a chance to use their good offices with the mill managers to being about the increase in wages dema nded by the operatives.

THE ENGINEER BLAMED. Jarvis, Ont., March 31.-Coroner Mc-Donald on Sa turday conducted an in-quest on the body of Eugene James McGill, who tvas killed in the railway accident here, Friday morning. The jury brought in a verdict saying: "We are of the opinion that the cause was the violation of telegraphic orders by John Charlton, engine driver of train No. 1,350; that the said violation resulted, we think, from his being confused by orders received at Thornbury and Simcog. We are further of the opinion that there should be means of ommunication between the rear end of all train a and the engine driver. We are also of the opinion that had it not been for the dense fog at the time the accident would not have occurred."

DEATH IN THE BLAST

Easter Sunday Marked by a Terrific Storm.

Several Pennsylvania Churches Damaged by the Gale.

One Minister and Two Members of Congregation Fatally Hurt and a Large Number Injured—Blizzard in Manitoba.

Pittsburg, Pa., March 30 .- A fierce windstorm struck the city today just before noon and did almost incalculable damage to property and injured many people, some of whom may die from the effects of their wounds. Scores, of houses were unroofed, many trees were blown down, mill stacks toppled over, and telegraph and telephone wires generally disabled. The most serious accident reported up to nine o'clock tonight was the unroofing of the Knoxville Presbyterian Church. in Knoxville. The church at the time was filled with an Easter congregation, numbering about 600 persons. while the minister was in the midst of his sermon a strong gush of wind blew over the large chimney and lifted a portion of the roof off the building. The bricks from the chimney crushed through the roof and carried a huge piece of the hardwood ceiling, measuring about 40x20 feet down upon the worshipers in the pews. An indescribable panic ensued and a frantic rush was made for the doors and windows. The excitement was soon quieted and the work of rescue began.

FORTY PERSONS HURT At least 40 persons were caught by the wreckage and more or less hurt. Of this number five may not recover. The more seriously injured are: Dr. R. J. Phillips, aged 40 years, concussion of Tuesday. brain, may die; Curtis Ray McKnight. 4 years, internal injuries, both legs crushed, probably fatal; Clarence Mc-Nulty, 17 years, internal injuries, badly crushed, may die; Fletcher Byron, fracture at base of brain, serious; David Smith, 32, arm broken, head cut and badly battered, serious. Reports from near-by towns are slow coming in, probably on account of the crippled condition of the wires. It is tral Labor Union almost positively asfeared that much damage has been done in those places.

END OF CHURCH FELL IN The Easter services being held in the United Presbyterian Church at Jameston, six miles north of Grenville, Pa., came to an abrupt end at 12 o'clock today. The sky became overcast and a funnel-shaped cloud was seen approaching from the northwest. The tail dipped to the ground just before court, the church was reached. The congregation became uneasy, but the pastor, services. All of a sudden there was a terrific crash, and part of the south end of the church fell in, burying the minister beneath the bricks and tim-

MINISTER FATALLY HURT. The men of the congregation rushed to the pulpit, and when the stricken minister was removed from the debris | ilar strain. it was found he had received fatal injuries. His jaw was broken and the temporal bone crushed. He can hardly live through the night. The storm was the worst that has occurred in this section for years, and it is thought tomorrow will bring reports of great damage from the country districts. CHURCH SPIRE STRUCK BY

LIGHTNING. As Rev. J. W. English, pastor of the Robinson Run U. P. Church, near McDonald, was raising his arms to pronounce the benediction, lightning struck the church spire, and it toppled upon the roof, crushing it and injur-ing a number of worshipers, two of whom will die. Their names are, Robert Patterson, aged 10 years, skull fractured, will die; Leon Averill, aged 11, skull fractured, will die.

OTHER CHURCHES DAMAGED. The spire and part of the roof of the U. P. Church at McDonald was torn off and the building considerably damaged, but no one was injured. The Noblestown Presbyterian Church was also unroofed, but the congrega-

tion escaped injury. The offices of the Monongahela Connecting Railway on Second avenue, this city, were destroyed by fire during the afternoon, because no alarm could be turned in either by telegraph or telephone. Reports from the different railways tonight show that all suffered more or less from broken telegraph poles and crippled service. All, however, were in good shape and trains

running by eight o'clock. BLIZZARD IN MANITOBA Winnipeg, Man., March 29 .- Weather reports from the west today tell of a heavy storm which amounts almost to a blizzard in the vicinity of Regina and west as far as Broadview. It is stated that about six inches of snow has fallen, but the heavy wind has drifted it to such an extent that big banks have been formed and railway traffic has been badly affected. The
