

grounds have been surveyed for the different races, and a cinder track, one hundred and twenty yards in length, has been laid. On this will be run the hundred yards dash and the hurdle race.

The entries are all in and are good both in quality and quantity. Among the entries are Bobbie Kerr, Frank Lukeman, Goulding, Knox, Barber and many others, besides our own track team which is a formidable one. Kinsella, who won the hundred yard dash in Hamilton; Smith, who did so well at the last meet; Corkery, Bawlf and others are on this team. The O.A.A.C. have also a good team entered. The fifteen mile marathon has a big list of entries.

A good day's sport is provided, and there should be a bumper crowd in attendance.
