

CALVARY, Jan. 17.—Our H. and F. Mission Circle held an open meeting on the evening of the above date. An interesting programme consisting of readings and recitations and an address by our former pastor, Rev. J. A. Baldwin, of Arkona, which was greatly appreciated by all. Music was furnished by the choir in a very creditable manner. The secretary's report was very encouraging and showed an advance on any previous year. Total for Home and Foreign Missions, \$33.60. At the close of the meeting a collection amounting to \$5.00 was received, which was equally divided between the Home and Foreign Circles. M E. H.

WOODSTOCK.—We too wish to be counted in as one of the many Bands that are working for the one great object of sending the Gospel over the seas. Our Band was organized last July. It is called the "Crawford Mission Band," of the East End Baptist Mission, named for Miss Bella Crawford, who gave so much of her time, talents and love to the work in this part of the town. Our Band was formed by the Sunday School workers as a whole—the older ones as well as the younger ones joining.—the older ones working with and teaching the younger ones. We take up a collection at every meeting. Our membership now numbers 71. Pres. Miss Mayberry; Vice-Pres., Miss T. Silcox; Treas., Miss L. Landon; Sec. Miss Annie Collins.

PAISLEY.—Our Mission Band, "The Cheerful Workers," was organized May 14th, 1894, through the Ladies' Mission Circle and the Young People's Society. Although we have not reported to the LINK, still we have been endeavoring to keep up the interest in missions. At our monthly meetings we have a suitable and profitable programme, consisting of readings, recitations and music, also a map exercise given by our pastor. Our membership fee is ten and five cents a year. We have voluntary collections. With a membership of forty, we hope to be in reality "Cheerful Workers" for the Lord.

HAMILTON.—The James Street Mission Circle held its annual open meeting on the evening of Jan. 3. The programme included appropriate musical selections. A Question Box on our work in India, conducted by Miss Feast; and an interesting paper on the life and work of Rev. A. V. Timpany, read by Mrs. Blanford; after which refreshments were served, and a time of pleasant, social intercourse enjoyed. Our membership now numbers 88, with an average attendance of 22 at our monthly meetings.
