

Superb Suits for Women

This department has been added to our big Millinery and Fur Store. It is intended to offer the ladies of Toronto an unusual opportunity to secure some ultra-fashionable suits at a more than reasonable figure. We are making the prices very low to induce buying in this new department.

For the suits and skirts we will say that no expense has been saved to secure the very newest designs being shown in New York, and these have been duplicated with great care and taste.

The suits range in price from \$15.00 to \$25.00, and the range in styles is more extensive than that.

A walk through the department will repay you for the trouble, and should you purchase, the visit will be repaid in a more substantial manner in the saving you effect.

Write for new fashion plates and price-list.

Natty modern & tely priced suit, same design as above, but trimmed with satin and fancy buttons on pockets, collars and cuffs, three-button effect; two pockets; broaded lining.

Fancy diagonal waves of brown, black, navy, green, taupe, mererized blue cadet lining, \$15.00.

Same style in very fine French serge of blue, black, green or grey, \$15.00.

PLACED POLES TO BLOCK HYDRO-ELECTRIC LINE

Cataract Power Co. Begins Construction of Line Without Permission of Hamilton Council.

HAMILTON, Sept. 19.—(Special.)—The discovery was made at the city hall to-day that the Cataract Power Company was constructing a transmission line across the inlet at the foot of Wellington-street, near where the hydro-electric line will run on its way to the beach pumping station. City Engineer Macaulay was asked about this, and he stated that he had heard some poles were being placed there and thought they were being erected by the commission. When told that they were Cataract poles he said no permission had been obtained to place poles there and that they would have to come down. At the Cataract Company's office it was stated that the poles were being erected in connection with the transmission line to the Olive works.

It is thought that the Cataract Company started to place poles there in an effort to block, or cause delay in the construction of the hydro-electric line, and the matter might result in something of a wrangle. The police arrested two Italians, Bradson and Odineotti, on a charge of stealing umbrellas from a store on South John-street. John Timson and Thomas Johnson were arrested on a charge of stealing goods from the store of William E. Glover, 22 East King-street.

The fire department had a run to-night to the rear of the Masonic Hall, where some large packing cases had been fired by mischievous boys. At last Friday's district meeting of the S. O. E., the statements of Father Vaughan regarding Protestantism were discussed and a strong resolution passed indignantly protesting. Father Vaughan's remarks were stated to be unwarrantable and abusive to the religion which has made the British Empire what it is to-day.

any, and that the local force is good enough for him. He found it was easy enough to get on the Philadelphia squad, but he did not relish it. The wages were actually lower than they are here, \$12.5 a day being offered for a start, and \$3 a day being the maximum. In addition to that, the applicant is required to produce \$125 for uniform, while the city pays \$40.

As Brannan had a lot of fine work to his credit, and as he resigned from the force, he may be granted reinstatement.

BOTHA MAY THROW OVER HERZOG.

PRETORIA, Sept. 18.—The decision of General Botha not to resign the premiership means that Merriman has probably assumed the support of the Cape Dutch, and that Gen. Botha is considering the desirability of throwing over Herzog.

WINDSOR DEPUTATION DEMAND RESTORATION

Hon. J. O. Reame Asked to Have Mahoney and Campeau Restored.

WINDSOR, Sept. 18.—(Special.)—Hon. J. O. Reame, minister of public works, had a new situation to face here to-day when he was waited upon by a large deputation to protest against the suspension of provincial Constables Mahoney and Campeau.

A lot of local excitement was developed over what is termed the high-handed action of Superintendent Rogers in attempting to enforce an obviously absurd regulation. It was pointed out to the minister that a district of 25,000 people was managed by the criminals of the United States, and no vigilance officers were on duty. Apart from the merits of the question, the deputation demanded that the suspended officers be reinstated, in order to give the district some measure of police protection.

It was also pointed out that apparently the government's intention was not to dismiss these officers from the service, as two years ago their salaries were increased by something like \$100, but since the reorganization they have been cut down by \$300, which they claim is an injustice.

Among those who constituted the deputation were: Mayor J. W. Hanna, ex-Mayor John Daniel, ex-Mayor O. E. Fleming, His Honor Judge McHugh, Police Magistrate E. J. Leggart, J. A. H. Campbell, ex-chairman of school board; W. G. Kennedy, ex-president of board of trade; ex-Ald. J. H. Connelly and Dr. E. R. Cruickshank.

"Fuss About Buttons and Braid."

Attorney-General Foy adheres to his decision not to discuss the situation with the press for the time being. When seen last night he said: "It seems to me that a lot of fuss is being made about buttons and braid. The government has established a set of regulations, and so long as those regulations remain in force they must be observed. The disobedience of regulations involves a penalty. The suspension of Constables Mahoney and Campeau at Windsor, for not wearing the uniform, as is alleged, is purely a domestic matter, and one which I must decline to discuss with the press. At the same time, the entire question is before the government, and when a conclusion is reached it will doubtless be announced."

EMPTYING RESERVOIR

The novelty of seeing the reservoir emptied of water is a curious sight seen yesterday. By the end of the week about one-third of the weed and moss-covered bottom was exposed to the air. The water was busily engaged in tearing away the substances clinging to the layer of sludge, but thus far no gruesome remains of the former infantile remains, such as were expected to exist, have been found.

The water is being discharged through two six-inch outlets, one emptying into the form of infantile remains, the other into the Rosedale Creek.

In the hope that the fishing might be good, some persons unknown placed a net over the outlet, beginning about 12 feet and the other, which comprises about two-thirds of the area, was much better. The net was about 12 feet and the other, which comprises about two-thirds of the area, was much better. SPENT A BUSY DAY

Cardinal Vannutelli Entertained by Orphans and Visits Schools.

WINDSOR, Sept. 18.—(Special.)—Cardinal Vannutelli, papal legate, spent a busy day in Windsor, beginning his work at an early hour. At 7 o'clock he said mass at the chapel of the Grey Nuns, and took breakfast there. At 8.30 he was at the Hoopoe, where an entertainment was presented by the orphan boys and girls under the care of the church. He then attended, in company with the Hon. J. O. Reame, the reception at St. Mary's Academy, and also visited the Ruthenian, German and Polish schools. At noon he was at the St. Boniface Home, which he inspected, and where he took lunch. In the afternoon he was present at a public reception at Government House. He left this afternoon for St. Paul.

WAS WAITING FOR MRS. CRIPPEN TO RUN AWAY

Startling Evidence in Regard to Miss LeNeve's Relations With the Doctor.

LONDON, Sept. 18.—Something of what Ethel Claire Le Neve suffered as a "heir mad" with jealousy, she impatiently awaited the fulfillment of Dr. Hawley H. Crippen's promise to make her his wife, was revealed at to-day's session of the inquest into the death of Belle Elmore, with the murder of whom the doctor and his typist are jointly charged.

In her distress, Miss Le Neve confided in her landlady, Mrs. Jackson, and the story that the latter told on the witness stand rivaled the most sensational evidence introduced at the murder trial.

Mrs. Jackson said that the accused girl gave up the room which she had occupied at the home of the witness on March 12, explaining that she was leaving to be married to Dr. Crippen.

Until the first week in February Miss Le Neve had slept regularly at Mrs. Jackson's. After that she stopped at the house only occasionally. She said that she spent the other nights at the homes of friends. On one occasion Miss Le Neve mentioned having been at the home of Dr. Crippen, early in February, to help the doctor in a search for a bank book which showed an account for \$100. She added that a diamond tiara and rings had been found in the house and that the doctor had raised \$850 on February 2.

About the middle of February the witness said Miss Le Neve appeared most miserable and depressed. The landlady insisted upon an explanation, telling the girl that she must have something awful on her mind to be in such a condition. The witness testified that she replied:

"I would not be surprised if I told you that it was the doctor and Mrs. Elmore? He was the cause of my trouble when you first knew me. She is his wife, and when I see them go away together, I feel as if I am in a position, as to what she is and what I am."

Mrs. Jackson asked: "What is the use of worrying about another woman's husband?"

To this Miss Le Neve answered: "Miss Elmore has been threatening to go away with another man. Dr. Crippen has been waiting for her to do so when he would divorce her."

Solicitor Newton, who is looking out for the interests of Dr. Crippen and Miss Le Neve, closely cross-examined Mrs. Jackson, suggesting that her lodger's excitement was due to the landlady having resurrected a trouble which she had experienced during her earlier association with Crippen, but the witness maintained the correctness of her evidence as given.

Another witness, Dr. H. Crippen, who was brought in by the wife of Dr. T. H. Burroughs, Crippen's closest friend in London, identified a lock of hair which was discovered by the coroner in the human body, in the cellar of the Crippen Hilldrop Crescent home, as being from the head of Belle Elmore, as Mrs. Crippen was known on that stage.

Prof. Pepper, the pathologist, repeated the testimony which he had given at the trial in the Bow-street court. In response to questions by the coroner he said:

"I can form no definite opinion as to whether the parts found were those of a male or female. If I take the case as it stood, I am of opinion there is a strong presumption, almost conclusive evidence, that the parts were those of a woman."

Railway News.

Chairman A. W. Smithers and President C. M. Hays of the Grand Trunk Railway arrived by special train yesterday from Detroit at 3.30 p.m. They were accompanied by Mr. Smithers' son and daughter, Assistant Secretary H. Deer, Transportation Manager W. G. Brownlee, Chief Engineer H. G. Kelley, Vice-President E. H. Fitzhugh, Freight Traffic Manager J. W. Lord, Car Superintendent J. Coleman, Motive Power Superintendent W. D. Robb and several ladies. The train consisted of the cars Algonquin, St. Clair, Ontario, and Bonaventure.

Mr. Hays only spent about an hour in the city, most of which was devoted to a stroll in the neighborhood of the Union Station, where he pointed out some of the picturesque spots of the Grand Trunk property south of Front-street to Chairman Smithers, while Mr. Brownlee attended to the baggage of some of the ladies who are stopping over at the King Edward.

During the train was taken to Parkdale and returned, and immediately on its return, at about 4.30 p.m., the party went on board and drew out for Midland, where they are to inspect the big terminal.

Mr. Hays accorded but a moment to the newspaper men, in which he said that the railway was not booming out west, and that the road of the G.T.P. was in excellent shape so far as it went, the progress was a good deal slower than he would like to see. "There is a general scarcity of labor," he said, "even in the case of farm hands."

Asked for information as to the rumor that consolidation of the railways in the Canadian west, or at least a working amalgamation, is a near possibility, Mr. Hays had nothing to say, but was new to him.

A message from Transportation Manager J. E. Walsh of the Canadian Manufacturers' Association was received yesterday, stating that his son, J. P. Walsh, had been the victim of a shooting accident at Walkway, Sask., resulting in the amputation of his left foot. Mr. Walsh heard of the accident while on his way to Vancouver to attend the C.M.A. convention, and hurried to Walkway, where he is now with his son, who he says is doing well after the operation. Young Walsh is in the employ of the Grand Trunk Pacific construction department.

Four trains, representing all three big railway companies, have been taken to the Union Station this morning, resulting in the laying off of 25 employees. Work will be provided for these men as soon as possible.

United States Railroads, it is reported, are looking to Canada to modify the immigrant rule regulation which requires the return of deported aliens even beyond the year's terminus.

SAV. N. TORONTO IS NOT TO BLAME FOR DELAY

Town Has Tried to Push Along Parallel Roads—West End Men Don't Want Jane St. Closed

At yesterday's meeting of the York Township Council, the issue concerning the proposed extension of the parallel roads, the question was never once mentioned. The absence of Rev. George S. Henry, together with Deputy-Reeve John Watson, may have had something to do with the matter, but the fact remains that the whole thing is in so far as the general public is concerned, a complete standstill.

In this connection Mayor Brown of North Toronto takes exception to the statement of Monday, that the town was afraid of arbitrary proceedings, as well as the question of the proposed extension of the parallel roads. "It is no right to appropriate does not rest with North Toronto," said his worship last night, "but with everything we could to hurry on the work, but the conduct of the whole initial proceedings must be remained rests with the township, and we can only go as fast as they themselves proceed."

The different steps taken, which would seem to indicate clearly that the onus does not rest with the town.

"This thing has dragged unmercifully," said Solicitor T. A. Gibson last night, in discussing the eastern parallel road from Mount Pleasant Cemetery. "And the whole proceedings should have been much further advanced than they are to-day. I have in my pocket now," said the solicitor, "a letter from Mr. Spence of Master, Start & Spence, in which he says that an offer will be made to the company for the two acres required at a rate of \$3000 an acre. At the same time, the township engineers, and this also will be submitted to the township board for their acceptance or rejection."

"As for the North Toronto Township Council's reluctance in taking up arbitration, as suggested by The World of this morning," said Mr. Gibson, "the act specifically states that York Township is alone empowered to do so, and we—the township—is vitally interested in the whole proposition, are only present thru courtesy. But I am hopeful that after all the work will go forward."

It is not for one moment thought around town that the Toronto Trusts Company will accept the offer to be made, and that arbitration proceedings will follow thereupon. The past history of the company does not lead to the belief that the offer, however generous, will be entertained. At the same time, it does seem as the York Township, although the offer, however generous, will be entertained. At the same time, it does seem as the York Township, although the offer, however generous, will be entertained. Was Brutally Assaulted.

Année Fields, 148 Elm-street, who charges George Flake, a Macedonian, living in Bathurst-street, with brutally assaulting her at her home on Saturday night, risked her life yesterday to appear in court to testify against him. So serious was her condition that she was taken in the ambulance from the court to St. Michael's Hospital.

According to her story, she was standing in her doorway when the man approached her. The man, who was drunk, threatened her and forced her into her bedroom. There he attempted an assault. She fought him off, but he struck and kicked her cruelly. Policemen may place Flake under arrest. He was remanded a week.

W. E. Baker of Simpson-avenue Church, Toronto, a former pastor here. On Monday a grand concert will be held in the church at 8 o'clock. A splendid program has been prepared, when members of the Handelsschool Choir, the Meredith Orchestra, and others will take part.

NORTH TORONTO.

NORTH TORONTO, Sept. 18.—(Special.)—The condition of Samuel Hayes, the contractor injured on Saturday afternoon by being run over by Mr. Douglass's sidecar, on Yonge-street, by a Metropolitan car, continues unchanged. At 3 a.m. he was still unconscious, never having recovered consciousness since being picked up. His condition is regarded as very serious.

To-morrow night's meeting of the town council bids fair to be an important one, as it is probable the council will take some definite action with respect to the proposed extension of the parallel roads, the question of the proposed extension of the parallel roads. The council will take some definite action with respect to the proposed extension of the parallel roads. The council will take some definite action with respect to the proposed extension of the parallel roads.

YORK TOWNSHIP COUNCIL

Big Deputation Oppose Any Attempt to Close Jane Street.

With only three out of the five members of the York Township Council present at Monday's meeting, business might naturally be expected to move along something of a routine, but it was one of the biggest in point of numbers that the council chamber has held for a long time. And it all came thru the old and vexed question of the Jane-street crossing in the west end, and in every direction and in some more than right on the outskirts of West Toronto. It is a question of the Jane-street crossing in the west end, and in every direction and in some more than right on the outskirts of West Toronto.

The meeting was opened by the Mayor, who stated that the council had a very important matter to discuss. He then turned to the question of the Jane-street crossing, and stated that the council had received a deputation from the residents of the west end, who were opposed to the proposed extension of the parallel roads. He stated that the council would have to consider the matter carefully, and that he would not be able to give a definite answer at that time.

The deputation, which was led by Mr. Barker, stated that they were opposed to the proposed extension of the parallel roads, as it would result in the closing of Jane-street, and would be a great inconvenience to the residents of the west end. They stated that they would be willing to accept any reasonable compromise, but that they would not accept the proposed extension of the parallel roads.

The Mayor stated that he would refer the matter to the council, and that he would try to find a way to satisfy both sides. He stated that he would not be able to give a definite answer at that time.

The Mission Sewing Circle tea and sale of work will be held in the Methodist Church schoolroom on Sept. 21th.

The Methodist Church, which has been closed during the last three weeks, will be reopened on Sunday. During that time union services were held in the church by Rev. A. H. MacGillivray, who delivered the first of a series of sermons on "The Life of Moses" on Sunday. Next Sunday the harvest home services will be held.

The regular meeting of the board of health and the town council will be held in the council chamber at 8 o'clock to-night.
