

HALL'S VEGETABLE Hair Renewer.

From the Detroit Free Press.
A woman went down to the Grand Trunk depot the other day to see about some freight expected from Canada, and after looking over his files the agent informed her that the goods had arrived in Windsor but were being fumigated.
"What business have they to open my boxes over there?" loudly demanded the woman.
"Oh, they won't open the boxes at all. They will simply fumigate them."
"Well, I won't pay for nothing of the sort, and I want you to understand it now!"
"There will be no charge, madam; no charge."
"And if they go and mark my bureau and bedsteads with paint or chalk I'll have damages!" she said, as she pulled on her mittens.
"They won't do it, ma'am. The law requires fumigation. It is simply fumigation."
She went out shaking her head, and on the next block stopped the driver of an express wagon and asked:
"Do you know what they fumigate goods for over in Windsor, Yorkport & Lyman's Vegetable Discovery and Dyspeptic Cure. Is the agent employed for their removal?"
"Yes, ma'am, I can't say for certain, but it has something to do with smallpox."
"Yip!" she screamed, as she jumped out of the wagon, and she was going to the smallpox all through 'em to revenge on me for moving out of the country! Show me to the nearest police station!"
