FEATURE AT ALLEN

Marguerite Clark, presented by Adolph Zukor, in "Prunella," is the featured attraction at the Allen Theatre this week. Capacity audiences filled the theatre all day Saturday to watch this most famous postrayer of child roles in screenland. The film version of 'Prunella' represents one of Maurice Tourneur's genuine screen masterpieces, and reveals Miss Clark in new and fascinating moods as the heroine in one of the most fascinating romances of the speaking or silent drama. "Prunella" was first given to the public as a stage offering written by Granville Barker and Laurence Housman, with Marguerate Clark starred in the title role.
