

town cross-town railroad tracks will become busier and busier as the city enlarges. The incoming of the soldiers, and the visits of the Prince, alike testify to the value of the northern line. The people who come from and go to Ottawa and Montreal, via the northern line, are so many forerunners of things to come. If you have occasion to go to Owen Sound, you will perceive the North Station, to which other localities will become more and more tributary.

Is Union Station, Too.
Most people think the North Station is entirely a C.P.R. affair. That is a mistake. It is really a Union Station, the union awaits consumption. It was built by joint arrangement between the Canadian Pacific and the Canadian Northern. It is, therefore, a Canadian National Station, and whenever it is expedient to run trains from the present Grand Trunk system in and out of it, the change can be made.

The C. N. R. has the right to use all the tracks between Leaside and West Toronto. Provision is made for four inside passenger and two outside freight tracks; the C. P. R. to do the switching to and from factories on the south, and the C. N. R. to do the switching to and from the factories on the north, the railway, as the C. P. R. can and repair shops are at Leaside, a stone's throw from the C. P. R. station, the great advantage of the new Canadian National.

But there is more in this northern cross-town railway situation than the average passenger unfamiliar with the economies of railway operation apprehends. When you come from the Union Station to Montreal or Ottawa, by C. P. R. or Grand Trunk, you are engines puffing prodigiously—sometimes apologetically. Each puff costs money. Engine breath is expensive. On the continent hundreds of millions of dollars have been spent to save engine-coughing. Much of the C. P. R. has been rebuilt between Winnipeg and Calgary, to reduce grades. The hilly road is the costly road.

Nowhere in Canada is that more true than in Toronto. When you come in from Chicago, via Guelph, or when you drop from high ground to lake level, and then climb again over Scarborough Heights. To get out of the Don Valley to Leaside the C. P. R. has to climb to the level of the North Station, then some. To get an idea of what this means walk swiftly up Yonge from Front street to Bloor, and you will learn that it is a bigger, longer hill than you suppose.

To get out a prodigious amount of costly climbing, then, the future will see an increasing use of the West Toronto. Leaside tracks, which carry also a revision of other arrangements particularly in the eastern suburbs. What the Bloor street viaduct has done for the Danforth district, one of these days will be repeated on a larger scale, by a bridge over the Don bridge works into Toronto. The bridge will give new connections with the Canadian National line—the Grand Trunk to Scarborough, and the Canadian Northern Ottawa line—and will enable the C. P. R. to get to Agincourt by a very much lighter grade than it now has. The bridge will probably be a double-decker, carrying ordinary road traffic and electric cars as well as steam trains.

Right here, where we are at work that principle of co-operation, entirely for the public service, between all the ways, which the public control of the Union Station brings into action on the water front, and you will learn that the fundamental commercial facilities of the city of the open gates.

SCORE'S MODEL SUITS AT AWAY UNDER VALUES.
These model suits are those individual styles which our traveling representatives have been carrying during the autumn selling trips. They certainly are models in every sense of the word. The clothes, the workmanship and the styles, are as good as the day they came from. Scores, Tailors and Haberdashers, 77 King West.

YORK TOWNSHIP
YORK TOWNSHIP BUILDING.
The outlook for an open winter with good building weather is causing a rush for permits at the York Township offices. Twenty-four permits for residences were issued yesterday and another for a \$60,000 addition to Second School at the corner of Second street and Barrington avenue. Two wings of four rooms each will be added to this school, making 20 rooms in all. The school will also be equipped with a gymnasium room and swimming tank.

Application will be made in a few days for permits to erect two new schools in Fairbank. These schools, with the land, will cost about \$200,000. Plans are being prepared for half a dozen residences to cost from ten to fifteen thousand each, on Spadina road just outside of the city limits.

Piles Cured in 6 to 14 Days.
Druggists refund money. PAIN OINTMENT fails to cure itching, blind, bleeding or protruding piles. Stops irritation. Softens and restores. You can get restful sleep after the first application. Price 60c.

In 1917 the number of postage stamps of all denominations issued in Canada numbered 957,051,564, having a total first of the kind of which any part was value of \$32,174,602.

Saves Fuel Bills—Stops Many Ills

THE King Hot Water Boiler and Imperial Radiators distribute unfailingly an ample volume of warmth to every room, burning much less coal than the old-fashioned hot air furnaces. A King Hot Water Boiler should be installed in every home before the coming winter.

BEACHES SCHOOL CLUBS FORM REFORM SOCIETY

Representatives of Organizations Unite to Oust Board of Education.

The Educational Reform Association was inaugurated last night at a well attended meeting of representatives from the various home and school clubs, ratepayers' associations, W.C.T.U., Local Council of Women and other bodies for the express purpose of selecting candidates for the forthcoming board of education election.

Sgt. Major McNamara, D.C.M., M.L.A., who presided, outlined the aims of the new organization, which was called into being owing to the city wide dissatisfaction with the present board of education.

The extravagance of the board was dwelt upon at some length by Geo. R. Ellis, Warden of the city, who urged immediate action in the selection of candidates to bring about a change in the board. He pointed out that the board was the muddling of the gang at the head of the parade.

Mr. Ellis, who was seconded by the movement to oust the present board, should be, he suggested, non-political and non-sectarian with all citizens united for one purpose to break the existing clique.

Mrs. Siegel, Beaches, pointed out the many acts of discrimination perpetrated by the school board, men transferred from one school to another without sufficient cause, placing capable senior men in junior positions, ignoring requests of deputations with added discourtesy; extravagance and incompetence.

"We must use a machine similar to the politicians to gain our object," said Mrs. Siegel, whose remarks were enthusiastically applauded.

The origin of the movement was outlined by Mr. Leary, who pointed out that the residents in the Beaches district were thoroughly incensed at the board's attitude towards the school. The Williamstown road and Ryerson schools appointments. Other speakers were T. Howard and T. Hemphill and Harris, thru whose efforts the organization was formed. S. H. Stock, Ward, W. Mullen and Norman McEwen.

The following officers were elected: Norman McEwen, president; Norman McEwen, secretary, and one representative from each home and school club, ratepayers' associations and other organizations.

THE FORWARD MOVEMENT
Rev. Jas. H. Boyd, pastor Waverley Road Baptist Church, speaking on the subject of the forward movement before a crowded congregation recently urged the consecration of the individual life to God, the consecration of the individual's service to God and the consecration of the individual's substance to God, if there was to be any real forward movement.

He stated that "It is the supreme duty of the church to reconstruct society."

He then dealt with the evils which afflict humanity in every land, viz., drunkenness, slavery, lust, crime, crime, crime, (as distinguished from poverty) and war. These things, said the preacher, are utterly inconsistent with the Kingdom of God. Dealing with the sum of three hundred thousand dollars to be raised by the Ontario and Quebec convention during the next two years, he said "that is only two and one-half dollars per member, per year," a sum only equal to the price of a young man's fancy necktie, or a woman's fancy gawdaw, to be used a couple of times and then thrown away. He believed the leaders had underestimated the ability and the willingness of the people to give, and a much larger objective should have been set.

MIMICO

SUNNYSIDE IMPROVEMENTS.

Abnormal activity is being shown this week on the harbor improvements for long distance west of Sunnyside. An army of men are rushing in to the extension of the sea-wall. Features of the great work are the employment of the construction train, the placing of huge steel frames in line to be filled with reinforced concrete. Numerous surveyors are also on the territory staking out lines for additional work.

A little distance farther east a "speedy" contractor has with in a few days transformed the site south of the highway near the Goddard factory for the new motion picture plant.

Just west of Long Branch ranges a new building boom has set in on the north side of the highway east and west of Caven street. This acreage was only placed on the market during the late summer, of which 122 lots have been sold, largely to employees of the adjacent factories. Prices ranging from \$5 to \$25 a foot.

YORK COUNTY AND SUBURBS

RIVERDALE SHOULD INFORM PEOPLE.

As a well-known business man of the east end and voicing the opinion of a large number of residents of the section, J. A. Bleakley, Broadway avenue, in an interview with The World yesterday, said: "If the Dominion government officials had any idea of the public interest in the question—when will inter-provincial and foreign commerce resume on liquor?—they would issue forthwith an announcement to such effect, and in doing so, they would only be showing the consideration the people are entitled to from parliament. The fact of the matter is I am dazed on the telephone almost every minute and hundreds call at the store seeking definite information, which question no one seems to be able to, or have the courage to answer—of course, Mr. Rowell may do so, at his pleasure, after his sojourn at Washington, but in the meantime we British subjects can sweat, but there will be a day of reckoning," he said.

PARENTS OBJECT
Approximately 60 per cent. of the 1800 pupils at Queen Alexandra school have been vaccinated. At Friskland school about 10 per cent. of 1452 have obeyed the order. Many parents are objecting and refuse to comply.

TEACHERS TOO LENIENT
Strong exception is taken by many teachers in the east end schools to the statement regarding corporal punishment in schools reported in an evening paper recently.

That the principals and teachers err in leniency rather than severity is a grievance stated by one of the many more pupils would be benefited by a stricter observance of the Bible precept.

The principal of a large east Toronto school stated he had never strapped a girl pupil in his 25 years as teacher.

Considering the high cost of food-stuffs, the consumer has still another grievance stated by one of the residents to The World yesterday, who pointed out that in buying potatoes by the bag the contents look very good on top, but when turned out the entire centre was a mass of small spuds, no larger than peas.

"JOAN OF ARC"
Rev. George Murray Ross of China gave an address on "Joan of Arc" at a well-attended Young People's Society meeting in St. John's Presbyterian Church, Broadway avenue, last night. J. McP. Scott, pastor, occupied the chair.

For the third time within one month a T. S. R. line jumped tracks at the G. T. R. Riverdale station crossing. Shortly after 4 o'clock yesterday evening the trailer of a heavily loaded King car traveling west left the tracks and smashing into another running east with the result that the rear of the trailer was cut off. With the exception of one lady who fainted in the excitement, none of the passengers were injured. The front of the east bound car was slightly damaged and traffic was tied up for some time.

EXPERTS EXHIBIT "MUNS."
A meeting of the Riverdale Horticultural Association was held on the island school, Logan avenue, recently, when a fine exhibition of chrysanthemums was the feature of the proceedings. J. Howard gave an interesting lecture on the beauty and culture of "Muns," which was well received. The prizes won in the recent back yard garden competition were presented to the winners by C. Homan on behalf of the association. Among other matters discussed was a schedule for next year's show, and committee was appointed. It was decided to hold semi-monthly meetings, instead of once a month. One meeting for business and another for exhibition of flowers. The question of a hospital for Riverdale was discussed and endorsed by the meeting.

J. Smith, president, occupied the chair, and there was a good attendance.

DINEEN'S, 140 Yonge St.

FUR FASHIONS

SEASON 1919-1920
Furs must be bought where confidence can be placed. This house has 50 years reliable reputation behind it, and their label on a fur garment is a guarantee of quality—we are showing quite a number of smart Fur Coats for Young Ladies priced from \$225.00 to \$475.00; Beaver trimmed, Squirrel trimmed and Opossum trimmed. Come in, see them. You will be astonished at the value.

The W. & D. Dineen Co., Limited
140 Yonge St., Toronto.

EARLSCOURT

POULTRY MEN REORGANIZE.
Oakwood Poultry Association is being reorganized and will continue to show at the principal exhibitions. The association is out for a banner year and their big show will take place in January, 1920. At the last meeting the following officers were appointed: President, W. J. Noble; treasurer, W. Riden; secretary, Art Matthews.

TAG DAY FOR HOME.
Earlscourt will organize on Tuesday, when the tag day is to be held in connection with the scheme for providing a self-supporting home for the poor. Toronto folk who are unable to provide for themselves. The city council and police commissioner are at the back of the effort, and the Earlscourt Poultry Association is also assisting.

PUPILS VACCINATED.
Most of the pupils in the Earlscourt and district public schools have now been vaccinated by the local health officer. Friday is the last day for vaccination. With a few exceptions the parents have lodged no objections.

CONSERVATIVES TO ORGANIZE.
The north-end division of ward 6, Conservative Association, will hold a meeting at Malby's Hall, corner St. Clair and Bloor avenues, on Saturday night for the purpose of organization. It is generally supposed that in view of the results of the last election, a special effort should be made to place the association on a strong footing. W. H. Jeeves is president.

RUNNYMEDE

GEORGE SYME L.O.L. MEETS.
George Syme, Sr., L.O.L., 2619, met in their hall on Monday evening. The following officers were elected for the coming year:

Worshipful master, Bro. J. J. Wright; deputy master, Bro. J. H. Reid; chaplain, Bro. D. Brunton; recording secretary, Bro. G. Childs; financial secretary, Bro. J. McEwen; first lecturer, Bro. J. Veal; second lecturer, Bro. J. Harris; first committeeman, Bro. F. Dyer; inside tyler, Bro. J. Noble.

Worshipful County Master J. Findlay and District Chaplain W. Dempster and members of other lodges were present and ably assisted the lodge in the election of the new officers.

CLUB ABATES NUISANCE.

North Runnymede Community Club have been very busy since their last meeting, more especially with the smoke nuisance emanating from the C.P.R. roundhouse and from the action of the township council in the matter it is very evident that the club is making its presence felt. The petition circulated some time ago is very largely signed and will be placed before the proper authorities in due course. The next meeting of the club will take the form of a social evening, a good program having been arranged, and a good time is assured.

WEST TORONTO

A. O. U. W. SOCIAL.
A concert and social under the auspices of A.O.U.W. Civic Lodge No. 231, was held in Dominion Hall, corner of West Queen street and Ossington avenue, last evening. L. W. Muller, master workman, occupied the chair. The following artists contributed: Irene Dudgeon, piano solo; J. Gordon Knox, Georgia World, Charles Irian, Jimmy Reid and Grace Johns. J. Patterson, district deputy, was responsible for the evening's entertainment and an enjoyable time was spent.

VICTORY LOAN

ONTARIO EMPLOYEES COMMITTEE

HONOR BANNER COMPETITION

One of the most interesting features in connection with the Victory Loan is the campaign among employees of establishments throughout the Province. A Prince of Wales Honor Banner is awarded to each concern reaching its objective, which is based on two conditions, viz., that 75% of the employees subscribe and that they subscribe for an amount equal to 10% of the pay roll. Also crests are awarded to concerns exceeding their objectives. The following is a list of establishments in Ontario, excluding Toronto, that have already won the Banner.

Many Big Events Feature Armistice Day in Brantford

Special to The Toronto World.
Brantford, Ont., Nov. 11.—With the firebell tolling eleven times followed by the chiming of Grace Church playing "Thru the Night of Doubt and Sorrow," all Brantford stood to attention at eleven o'clock today and reverently for two minutes honored the dead in war and commemorated the signing of the armistice. In the police court all stood, the foreign born

waiting in the anteroom being required to remove their head gear. This evening the armistice was celebrated on the market square with a big bonfire, a concert by the G.W.V. band and a general celebration under the auspices of the Victory Loan committee. A memorial tablet was unveiled in Hamilton by Grand Master G. M. Hermiston of the I. O. O. F. to the memory of ten members who gave their lives overseas and a welcome was also extended to members who had returned from overseas. At the First Baptist
