

COE'S SUPER-PHOSPHATE OF LIME.

MR. COE has received the following letter from the Reverend Mr. Papineau, of the Bishop's Palace, Montreal.

Montreal, March 2nd, 1864.

Sir,—Having been appointed Superintendent, last Spring, of the garden attached to the Bishop's Palace Montreal, I applied to our esteemed Seedman, Mr. Evans, for a few pounds of Coe's Super-Phosphate of Lime, in order to judge personally of its fertilizing effects as a manure, and to satisfy myself whether it really deserved the high reputation in which it was commonly held. [I generally distrust the reliability of widely advertised articles.] But now, Sir, I deem it my duty to assure you that the success of the Super-phosphate greatly exceeded my anticipations, and that I believe it to be superior even to its reputation. I planted a piece of very dry, hard and barren land with potatoes and Indian corn, manuring a portion with stable compost, another portion with common kitchen salt, and the remainder with the Super-Phosphate of Lime. The crop gathered from the plot manured with this latter substance was far more abundant, and was taken out of the ground fully ten days earlier than the crops manured with compost and salt. I have used the Super-Phosphate with equal success on onions, cabbages, beans and peas. The Super-Phosphate of Lime, in my opinion, is one of the most powerful and economical fertilizers known for the cultivation of gardens. It does not force all sorts of noxious weeds into existence like stable manure, but on the contrary, imparts rapidly of growth and vigor to the useful herbs. I cannot recommend it too highly to gardeners and others, convinced as I am that they will be well pleased with it.

Allow me to thank you, Sir, for the powerful fertilizer you sent me, and believe me to be, Sir, Your very humble servant, T. V. PAPINEAU, Priest.

UNITED STATES.

Washington, March 9.—A Council of war was held to-day, in which not only the President, Gen. Grant, Gen. Halleck, and most of the cabinet participated. All the military talent in which the administration has confidence was called in. The case submitted was that the February expeditions had miscarried, and the country was becoming dissatisfied. General Grant was called upon for his views, he responded in favour of the capture of Richmond as the first step in the campaign. Orders will instantly go to bring the 11th and 12th corps from Chattanooga, and the 16th and 17th corps from the Mississippi. All the troops that can be spared from other points will according to this statement be incorporated with the army of the Potomac and General Banks will be reinforced with negro troops, and it is expected that with aid of the fleet he will take Mobile. It is believed 250,000 men can be brought against Richmond at an early day. Gen. Grant protests against any further attempt to penetrate the Confederacy until Richmond shall have been taken. He places the highest strategic value upon the rebel capital, declaring that Cincinnati as well as Washington are threatened from thence. Who will command and what will be the route in this new move on Richmond my informant does not state. I think it probable that Gen. Grant will command the main column, with Sherman, McPherson, Meade and Hooker as subordinates.

TRAITORIOUS WORDS.—A Significant Test.—In one of the towns in Connecticut, just previous to our State election, several persons were discussing the measures and candidates of parties. The Republicans, one of whom was the Town Clerk, were bitter against Gov. Seymour, calling him a traitor and a friend of the South, asserting that he was in favor of the idea of the rebellion which was that the people of the South should govern themselves, independently of the North. 'Well' said a Democrat, 'do you oppose sentiments of that kind?' 'We do,' replied the town clerk, 'no one except a traitor will utter sentiments of that character.' 'Let me read them to you,' said the Democrat. 'I have them here, word for word; when correctly reported, you may not feel so bitterly hostile to the words uttered—they are as follows: 'Any people, anywhere, being inclined and having the power, have the right to rise up and shake off the existing government and form a new one that suits them better.'

'It is rank treason,' said one of the Republicans. 'It is Tom Seymour copperheadism,' said another. 'and the man who uttered those detestable words ought to be confined at Fort Lafayette, and to be fed on bread and water during the war. He is a traitor.' The Democrat laughed, and said, 'Gentlemen, Abraham Lincoln, the President of the United States, uttered these words.'

'It's a lie—Tom Seymour is the traitor!' exclaimed the Republicans. 'No, gentlemen,' coolly replied the Democrat, 'Abraham Lincoln is the author of the words you now pronounce as traitorous language. He uttered them in a speech delivered in the House of Representatives, in Washington, on the 13th day of January, 1848, on a question of a reference of certain portions of the President's Message. The speech is reported officially, in the Congressional Globe, and you may find it on the 94th page of the Appendix, and among the debates of the first session of the 30th Congress.' The Republicans denied it, and a bet of ten dollars was finally made that the words were not so reported in the Globe, in one of President Lincoln's speeches. The bet was decided in favor of the Democrat, on the 21st ult., on an inspection of the bound volume of the Globe, in the State Library at Hartford, containing the speech of President Lincoln, and the words were quoted.

What a commentary upon the senseless parrot cry of 'traitor,' uttered by fanatics who are generally quite ignorant of the meaning, and bearing of the epithets they so frequently use.—Hartford Times.

HOOPLAND'S GERMAN BITTERS.—It is over ten years since this celebrated remedy was introduced to the American public. During this time it has performed hundreds and thousands of the most astonishing cures, and its reputation and sale have now reached a point that surpasses any remedy for the present or past ages. It has acquired this great reputation, not by a system of puffing, but by the actual merit of the article itself. If you are afflicted with any of the diseases for which it is recommended, such as Dyspepsia, Liver Complaint, Nervous Debility, or Disorder of the Digestive Organs, it will not fail to sustain its reputation in your case. MORRAY & LANMAN'S FLORIDA WATER.—Tastes are as various in relation to perfumes as to wines. All gourmets, however, admire the Claret Champagne; and ladies of taste and refined perceptions, admit that the fragrance of MURRAY & LANMAN'S FLORIDA WATER surpasses that of every other floral essence, except the best Maria Farina Cologne. In South America the former is considered the finer article, and although recently introduced in this market, it is in equal favor with our fair countrywomen. Like the German Cologne it is prepared from fresh flowers, but as the aromatic vegetation of Florida is more odoriferous than that of Europe, the Florida Water (bearing the above trade mark) has decidedly a richer odor than any Cologne. LIFE HAS FEW CHARMS for the Dyspeptic, which is not to be wondered at, when we take into account the amount of bodily suffering which he endures. By use of the Oxygenated Bitters, the picture is reversed and the bright side of life appears.

SHAKING OF THE DRY BONES.—Do you belong to the Shakers! We don't mean the Shaking Quakers, but that melancholy tribe, who, with blue lips and chattering teeth, do penance every day, or every other day, or every third day, as victims to that remorseless fiend Fever and Ague. If that's your case, poor shiverer, know that HOSSETTER'S BITTERS will cure you, though quinine and all the perilous drugs of the materia medica, that undermine the constitution and shorten life, have been tried in vain. This glorious tonic will infuse new life into your emaciated frame, diffuse a beautiful glow through your torpid system, and break up the chills with absolute certainty. Your liver will resume its interrupted functions, your appetite and strength return, your complexion recover its healthy tint, and you will become in body and mind a new creature. As a preventive and cure of all maladies proceeding from miasma, and as a general invigorant and regulator of the debilitated or disordered system, HOSSETTER'S CELEBRATED STOMACH BITTERS are of unparalleled efficacy.

TRIUMPHS OF THE GREAT CATHARTIC.—From all quarters pour in continual proofs of the efficacy of BRISTOL'S SUGAR-COATED PILLS. In districts infested with chills and fever and bilious remittants, their success has been wonderful. One letter from a Western physician says: 'They are breaking up intermittent fever in this region. I prescribe them in all bilious cases, and consider them the best family medicine we have.' No less extraordinary is their effect in indigestion, and all the liver and bowel complaints to which he gives rise. The mildness of their operation surprises all who use them for the first time, while their searching properties are extolled with peculiar emphasis. They are rapidly superseding the old-fashioned drastic purgatives; and the fact that they do not deteriorate by keeping. They are put up in glass vials and will keep in any climate. In cases arising from, or aggravated by impure blood, Bristol's Sugar-coated Pills should be used in connection with the Pills. 421 J. F. Henry & Co. Montreal, General agents for Canada. A GOOD DEED.—All men should be proud of noble deeds and noble actions, and it is with pride we read this day call the attention of our readers to the name of a man who has done much to alleviate the sufferings of his fellow men. TO CURE TOOTH-ACHE.—Use Henry's Vermont Liniment. Saturate a bit of cotton and put it in the cavity of the decayed tooth. If the cotton will not remain, take a teaspoonful of the Liniment in a little hot water, as warm as you can bear it in your mouth and hold it there against the tooth as long as possible. Two or three drops dropped in the tooth will give relief. The first application may not always stop the pain, but repeated trials will certainly bring about the desired end. The Liniment is good for pains of all kinds. See advertisement in another column.

N. H. DOWNS' VEGETABLE BALSAMIC ELIXIR.

A CERTIFICATE WORTH A MILLION. In Old Physician's Testimony.

READ: Waterbury, Vt. Nov. 24, 1858. Although I do not like the practice of Physicians recommending, indiscriminately, the patent medicines of the day, yet after a trial of ten years, I am free to admit that there is one medicine before the public that any Physician can use in his practice, and recommend to the public with perfect confidence; that medicine is Rev. N. H. Downs' Vegetable Balsamic Elixir.

I have used it myself with the very best success, and now when ever I am troubled with a Cough or Cold, I invariably use it. I can cheerfully recommend it to all who are suffering from a Cough or a Cold, for the Croup, Whooping Cough, & all diseases tending to Consumption, and to the Profession as a reliable article. I am satisfied of its excellence beyond a doubt, having consulted personally with the Rev. N. H. Downs about it. He informed me of the principal ingredients of which the Elixir is composed, all of which are Purely Vegetable and perfectly safe.

A GREAT TRIUMPH.

Read the following letter from one of our most respectable citizens:—

Messrs. Devins & Bolton, Druggists, Notre-Dame St., Montreal:—

Gentlemen,—Having suffered severely for four years from palpitation of the heart and frequent attacks of fever and ague, with loss of appetite and great pain after eating, attended with weakness and gradual wasting away of body, I was induced to try ERISTOL'S SASSAPARILLA, and found from the first bottle considerable relief, and before I had finished the sixth, found my maladies completely removed, my appetite good, and my body vigorous and strong. I feel it my duty gratefully to acknowledge my cure, and to remark I had previously been under the first physicians in Toronto, Chicago, Cleveland, and Toledo, without receiving any permanent or even satisfactory relief.

Yours gratefully, ALFRED TUCK, Soap and Candle Maker, Craig Street, Montreal. May 10, 1863.

WISTAR'S BALSAM

WILD CHERRY

Has been used for nearly HALF A CENTURY. With the most astonishing success in Curing Coughs, Colds, Hoarseness, Sore Throat, Influenza, Whooping Cough, Croup, Liver Complaint, Bronchitis, Difficulty of Breathing, Asthma, and every affection of THE THROAT, LUNGS AND CHEST. Including even CONSUMPTION.

There is scarcely one individual in the community who wholly escapes, during a season, from some one, however slightly developed, of the above symptoms—a neglect of which might lead to the last named, and most to be dreaded disease in the whole catalogue. The power of the medicinal gum of the Wild Cherry Tree over this class of complaints is well known: so great is the good it has performed, and so great the popularity it has acquired.

In this preparation, besides the virtues of the Cherry, there are commingled with it other ingredients of like value, thus increasing its value ten fold, and forming a Remedy whose power to soothe to heal, to relieve, and to cure disease, exists in no other medicine yet discovered.

CERTIFICATE FROM L. J. RACINE, Esq., of the Minerva:— Montreal, C.E., Oct. 20, 1858. S. W. Fowle & Co., Boston—Gentlemen,—Having experienced the most gratifying results from the use of Dr. Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For five months I was most cruelly affected with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. In October the symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found immediate relief, and after having used four bottles I was completely restored to health. I have used the Balsam in my family and administered it to my children with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy par excellence.

Your obedient servant, L. J. RACINE. CURE FOR WHOOPING COUGH. St. Hyacinthe, C.E., Aug. 21, 1856. Messrs. Seth W. Fowle & Co., Gentlemen—Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of your Dr. Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce any body to use your Balsam I shall be glad, for I have great confidence in it.—Yours, P. GUITTE, Proprietor of the Courier de St. Hyacinthe.

CORNWALL, C.W., Dec. 29, 1859. Messrs. S. W. Fowle & Co., Boston—Gentlemen—Having experienced the beneficial results of Dr. Wistar's Balsam of Wild Cherry, in my own person and with other members of my family, in cases of severe coughs and colds, I unhesitatingly give you my testimony, believing it to be the remedy 'par excellence' for all diseases of the throat and chest, and would sincerely recommend it as such.—Yours, &c., JOS. TANNER.

FROM A HIGHLY RESPECTED MERCHANT AT PRESCOTT, O.V. I with pleasure assert that Dr. Wistar's Balsam of Wild Cherry, is, in my belief, the best remedy before the public for coughs and pulmonary complaints. Having tested the article with myself and family, in cases of severe coughs and colds, for years, with uniform and unexceptionable success, I unhesitatingly recommend it with full confidence in its merits. ALFRED HOOKER.
