THE DUKES MESSAGE.

His Royal Highness, the Duke of Cornwall and York, in bidding goodbye to His Worship the Mayor, last evening, asked His Majesty to express to the people of Victoria the sincere thanks of our race

THE NAVY LEAGUE.

The reception of the Navy League by Sir Wilfrid Laurier yesterday was highly satisfactory, and will doubtless result in good. Sir Wilfrid expressed his appreciation of the importance of the subject brought to his attention by the League

A LITTLE BY-PLAY.

It is proverbial that Satan finds some mischief still for idle hands to do, and this being the sort of "off-time" politically, Mr. John Houston, M. P., is occupying himself in the somewhat pleasant task of cabinet-making.

THE LESSON OF IT ALL.

The royal reception is over. The echoes of the cheers have died away. The lights, which made the city a fairy land, have been extinguished.

which goes out unseem from honest hearts. They have gained a personal triumph. We would have welcomed them under any circumstances, because the Duke is the son of our King and the grandson of our late beloved Queen.

Another lesson is one that we hope the people of the Mother Country will lay to heart. Yesterday we had a despatch containing an extract from the London Daily News, in which doubt was expressed as to the future of Canada, and the suggestion was made that the Dominion was a great disappointment.

We are sure that where we voice the sentiments of all Victorians when we say that the Duke and Duchess will ever have a warm place in their affections. It would be extravagant to say that Canadians can expect with certainty from His Royal Highness, if the occasion for it arises, a declaration in some public way which will demonstrate to every part of the Empire that the heart of Canada beats true to the flag.

THE EXHIBITION.

The Exhibition, which opened yesterday, is undoubtedly a very great success, all things considered. Very great taste has been shown in the preparation of exhibits, and there is much in the building well worthy of close attention.

THE EXTENSION DISASTER.

Although particulars are coming slowly to hand, it is very clear that the accident at the Extension Mine is a very serious one. The death toll is not as long as in other accidents of this kind.

THE ROYAL VISIT.

Their Royal Highnesses the Duke and Duchess of Cornwall and York made an excellent impression upon the thousands who greeted them yesterday in this city. It was a day that will not be forgotten.

WELCOME.

The people of Victoria speak with one voice today in welcome to the son of their King. He is with us in obedience to the express command of his royal father, which invests his visit with a significance and character that nothing else could give it.

Now that the hour of welcome has come all thoughts of titles vanish, and with them all the pomp and pageantry which royalty is surrounded.
