## THE COUNTING CONTEST ENDS NEXT WEDNESDAY.

The great dot counting contest opened recently by the firm of C. B. Travis, Sydney, has attracted wide-spread interest even greater than was anticipated at the outset.

People are expressing surprise at the value of the prizes being advertised. Here are a few of the reasons why we can do this.

We do not keep a large sales force of agents at great expense, or waste money on aimless advertising. We carry on our business in an economical manner, buy for cash and don't have to pay for renewal paper with manufacturers, hence the saving.

The piano we offer for the first prize is a new sweet toned Ennis, cash value \$330. The person who is awarded the second prize will get a \$175 credit cheque, which represents its face value on any new piano in our store.

The winner of the third prize will get a full cabinet Drop Head Sewing machine which will make a beautiful and attractive addition to the equipment of any household.

The fourth prize is a \$100 credit cheque and \$10 in gold.

In addition to the foregoing prizes there will be credit cheques issued to the winners amounting to \$3750.00.

Now the best of good faith will be observed in making the above awards. They will be made on the finding of judges of the highest integrity known in Sydney, Glace Bay and North Sydney.

This contest offers the most expensive and best series of prizes ever given out by any Piano House in Eastern Nova Scotia. If you have not entered the contest get busy as it closes on Wednesday, June 5th. C. B. Travis Sydney

## Some Records Go In Philadelphia

(Canadian Press Despatch.)

PHILADELPHIA, Pa., June 1.—A world's record and a collegiate record were broken, while five intercollegiate records went by the board at the intercollegiate track and field championships on Franklin Field this afternoon. The Pennsylvanians won by a margin of 104 points over Cornell their nearest competitor. The New world's figures were made in the pole vault by R. S. Gardner of Yale and was the most notable performance of the meet. After he and H. S. Babcock, of Columbia had broken the intercollegiate record of 12 feet 8 1/2 inches made by Babcock last year, by going over the bar at 12 feet 9 1/2 inches, the stock was put up to 13 feet 1 inch. Though Gardner and Babcock were vaulting in fine shape, few believed that either would do over it, but the Yale man on his second try cleared it and came down amid the cheers of the stands. Babcock tried three times but failed. The world's record which stood at 12 feet 10 1/2 inches, was made by S. Scott of Leland Stanford University in 1910. After winning the event Gardner tried to do higher without success. In the shot put L. Beattie of Columbia who broke the intercollegiate record yesterday bettered his throw today and exceeded the collegiate held by himself. His new figures were 48 feet 10 1/2 inches against his old figures of 48 feet 7 1/2 inches. C. D. Redpath, the speedy runner of Syracuse, lowered the intercollegiate record of 48 4-5 seconds in the quarter mile event, held by the late J. B. Taylor of Pennsylvania and D. B. Young of Amherst to 48 seconds. Redpath also came within one-fifth of a second of equaling the intercollegiate record in the 220 yards dash. In the half mile run J. P. Jones of Cornell lowered his intercollegiate record made last year from 1:54-45 to 1:49-10. P. R. Withington, the tall runner of Harvard after a terrific struggle won the two mile race and broke the intercollegiate record of 9:25-1-5 made by T. S. Berna of Cornell last year, to 9:24-2-5. Jones, holder of the mile record, failed to win that event entirely. He had it well in hand, but in the last quarter N. S. Taber of Brown university, made it a dead heat.

Mr. and Mrs. Henry MacNeil, New Glasgow, are at the King George.

## Grossmith Tomorrow N

In reference to a recent article in the Sydney Daily Post, concerning the Grossmith who appeared at the Lyceum Theatre tomorrow night, the following is the program presented:

The program presented to the Lyceum audience last night was a most tentative before the but long before the had made good, and with his novel and musical feast. With captiously we incline while Mr. Grossmith's performances are remarkable, not the strongest for excellent entertainment to the listener the separate feature of the humorist, and w or mimicry, there is laughter and merriment the most sober; and quickly. There were conversations, in
