

A Non-Halation Plate for Canada.

Our readers will no doubt be interested in learning that the Anderson Robinson Co., now well known as the makers of the Star and Eagle dry

plates, have acquired the sole right to manufacture the Wuestner "Imperial" non-halation plate for the Dominion of Canada. The difference between the ordinary and the non-halation plates is well shown by the illustrations published

in this issue. The character and quality of these plates is well defined by the following clipping from a recent number of the *Photographic Times*:

"Wuestner, of Jersey City, has very much improved upon the best efforts in
