

MONTREAL MINING EXCHANGE.

BIG THREE BECOMES ACTIVE — SUNSET REMAINS FIRM AND IS IN GOOD DEMAND—WAR EAGLE SELLS AT 281.

Montreal, Nov. 2.

Business was of an encouraging nature today. There was a genuine revival of interest in Big Three, Canadian Gold Fields continued to be active, as all other issues in which trading was participated in a satisfactory manner.

About 12,500 shares of Big Three changed hands, and although the price has not so far ameliorated to any extent, yet the tendency was upwards and the demand much more general and active, the price this morning was 11½, although 1,500 shares sold at 11, it closed with 11½ being bid for more.

Canadian Gold Fields ranks as a good second in point of activity and strength. Mr. J. C. Dreury, who at present is staying in town, and who is managing director of the company, in speaking of the progress made, says that "systematic development work is now in progress and over 2,500 feet of work has already been done on the different properties." The Canadian Gold Fields syndicate has recently purchased the Lake Shore group of Silver-lead properties, consisting of seven claims at Moyle City, B.C., on the Crow's Nest Pass Railway.

Deer Trail sold at 21½ to the amount of 1000 shares, it continues to show remarkable firmness. California, likewise, sold at 12½, and there was also a sale of 500 shares of King at 27.

There was a sale of War Eagle at 231, 1000 shares changing hands. The War Eagle company seem to be having a hard time with their new plant, litigation is already spoken of in connection with the James Cooper Company, who were under contract to install this plant, the new plant, it is said has been most unsatisfactory and in all probability action will be taken on account of alleged damages for breach of contract.

Broken lots of Slocan Sov. and Montreal G. Field sold at 35 and 11 respectively.

Virginia also sold at 5½ for a one thousand share lot.
