Easy to Manipulate

Where the mowing has to be done on rough or stony land one wants a Mower that can be easily handled. The Levers and Foot Lift on the

Massey-Harris Line of Mowers

are so convenient to the driver's seat that any range of adjustment can be readily obtained with but slight pressure.
A boy can drive and handle these machines, the Levers are so easily manipulated.

Waning Fertility in Soils

Is often due to the want of LIME. It is one of the constituents on which plants most largely depend for proper growth, and one most quickly exhausted. The application of

Lime as a Fertilizer

Not only adds the necessary element, but renders the natural stores of inert food available to the plant, and ameliorates the quality of heavy soils. The results in **INCREASED YIELD** and **IMPROVEMENT IN THE QUALITY** of crop by its use have been so great as to seem almost incredible. **IT IS THE CHEAPEST**, most durable in effect, and the most easily obtained fertilizer in the world. **IT CAN BE OBTAINED FROM ANY LIME MERCHANT.**
