FORESTRY COMMISSIONERS

Matters of Interest - Charcoal Manufacture -Saw Dust for Smokeless Powder-The Scale and White Pinc.

A meeting of the Forestry Commission was held on Tuesday evening. Those present were: E. W. Rathbun, Deseronto, chairman; John Bertram, J. B. McWilliams, Peterboro; A. Kirkwood, Thomas Southworth

worth.

Regarding the measures to be taken this summer, it was decided to await the decision of the Commissioner of Crown Lands.

Mr. Rathbun reported the establishment at Description of a smetter by an American company. The company would manufacture its own charcoal, which was of interest to the commission, since it would mean the consumption of large quantities of the waste. mean the consumption of large quantities of timber waste.

An enquiry had been received from an Austrian as to the possibility of securing Canadian sawdust in quantities for the manufacture of smokeless powder, the patent for which he expected to sell to the United States.

A report from Prescott stated that the scale which was thought to have attacked spruce and red pine only had in that district attacked the white pine.

The state of the consumption of large quantities of the patents of the pat

handed to the captain sealed, to be opened as soon as the ship is clear of Halifax harbor. It is possible that a couple of hospital corps officials and as many men from the Leinsters as the ship will accommodate will be taken. It is believed that the ship goes to Barbados, where it is thought there is some trouble among the natives. The West india regiment is there, but it is not known here how this regiment would act in case of a local uprising. The Indefatigable has taken on board a quantity of coal and some powder. The orders were quite unexpected, and she only arrived two days ago from Bermuda, and was to have remained here for a month or two, removing the naval moorings of the dock yards.
