"Now good digestion wait on appetite, And health on both," says the great Shakespeare, but he did not have in mind a coated tongue or torpid liver, with all the symptoms of biliousness, so common in this country. All this, and more, can be cured by Dr. Pierce's Golden Medical Discovery, a purely vegetable compound, which restores the action of the liver, gives tone to the flagging energies of the dyspeptic's stomach, and thus enables "good digestion to wait on appetite, and health on both." "It affords me much pleasure to recommend Hood's Sarsaparilla. My son was afflicted with great pain in the joints, accompanied with swelling so bad that he could not get up stairs to bed without crawling on hands and knees. I was very anxious about him, and having read

JOY BROUGHT TO ANOTHER HOME!

Suffering and Pain Banished.

Paine's Celery Compound Saves the Life of a Toronto Lady.

Mrs. J. Wickett says: "After Using Two Bottles of the Compound I Feel Like a New Woman."

A FIRMLY ESTABLISHED FACT:

When Doctor's Fail and Ordinary Medicines are Useless, Paine's Celery Compound Always Cures.

Results! honest results!! marvellous results!!! convincing and satisfactory to all fair-minded men and women. Even the skeptics and scoffers are brought to a knowledge of the truth by unassailable, rock-bottom facts and proofs.

In the vast field of medicines and medical preparations, time, experience and results have amply demonstrated the truth of the oft-repeated statement, that Paine's Celery Compound is the only true and honest life-saving medicine ever offered to suffering humanity.

The strong and vigorous testimony of Mrs. J. Wickett, of 169 Oak Street, Toronto, should tell the fainting and despairing hearts of all sufferers with fresh hope and confidence, and should at once lead every sickly person to the only medicine that makes people well.

Mrs. Wickett's letter read as follows:— "Last year, in the month of November, I was suddenly taken very ill with pleurisy and neuralgia. The pains in my shoulders and back were most intense, and caused me extreme suffering. For several weeks I was under the doctor's care, and gradually recovered from the attack of

pleurisy, but none of the medicines prescribed for me seemed to have any effect on the neuralgia which had, by this time, spread all over my body.

"I gradually became worse; my appetite was poor, and the pain never seemed to leave me for an instant. My life was becoming a burden to me, and I began to think I would never recover. I grew discouraged with the medicines I was taking, and happening to see a testimonial in the newspaper about Paine's Celery Compound, I concluded to get a bottle, although I had very little faith in patent medicines.

"Before I had finished my first bottle, I began to feel better. The pains and soreness greatly decreased, and gaining hope by my improved health, I finished the first bottle and bought a second.

"After using two bottles of your Compound, I feel like a new woman; my appetite has returned, the neuralgia has left me, and I am as well as ever. I felt very thankful for the benefit I have derived from your medicine, and take pleasure in recommending it to my friends. Should any one desire fuller particulars, if they will communicate with me, I will be happy to oblige them."
