#### LASCELLES IDENTIFIED

This summer we shall have Man Who Posed as English Lord Was

embalmed solitude arrayed in full evening dress, with felt hat and cane, the mummified body of Sidney Las-"Lord celles, alias Lord Douglas, alias Beresford," alias Charles J. Asquith, is on its way to Washington, D. C., consigned to Dr. McPherson Crichton, Skeena River, west of Prince Rupert, presumably to be buried in the crematory there. The body was claimed and identified by a Mrs. J. T. Sum-merfield, of Passaic, N. J., who said that she was the sister-in-law of Lascelles' first wife, now living at Baltimore. She made affidavit to that effect and by her order the mummy was shipped to Washington.

The body has twice been identified as that of Sidney Lascelles, noted her husband, F. C. Herriott, and her forger and gamist. He was lionized aged mother, Mrs. Sarah Jane Morin London after securing an introduction to the American ambassador attendance at her bedside. under the names of Beresford, posing as a cadet of the powerful English

house of that name.
In America, the highest circles of society did homage to the bogus lord. At Rome, Ga., Norfolk, Va., and other cities wherever he went, Lascelles Plan Parade of 25,000 Saturday Afformed matrimonial alliances with the daughters of the rich, only to leave them in the course of a week poorer in purse, but richer in experience. Lascelles was convicted at Rome, Ga., of promoting fraudulent schemes and sentenced to six years' hard labor. He "Fort George is destined to become ville from Norfolk, Va., eight years

#### MANITOBA'S CROPS

Will Be à Big Yield.

Winnipeg, May 20.-The Free Press issues its second crop report for the season of 1910. After a month of variable weather, and, though not all that in some respects than anticipated. There has been very little damage from drifting, and only a small percentage of reseeding, and, while there has been little growth, yet the crop has not been killed by frost. Moisture late in coming, but not so late that any permanent damage has been done, and the general opinion is that the crop is well rooted. The rainfall within the past few days has been general, and the crops now have sufficient moisture to carry them to the beginning of June. What is needed is warm weather and plenty of it. Granted this, there is every hope the crop The wheat acreage has not materially increased since the April report. The oat acreage will be little, if any, ly less. There is a considerable increase in the acreage sown of barley, and apparently a large amount of flax will be sown on breaking.
