

THE BOARD OF ALDERMEN

MATTERS THAT ENGAGED THE ATTENTION OF OUR CIVILIAN OFFICERS.

The Esplanade Constable and the Baths—The Esplanade Constable—The Removal of the Fences Around the Government House and the Normal School.

The city council met last evening, Alderman Clark in the chair, in the absence of Mayor McMurich.

Communications were read from John Alexander respecting the construction of a cedar block pavement on Henry street.

From Mrs. Morrison acknowledging the receipt of an engrossed copy of a resolution of council passed on the occasion of the death of her late husband, ex-Mayor Morrison.

From John McLelland a notice of appointment of arbitrator to determine the value of land taken in extending Eastern Avenue.

From Mrs. McDonald, Ernest & Costwell claiming compensation on behalf of their son, John, for injuries sustained through falling into an unguarded opening on the sidewalk on Queen street East.

From John Matthews, in which he made application for the partition of constable in High park.

The council then went into a committee of the whole to consider the reports of the committee with Ald. Taylor in the chair.

Ald. Kent in reply to report No. 20 of the committee on works respecting the sewerage of the city.

Ald. Evans inquired if it were possible for Williams to hold both duties of the baths in addition to his usual vocation of esplanade constable, asked what the hours of this office were.

Ald. Ryan requested that Ald. Evans should withdraw his motion, which was done.

Ald. Manning moved that the clause of the committee on property respecting the appointments of Henry Williams as constable of High Park be struck out, as he had heard that the applicant was not a fit person to fill the position.

Much discussion then ensued and it was finally resolved to refer the matter back to give the executive committee time to consider the ability of the applicant for the office.

Ald. Taylor then moved, seconded by Ald. Davies, that as a deprivation from St. Lawrence ward were presented to state the grievances, these deputation should be heard.

Mr. Henderson, who was appointed spokesman by the delegation, then stated the grievances which were the subject of the deputation.

The grievances were: Taylor & Morris soap factory, and sewerage—damages to the property of the city, and the sewerage works on the corner of York street and St. George street, between College and Bloor, a sewer on Howard street, between Bunker and Parliament block roadway on Berkeley, between Wilton avenue and Gerrard.

Ald. Love then moved, seconded by Ald. Downey, that the engineer be instructed to order the street railway company to continue the northwestern route along York, Queen, William and College streets.

It was then moved by Ald. Maughan, and seconded by Ald. Evans that the Ontario government be requested to remove the present closed fence around the Normal school and replace it by a more open one.

Both motions were carried. The council then adjourned for three weeks.

LOCAL NEWS PARAPHRASED.

Since Jan. 1 of the present year 1200 new water services have been laid.

Nearly 300 immigrants who came over on the Polynesian arrived at the sheds early this morning.

There was no boat running to Lorne park yesterday. The Rupert has gone to the thousand islands.

The employees of the street railway company intend taking a "mail" across the lake on Sept. 17.

The Young men's christian association of Toronto held an excursion to the lake yesterday, which was attended by over 200 people.

Edward Lawlor, an inmate of the St. Nicholas home, was arrested by the police yesterday for stealing jam from Mowat's wharf.

The chief and justice justices of the common pleas will sit as an appellate court to hear appeals from county judges to-morrow in the common pleas courtroom.

The Freeman for September appears in a brand new dress, and is every way improved. It is a reliable journal for the craft. Brother Cowan knows his business.

Jennie Fair, only 16 years of age, was so helplessly drunk at the Northern station yesterday afternoon that she had to be taken to police headquarters in a cab.

St. Thomas Police: The long suffering Canadian public will be sorry to hear that the Holman English Opera company has respectively with St. H. in Toronto.

The Indians will be at the zoo all the week. An additional number of braves has been added and they will introduce a new selection of their "rits" and dances.

The court of revision met yesterday afternoon for the purpose of confirming the assessments made for the construction of cedar block pavements and other improvements.

Rolland's tobacco store on Adelaide street, opposite Victoria, was burglarized last night. A reward is offered for the capture of the thief.

The following gentlemen have been awarded scholarships by the benchers as the result of the recent examinations: First intermediate—A. C. Macdonald, 2 A S. Lown, 3 A B. McBride, second intermediate—1 Geo. Morehead, 2 T C Short, 3 A W. Ambrose.

The effect of the new sewer laid in Sultan and St. Thomas streets is to dry the wells in that locality, much to the inconvenience of the residents. There are no water mains in those streets. Cherry street, between Front and Front streets, is in a similar position.

Since Madam DeWolf has been holding forth at the amphitheatre, three watches stolen last night, one of which was recovered. A reporter on a morning paper felt a hand on his pin on Saturday, but the thief did not get it.

The exhibit of horse collars as shown by W. Kinsey of Bracebridge in the main building of the exhibition is very fine. These collars are made in a revolving bookcase, upon which are placed the heavy draft horses are attracting much attention. We can highly recommend them.

On Saturday at three Mr. Robt. Shields, the well-known wholesale tea broker of Front street, was introduced by Mr. James Beatty, M.P., to his excellency. During the conversation his excellency said he was fast becoming a Canadian and liked the country very much. He also complimented the management of the zoo and said they had a very nice selection of animals.

An Exciting Runaway. An exciting runaway occurred on Yonge street at 5:30 last evening. Two young men were driving on that street in a single buggy near Adelaide, when the horse suddenly became frightened and dashed away. At King and Yonge streets Officer Munroe made a gallant effort to stop the animal, but he was thrown from his seat and hurled against a lamp post. The vehicle also came in collision with the post and was smashed to atoms. The globe of the lamp was shattered to pieces. The men in the buggy and the officer had a very narrow escape, but as it was the policeman received painful injuries in the side. The horse did not get further than the lamp post.

Presentation to Mr. Wiman. A number of the shareholders of the Montreal telegraph company, recently forwarded to Mr. Wiman, New York, a fine copy of the latest edition of the Encyclopaedia Britannica, comprised in 22 large volumes and contained in a revolving bookcase, upon which was the following inscription: "Presented to Erasmus Wiman by a number of shareholders of the Montreal telegraph company in appreciation of his services in consolidating telegraph interests in Canada." Mr. Wiman sent a hearty acknowledgement of the valuable presentation.

A Bad Bad House. No. 68 Sherbourne street has long had a bad name with the police. It is a rickety old building and has of late years been the resort of depraved characters and the scene of many rows. The police of No. 1 division raided the place last night, and in a room in the garret, whose only furniture was an old table and a couple of chairs, found Mattia Boddy, the alleged keeper, Catherine Smith and Ada Boddy, aged 16. They were all locked up at police headquarters.

THE FEMALE FAIR.

His Crowds—Pulling Teeth and Restoring Withered Limbs—To be Presented.

There was another large crowd up at the amphitheatre yesterday. The women in attendance numbered more than on any previous day. Madame was attired in a red silk robe, gold embroidered. She wore much jewelry, loud and massive. Her interpreter spoke very English this evening.

A large number of teeth were given. Thomas Smith, 181 Centre street, has been bothered for fourteen years with a bad set of teeth. On Saturday madam pulled some of them but left the roots there; yesterday she took out the roots. She took out eight for one woman and she wanted more. About 5 a woman with bad teeth and a bad leg was taken up. Madame fixed her teeth and then exhibited the legs of her patients in the wonderful way. The sight of the withered scrawny limb was not a reassuring one. Madame then applied her medicine in order to make the woman well.

It is reported that County Attorney Fenelon intends to prosecute Madame, on what grounds is not yet known. She will know. W. the editor of the Globe, who thinks there ought to be free trade in medicine and in quackery.

(To the Editor of the World.) Sir: We all feel very sorry for the three distressed corporations, viz., doctors, dentists and druggists. Why don't they do more for the poor? Any one looking at these crowds will feel that there are many who need help, who could get better help elsewhere if those who could really give it to them would do it, and save them from being the victims of a hallucination as in many instances now.

As to animal magnetism, it is a respectable person want to try its power there is at least one reliable practitioner in this city, I am told, though I have never seen him, who has done good work.

If the dentists club together and employ a good brass band, say in an amphitheatre, for the purpose, they will find out whether the nervous systems of their patients are charmed by it. If it makes them more manageable and tranquil it will be a good thing all round. The operators, dentists, and at least, some of them, more popular.

THE GREAT FAIR.

Preparations for the Opening to-Day—This Year's New Features.

Much progress was made yesterday by exhibitors, and things have now assumed a ship-shape appearance. Every foot of space has been taken up. What will make the exhibition which opens to-day different from all former years is the many novel features that the board will present for their patrons' instruction and amusement.

There is the grand hurdie race by the hunt club, the bombardment, the electric light, lacrosse matches, the school children's day, and several other attractions. The weather is considerably cooler than it has been for the past two weeks, and people can visit the grounds with a little degree of comfort. Every facility has been arranged with the railroads for cheap and rapid transit to the grounds. There is every reason to believe that the exhibition which will be most successful ever held in Canada.

The Royal. Miss Ada Gray, supported by C. A. Watkins' Fifth Avenue combination, gave a very excellent rendition of the emotional and ever favorite Est Lyne. The house was very full indeed, and it is not too much to say that Miss Gray's performance was splendidly acted and well received. The plot of the play was strong. Throughout the piece was played without a hitch. The part of the injured husband, Archibald Carlisle by Mr. J. V. Melton, was likewise well sustained, and the acting of the gay Lothario, Sir Francis Levison, (Mr. Frank Roche) was excellent indeed—declared it to be the best he had ever seen.

HOME FROM THE JANT.

A large portion of the press association returned to Toronto last night by the Credit Valley from the trip to the North-west. Everyone was delighted—declared it was the best excursion ever participated in by the association. The hospitality with which they had been received at every point was simply princely.

AN IMPORTANT TELEGRAM.

BELLEVILLE, Sept. 4.—A horse, which was drawing a load of wood to-day, fell and the animal's head striking a stake in the road, he died on the spot. The enterprise of the telegraph company's Belleville agent will be readily admitted. It is of the greatest importance that the general public should be made aware of the fact that a horse fell dead in Belleville. There is, however, a lamentable absence of detail. Why are we not informed of the color of the horse, and also its age. The local dispatches of the associated press are simply too good.

CRUEL ATTEMPT AT WIFE MURDER.

PHILADELPHIA, Sept. 4.—Lemuel Mountain came home drunk last night, beat his wife and drove her and her children from the house. After admitting them subsequently, and when they had gone to bed, he saturated the bed with coal oil and set it on fire. The case is being tried to-morrow in the street before any serious damage was done. Mountain is held in arrest.

THE SUNDAY LIQUOR LAW.

MOUNT VERNON, Md., Sept. 4.—The town has been threatened today the temporary bridge gave way directly after the emperor and empress had passed over it. The grand Duke Michael, General Kostaroff, and minister Vassinski were precipitated into the stream, and the latter seriously injured. The others escaped with slight bruises.

NARROW ESCAPE OF THE CAR.

St. PETERSBURG, Sept. 4.—During the night manoeuvres to-day the temporary bridge gave way directly after the emperor and empress had passed over it. The grand Duke Michael, General Kostaroff, and minister Vassinski were precipitated into the stream, and the latter seriously injured. The others escaped with slight bruises.

INCREASE OF GRAND TRUNK RATES.

WALKERTON, Sept. 4.—There is a general outcry among the business community in this section of the country at the action of the amalgamated Great Western and Grand Trunk railways in raising the freight rates. Local freight has been increased over 25 per cent. The effect will be serious to the business of this section of the country.

IRISH ADDRESS TO CHIEF OF MAYOR.

LONDON, Sept. 4.—Sullivan will visit Boston and Chicago. He takes with him the well-known wholesale tea broker of Front street, was introduced by Mr. James Beatty, M.P., to his excellency. During the conversation his excellency said he was fast becoming a Canadian and liked the country very much. He also complimented the management of the zoo and said they had a very nice selection of animals.

BLOWN UP WITH DYNAMITE.

SHELBYVILLE, Ind., Sept. 4.—While Wm. Henry and son were on their way to blow up pumps with dynamite cartridges, a spark from a torch carried by the son, fell into the basket containing the cartridges and exploded, fatally injuring Henry and badly injuring the son.

MR. E. H. RHOADS, RESIDING AT NO. 214 W. NINTH STREET, WASHINGTON, D.C., SAYS HE KNOWS MORE ABOUT THE LAW OF CONTRAST THAN HE DID LAST WINTER. HE DID NOT KNOW THEN THAT INFLAMMATORY rheumatism can be enjoyed immunitably from it. During the Christmas holidays he was aroused from his sleep about two o'clock in the morning by a terrible pain in his right hand and wrist. He felt as if his arm weighed a ton and had been crushed by an elephant. He never did have anything to do with the matter. He felt as if his arm weighed a ton and had been crushed by an elephant. CANADIAN NEWS IN BRIEF.

A full grown wolf was seen on a farm in Hanover a few days ago.

Hon. L. A. Macdonald's expenses for the late election in Chingary was \$140, while that of Mr. Macmaster was \$541.

The employees of the Midland Railway of Canada, all over the line, had a picnic on Saturday at Summit station.

The golden wedding of Mr. and Mrs. Thomas Jackson, of the township of Georgia, was celebrated on the 25th inst.

Mr. S. Munson left Madoc last week for his home in Mentor, Ohio, not having succeeded in his mining investments in that neighbourhood.

Prince Arthur's Landing is struggling under the weight of its name. One citizen proposes to take the three initial letters and add "port" to it, making the name Palport.

There's trouble on the Toronto and Ottawa Railway. Mr. Wood has disappeared. Mr. Parr, Mr. Wood's partner, visited Madoc last week in search of the missing train.

On Wednesday last Pauline Lake was visited by a picnic party of coloured people from the neighbourhood of Dundas and there they met a Lithuanian picnic party from Waterloo. The two parties fraternized very nicely together.

The Kingston Wing referring to the fact that there were eighteen applications for teaching positions in the school district. The salaries asked ranged from \$350 to \$600. The majority asked between \$400 and \$450. School teaching is retrograding in the estimation of the public and there are no better than those received by labourers.

THE SPORTING WORLD.

A 25 mile bicycle race took place yesterday in New York between J. S. Prince, the professional rider of Boston and Mile Louie Armando of Montreal. Prince won the race by 34 seconds. The time was not good, being thirteen minutes behind the best record.

THE EGYPTIAN QUESTION.

"Well, what do you hear about the key-drive?" said a tall chance man yesterday in front of the post-office.

"He's having quite a picnic as near as I can get at it. Old gum-arabic and the kerfide have had a set-to; it seems, at Alexander," said a man from the Oregon shore line.

"Well, now that Arabi Bey has scored on the khedive, I suppose we may look for perdition to the poppy plenty," said the fat man from Council Bluffs.

"No, Jim, no more work at all." "What white man do?" "And Injun, what he do?" "Well, he will have a big harp, all the same about the matter." "Gussie no," says Jim, shaking his head dubiously; "Injun maybe play little on jawharp. But what you think 'bout cetera 'n' play jawharp?" "Jim, you opened wide both his eyes and looked as though much depended on a favorable answer to the question.

MR. MULLOON'S TELLAR.

A citizen called regularly at the water-registrar's office and introduced himself and his business by saying: "I'm Muller Jerry Mulloon. My collar is full of water. My hair will be drowned if it isn't fixed; so I want you to fix it." Mr. Mulloon was informed that nothing could be done for him there. "Two or three days later he reappeared. 'I come again to see about that tellar,' said he; 'it's worse than ever.' 'But we told you the other day, Mr. Mulloon, that we can do nothing about it here.' 'Yes, but my collar must be fixed or my hair will all be drowned.' 'Well, Mr. Mulloon, did you see the sign on the wall?' 'I didn't see it, I did,' replied Mr. Mulloon. 'And what did the mayor say to it?' 'Mr. Mulloon,' says he, 'why don't you keep ducks?'

ATTENTION IS CALLED TO THE ADVERTISEMENT IN ANOTHER COLUMN OF THIS ISSUE OF MR. A. H. DIXON, 307 KING STREET WEST, TORONTO, WHO CLAIMS TO CURE CATARRH ABSOLUTELY AND PERMANENTLY BY A METHOD PECULIARLY HIS OWN IN FROM ONE TO THREE TREATMENTS. MR. DIXON SCOUTS THE IDEA THAT CATARRH IS CAUSED BY A COLD IN THE HEAD (AS MOST PEOPLE Imagine), and treats it accordingly. He says he has used his remedy successfully in thousands of cases in Canada and the United States, and judging from the many complimentary letters and certificates of cures which he has shown us, it will be of a very strange case of catarrh in the head, but we must be content with three treatments. As this is the most favorable season in the year in which to cure catarrh, and permanently, and sufferers should at once correspond with or call on Mr. Dixon. This new treatment does not interfere with occupation, and it is not necessary for the patient to see Mr. Dixon, as the remedy and apparatus for applying (which is so simple that a child can readily understand it) is forwarded to any part of Canada or the United States upon application.
