OXYDONOR

Obviates the use of poisonous drugs. It renders the entire system so naturally healthy that disease can find no lurking place. It rids the organism of disease, and at any reasonable stage effects a rapid, natural cure, regardless of the gravity or form of the disorder.

Oxydonor compels the free absorption of oxygen through the lungs, membranes and skin. It strengthens the whole body, increases the vitality, brings sound sleep and good appetite.

OXYDONOR, in short, IS LIFE. It is an instrument of simplest form; its cost is not great, and with care it lasts a lifetime. It is made expressly for self-treatment by anyone.

Thousands of families depend upon this superior method for good health.

Descriptive book containing many grateful reports from those who have cured themselves mailed free to anyone.
