## *Give Your Cows a Square Deal*

What would you think of a farmer who would thresh his grain with a machine that would carry off one bushel in every four with the chaff? Wouldn't think much of his judgment, would you? Then what do you think of a man who still skims milk by the old-fashioned "setting" system and loses about one pound of cream in every four? Any creameryman will tell you that with a  

# *De Laval*

## *Cream Separator*

you can get as much cream from three cows as you can from four by a y gravity setting process, and besides, you will have nice, fresh, sweet milk to feed to your calves. Ask us to prove it. Try a *De Laval* at our expense. Write for particulars about our free trial plan
