

A FARMER

who makes much butter ought to be sure to get Windsor Salt. It's pure—absolutely pure—dissolves quickly—easily worked. It makes delicious butter, that everyone wants for the table. Cheapest in the end, too—because a bag of

Windsor Salt

will season more butter than any other kind. Your dealer sells it.

BOOKS

FOR THE FRUIT GROWER, THE
AMATEUR FLORIST AND THE
VEGETABLE GROWER

Fumigation Methods

By Willis G. Johnson. A timely up-to-date book on the practical application of the new methods for destroying insects with hydrocyanic acid gas and carbon bisulphid, the most powerful insecticides ever discovered. It is an indispensable book for farmers, fruit growers, nurserymen, gardeners, florists, millers, grain dealers, transportation companies, college and experimental station workers, etc. Illustrated, 313 pages, 5 x 7 inches. Cloth...\$1.00

Home Floriculture

By Eben E. Rexford. A practical guide to the treatment of flowering and other ornamental plants in the house and garden, intended exclusively for amateur floriculturists, by one of the most successful amateur floriculturists in America. Illustrated. About 300 pages, 5 x 7 inches. Cloth.....\$1.00

Bulbs and Tuberous-Rooted Plants

By C. L. Allen. A complete history, description, methods of propagation and full directions for the successful culture of bulbs in the garden, dwelling or greenhouse. The illustrations which embellish this work have been drawn from nature and have been engraved especially for this book. The cultural directions are plainly stated, practical and to the point. 312 pages, 5 x 7 inches. Cloth.....\$1.50

Landscape Gardening

By F. A. Waugh, professor of horticulture and landscape gardening in the Massachusetts Agricultural College, formerly of the University of Vermont. A treatise on the general principles governing outdoor art; with sundry suggestions for their application in the commoner problems of gardening. Every paragraph is short, terse and to the point, giving perfect clearness to the discussions at all points. In spite of the natural difficulty of presenting abstract principles, the whole matter is made entirely plain, even to the inexperienced reader. Illustrated, 152 pages, 5 x 7 inches. Cloth.....\$0.50

Hedges, Windbreaks, Shelters, Live Fences

By E. P. Powell. A treatise on the planting, growth and management of hedge plants for country and suburban homes. It gives accurate directions concerning hedges; how to plant and how to treat them; and especially concerning windbreaks and shelters. It includes the whole art of making a delightful home, giving directions for nooks and balconies, for bird culture and for human comfort. Illustrated, 140 pages, 5 x 7 inches. Cloth, \$0.50.

Above are briefly described a few only of the many books on similar subjects which we supply.

To all who are interested in books on floriculture, horticulture, and vegetable growing, we will gladly send free our catalog of books.

506-7-8 MANNING CHAMBERS - TORONTO

For Vegetable Growers

(Concluded from page 314)

Celery culture—3 essays submitted.—1, J. Friendsnip, Kingston; 2, Geo. Syme, Jr., Carleton West; 3, J. N. Watts.

Onion culture—2 essays submitted.—1, T. Delworth; 2, J. N. Watts.

The sec. was authorized to watch closely any legislation that may be introduced at the approaching session of the Dominion House of Commons, in regard to the tariff on vegetables. As soon as the intentions of the Govt. are known, the various branches of the Provincial Assn. are to be written to that they may consider the Govt.'s proposals. Later, if necessary, a full meeting of the provincial board will be called to consider them. It is possible that a committee from the assn. will be sent to Ottawa to canvass members of the House for or against the proposals of the Govt.

It was decided to hold a series of meetings by the different branches during Jan. and to ask the Supt. of Farmers' Institutes to supply speakers to address these meetings.

A statement presented showed that there were 509 members of the assn., divided as follows: Toronto, 200; Hamilton, 81; Ottawa, 39; St. Catharines and Sarnia, 29 each; Kingston, 27; Scotland and Chatham, 26 each; Brantford and Tecumseh, 16 each; and odd members, 20. The sec's of the local branches will send reports to the sec. of the Provincial Assn. showing the work their branches have done during the year. These reports will be published in the annual report of the assn. Those present at the meeting were: Messrs. F. F. Reeves, pres., Humber Bay; W. A. Emery and R. H. Lewis, of the Hamilton Branch; R. Lankin, Jos. Rush, T. Delworth, G. Syme, Jr., and A. Shuter, of the Toronto Branch; W. C. McCalla, of the St. Catharines Branch; W. A. Broughton, of the Sarnia Branch; Denis Rocheleau, of the Tecumseh Branch; Wm. Bushell and Mr. Purdy, of the Kingston Branch; A. McMeans, of the Ont. Agri. College; Peter Carstensen and Wm. Tricks, of the Ottawa Branch, and the sec

The American Carnation Soc. will hold its annual convention and exhibition in Toronto on Jan. 23 and 24. Florists from all parts of Canada and the U.S. are expected to be present. On Jan. 15 *The Canadian Florist* will issue a special convention number that will include a history of the floral industry in Canada.
