

## TENDING THE FLOWERS.

A few weeks ago we had a picture of a little girl feeding her pigeons, to-day our picture shows a young lady tending her flowers. In each case care is being bestowed on lovely things which God made. Manifold are the wonderful works of God, and many of them marvellously beautiful. Yet few things that the Father has made are more lovely than the birds and the flowers. Let us learn to love them much and to thank God for this beautiful world in which we dwell.

## SHADI'S PRAYER.

A missionary lady had a little Hindoo orphan named Shadi living with her. She had taught him about Jesus, and one night when he was six years old she said to him. "Now pray a little prayer of your own." What do you think Shadi's prayer was? It was a good prayer for any little child to make, for it was this: "Dear Jesus make me like what you were when you were six years old."
