CANADA'S BIRTHDAY

Duke of Connaught and Premier Borden Were Present at Great Gathering.

A UNIQUE HOLIDAY

Many Leaders Present From British Army to Do Honor to the Canadians.

London, July 5.—In France, within sound of the guns, with airmen holding the air marshes, a great meeting of Canadians celebrated Dominion Day and welcomed the Duke of Connaught, late governor-general, and Sir Robert Borden, prime minister of Canada. In a great natural Niagara Falls Man Agrees to amphitheatre - our national holiday was celebrated with an enthusiasm never equaled at home, and an event and a program unique in the allied armies. "Like a scene from ancient Rome," said a famous Polish representative to the commanders of Canadian forces as he surveyed the

vast multitude of soldiers. Watching the picked men from every division compete in every known athletic sport, swinging round the track came four hundred athletes representing each division, athletes representing each division, picked men eager to uphold the honor of their units. Overhead a famous Canadian aviator thrilled the crowd with daring turns and dropped crowd with daring turns and dropped a message of good-luck to his compatriots and sped away to lead his Grand Island and used as an hotel. squadron across the German lines to hold the Hun while the national day ing liquor traffic into Canada has

Representatives from every allied adjourned for another eight days to give Dingman a chance to blow up to the Maple Leaf men of giving the greatest and most unique holiday greatest and most unique holiday ever seen in Europe. It was a wonderful Canadian reunion, men of Ypres, Festubert, Somme, Vimy and Passchendaele met for the first time Canada. Passchendaele met for the first time since they went against the Huns on those glorious days. The nursing sisters came from base casualty hospitals, and they were cheered by men who had been brought back to health and strength by their watchful care and devotion. From the British army came many great leaders to do honor to the Canadian force and witness the Canadian celebration. The navy was

Early in the morning men from all parts moved towards the great gathering The prime minister and his colleagues arrived from Vimy and received a great ovation. The Duke of Connaught was received by one of the finest guards ever paraded in France. The guard was drawn from a famous brigade commanded by an officer from the first force, who has had a great record in the field. The guard vas cheered by the whole army, proud of their fine showing.

Many Games. Baseball, lacrosse, football, tennis were all carried on at the same time, while the famous circus of the westfurnished a humorous part. The baseball game final went The game was witnessed by the Duke of Connaught, Sir Robert Borden and the ministers. Foulkes, of Victoria, and McAvity, St. John, played a draw in the tenuis singles, while Foulkes and Maynard won the doubles final from McAvity and Bresy.

The hundred vards race was run four minutes forty-one seconds. During the sports, aeroplanes photographed the scene. The pictures were developed and the airmen returned, fropping them in the grand stand. The grounds were splendidly arrang-, and it is claimed were better than at the first stampede in Calgary.

The grandstand was three hundred yards long, with special stands for distinguished visitors.

other expenses. Sir Robert Borden says it was the greatest day of his life, Hon. J. A. Calder remarked that he had seen many thousand Canadian gentlemen gathered at one point in France. Hon Arthur Meighen could not comment on the program, as he said he was busy meeting old friends to witness the sports. No unfavorable incident marred the day. Despite the immense crowd there was no wrong act or sign of ill-feeling. Hon. N.

W. Rowell was much impressed by the wonderful order and conduct of The sports concert party gave an entertainment, there being present over ten thousand. Sir Robert Borden received a wonderful welcome. He addressed the men. "How about leave, Sir Robert?" yelled someone.
"Every Canadian has long leave to

do his best to beat the Hun." retorted the prime minister, and ten thousand soldiers sprang to their feet. cheered, and waved their hats at this sentiment. There never was seen such a gathering or program in Europe. It was Canada's Day, and Canadians are proud of its great success.

A WASTEFUL SYSTEM

Report of Conservation Commis sion Suggests Remedies for Careless Insurance.

Ottawa, July 4.—Canada's annua fire waste amounts to \$2.73 for every man, woman and child, and is larger than that of any other civilized country in the world, according to a most exhaustive roport by the commission of conservation on fire waste in Canwaste, the commission asserts, is sanping the economic vitality of the country and the immediate adoption of compulsory fire-prevention measures is necessary. The investigation also revealed the fact that the expense of the present agency system.

The report, which was compiled for \$150,000,000 represents cost of maintaining public and private fire protection services, whilst \$197,00,000 is the amount of insurance premiums paid but not returned to policy holders in compensation for losses. In 000,000 is made up of direct fire losses, cents in England, 74 cents in France, 28 cents in Germany and 13 cents in reverted to private rank, joined the Switzerland. A disquieting feature is that the losses in this country are in-

creasing with great rapidity.

Caused By Carelessness. The commission says that seventy per cent of the fires in Canada are caused by carelessness, faulty building construction, arson and lack of fire prevention laws. Such laws as exist being poorly enforced. Canadian fire departments are described as the many officers of senior rank, but do not have the test to somewhere, but I have not had it. preventing a steady growth of fire

The pullicular terms of shorncliffe." duct a campaign to educate the public headquarters is in maintain a testing laboratory to establish standards in building mater-

ials and devices.

The commission contends that the high cost of doing business implies extravagant administration on the part of the insurance companies, that from 1869 to 1916 the public has paid the insurance companies 65 cents for distributing every dollar of indemnity. This, it continues, gives food for thought when it is remembered that, under present government management, the collection of customs and inland revenue costi less than five per cent. of the receipts. Since the establishment of government insurance in New Zealand in 1905 the rates on mercantile risks have been reduced 10 per cent. and on dwellings 33 1-3 per cent. The report asserts that insurance agents in Canada are paid, on the average, a commission of slightly over 20 per cent., obviousa large expenditure on middlemen. It is also stated that the number of agents is excessive, a circumstance which makes necessary a higher com-

mission than is economically neces-Commissions Responsible. "The root evil of the insurance business and one of the greatest factors in the excessive fire waste in Canada is undoubtedly the method of compensating agents solely on a commission basis," the report declares. The careless agent is paid equally well with the careful agent. This tends to over-insurance, carelessness in the use and care of property, and arson, all of which cause a heavier fire waste. The remedy for this, the commission states, is a profit-sharing commission for agents, whereby those who write good risks be more highly remunerated than those who write bad ones. The Canadian Fire Underwriters' Association, it is pointed out, has at-tempted, but failed, to enforce a

similar system of contingent commis-sions on account of the disadvantage under which it would place its members in competition with non-board companies. The commission of conservation, therefore, recommends that iform legislation be drafted into the Dominion and Provincial Insur-ance Acts to establish the principle of profit-sharing commissions for all ompanies, leaving the companies and their agents to work out the details.

APPEAL TO STRIKERS. Crothers Sends One to Vancouver Men But Gets Unsatisfactory Answer.

Ottawa, July 5.—The minister of labor last night sent a strong plea to the workmen on strike in Vancouver and Victoria asking them to return to work until differences with their employers could be adjusted, in such a manner as provided by law. This plea took the form of a telegram addressed to Gordon Kelly, president of the trades and labor council of Vancouver, and signed by F. A.
