ARMY & NAVY VETERANS SAY MAYOR CAST SLUR

Their Request for Small Civic Grant to Decorate Monument Refused by His Worship.

There is a strong feeling among the members of His Majesty's Army and Navy Veterans that they have received harsh treatment at the hands of His Worship Mayor Uruhart. At the regular meeting of the veterans last night it was reported that a committee consisting of the president, Major J. W. Collins, Capt. Dreyton and John Nunn, called on the Mayor on Monday to request that a civic grant of \$25 be given the society for a floral wreath to be placed on the new soldiers monument in Portland-street graveyard.

John Nunn, says Mayor Uruhart very decidedly to the committee that the city had no money to spare for such purposes, and when it was urged upon him that the society included soldiers and sailors who have fought and bled for the empire in all parts of the world, he is said to have replied that anyone who heaved wood or worked for his family showed equal patriotism.

"He just as much as told us that he had no use for us," said one of the veterans, with his voice trembling. The committee said that they were astonished at the cool treatment received that they got out as soon as they could.

Several thousand veterans here, "We wouldn't take the money now," said Mr. Nunn, "and the old soldiers themselves went down into their pockets and soon subscribed an amount more than sufficient to meet the expense. This is the first time the army and navy veterans ever made a request of this kind from the city, and they did so only because they knew of other similar associations having received such grants in other years. The veterans did not receive any civic assistance toward the cost of the monument, lately erected at a cost of about \$2000, and in view of the fact that there are several thousand discharged and pensioned British soldiers in Toronto, who annually contribute over \$100,000 to the business of the city, the veterans considered themselves entitled to some respect."

The Army and Navy Veterans will parade at Occident Hall on Monday morning, May 25, at 10 o'clock, and accompanied by representatives from the S.O.S., S.O.S. Cadets' Society, I.P.H.S., and St. George's Society, will proceed to the monument in Portland-street graveyard, and then to the Queen's monument in the park, placing floral wreaths on each.

The annual church parade will be held on Sunday, May 24, at 2:30, to St. Ann's Church, Halton-street, where Rev. Mr. Clarke will preach.

Last night, Capt. Chas. H. A. Williams, 3rd Regiment, Canadian Cavalry; William Crossley, late H.M., 77th Regiment, and Adam Bunch, late H.M., 42nd Regiment, were admitted as members. Resolutions of condolence to Miss Mowat, on the death of the late Lieutenant-Governor to Past President W. R. Symon, on the death of his son, and to Comrade Robinson, on the death of his wife.

San Francisco, May 12.—Before Judge DeLaney in the United States District Court the Federal Salt Company, of which D. E. Stanton is president, was convicted of maintaining a monopoly contrary to the Sherman Anti-Trust law.

GUILTY OF MANSLAUGHTER

ROMAINE CASE VERDICT
Prisoner Takes Stand in His Own Defence—Jury Was Out One Hour.

"Guilty of manslaughter, with recommendation to mercy," was the verdict brought in by the jury in the Romaine murder case, after an hour's deliberation, at 7 o'clock last night.

The prisoner, Isaac Walter Romaine, colored, self-contained and well-groomed, sat thru the day's proceedings with an air of indifference rather than of repugnance, but wore a look of deep anxiety and care as the jury filed slowly back into the courtroom. He seemed greatly relieved when the foreman announced the finding.

"Not guilty," was Romaine's prompt answer, when the usual question was put to him yesterday morning, as to whether he was or was not guilty of the charge of having murdered Louis Goldsmith on the night of Feb. 6, in a row between the men, at 102 Victoria-street.

Mrs. Goldsmith's Story.
After Architect Siddall gave particulars of the fatal shooting in the fatal shooting took place, Mrs. Goldsmith, widow of the deceased, Louis Goldsmith, repeated to Mr. Guthrie, the Crown prosecutor, her story, as told at the inquest.

She, together with her husband and Romaine, had dined that night at a restaurant on West King-street, and she noticed that Romaine was slightly intoxicated. The scuffle occurred shortly after their home coming. She, together with her husband and Romaine, had dined that night at a restaurant on West King-street, and she noticed that Romaine was slightly intoxicated. The scuffle occurred shortly after their home coming.

On regaining his feet, Romaine had fired at her husband with a revolver, which she knew to be the property of the former, and she had fled for assistance. The two fatal shots had been fired in her absence.

Cross-examined by T. C. Robbette, she admitted that a plot had been discussed between Romaine, Goldsmith and herself, in which they were to swear to a false story of an agreement with Mr. McConnell, the landlord, who had entered a suit against them for rent. Goldsmith had threatened to go to McConnell's house and "leave marks on the trigger," and before Goldsmith's violence had caused them to be "requested to move" when they had lived in Hamilton.

Medical Testimony.
Dr. N. A. Powell and Dr. Bingham gave evidence as to the character of the wound, an abrasion of the skin on the forehead, probably caused by a bullet; a shattered wrist and a hole in the abdomen, undoubtedly caused by bullets fired at close quarters.

Mrs. Lucy Jackson, an eye-witness of the scuffle, corroborated the widow's story.

Charles Carey had heard Mrs. Goldsmith's cry of "murder," and separated the antagonists for a moment, but Romaine had followed Goldsmith into another room with a revolver. After the fatal shots had been fired, Goldsmith had secured the weapon, and followed Romaine from the room, snapping the trigger and firing before his arrest was made, he had hurled a lamp at his antagonist.

P. J. Gordon gave the details of the arrest, and Sergeant Watson, Detective Slemin, S. Lindsey and Dr. Chalmers, who were present at the scene, Mr. Guthrie read Goldsmith's ante-mortem statement, which fixed the responsibility on Romaine.

J. W. Gordon, the keeper of the restaurant at which they had dined, testified that the contradictions between the statements of the witnesses, including that of Mr. Baker, Geo. Morton, J. D. Bryan and John E. Wilson, testified as to Romaine's good character.

Romaine Takes Stand.
The accused man then took the stand on his own behalf, and told of the beginning of his quarrel with Goldsmith, which was over the failure to pay of their clothes pressing business.

He said that his partner had hatched a scheme to insure the premises of the restaurant, and that he had threatened to kill him and had attempted to carry out his intention with the scissor. The deceased had also threatened to shoot him.

When questioned by the Crown counsel as to the contradictions between the statements of the present story and statements made at the hospital early on the morning of Feb. 7, the prisoner denied the accuracy of the notes, and that time he said they had quarrelled over a woman.

Bad Powder on Battleships.
New York, May 12.—Acting under instructions received from Washington, the crews on the battleships Indiana, Iowa, Alabama and Kansas, at the Navy Yard in Brooklyn, began Monday to unload all the ammunition in the magazines, and transfer it to the Ordnance Department stores.

In March last, Capt. Lyons, commanding the cruiser Olympia, discovered that the powder on board his vessel was defective, and he appointed a Board of Survey, the members of which after a number of days decided there was something wrong with the powder, and it was thrown overboard, while the vessel was off the Gulf coast of Honduras. The four vessels were supplied at the same time.

It was said that the vessels would be supplied with new ammunition, which is now in the magazines on Tona Island.

GAVE AWAY NIAGARA POWER

Dr. Nesbitt Again Scores the Government on Treatment of This Great Asset.

GRANTS TO AGRICULTURAL SHOWS
Provoke Discussion in the House—Bill to Extend Grants to All Veterans.

Niagara Falls power and the utter waste of public moneys on county fairs that have degenerated into mere "fair shows," as the Minister of Agriculture termed some of the agricultural exhibitions, were the subjects discussed at recess in the legislature yesterday. On the motion to go into supply, Dr. Nesbitt rose to pursue his criticism of the government for giving away the valuable power concessions at Niagara Falls. The power bill was a step in the right direction, he said, but if the government had taken the same step some years ago the people would be a great deal better off. The feature of the introduction of the Premier's bill was the lack of information, and he claimed that the question of cheap power was secondary to the question of cheap electricity. The government had given away the most valuable asset in Ontario, and if it had appointed a Commission some years ago the province would have been placed in possession of information as to the value of the concessions which have been given away.

Cost of Power Plants.
Dr. Nesbitt discussed the cost of the power plants at the Falls to show that the cost of generating power would be at the outside, 10 cents per horse power. "We want the energy at the Falls for the prosperity of the province; they want it for the prosperity of the party," said the speaker, after insinuating that the last general elections were not won with prayers.

He next referred to the report of the Toronto Board of Trade on the power question, and asserted that the gentleman who signed the report was a stockholder in one of the companies organized to bring power to Toronto. He always found that the government never attempted to do anything for the benefit of its friends. Instead of the high, clear ring of statesmanship, which what people wanted to hear was the high, clear ring of the pick-and-axe and the drill. If the government utilized anything else it had better buy out the rights of the existing companies and generate the power for the benefit of the people.

Power Not Given Away.
Mr. Gross followed. He believed that if no concessions had been granted to municipalities or union of municipalities would care to generate electricity, nor would it be in the interest of the people for the province to generate electricity at the Falls.

The only power at Niagara Falls that has been given away is the power of the Canadian side, which would pay \$240,000 a year to the province when it generated 100,000 horse power each and this sum capitalized represented an asset of \$8,000,000. Mr. Gross asserted that when the monopoly was granted to the Canadian side, the power company ten years ago no voice was raised in the House against it. He believed it was a mistake to give this company a monopoly, but recently the monopoly clause was broken.

Tied the Province Up.
Mr. Kribbs drew forth the Premier that the government is prevented by the agreements with the company from developing the remaining power within the boundaries of the province. But there are three other sites outside the park, which the government is not prevented from utilizing.

Secured Immigration Department.
In Committee on Supply Mr. Duff referred the government for failing to take hold of the Immigration Department in a businesslike way. Three or four agriculturalists should be sent to England to look after the wants of the province.

Ontario farmers in regard to farm laborers.

Hon. Mr. Davis defended the department, and claimed that during the first four months of this year 2281 immigrants reached Toronto from Old Land, as compared with 1377 during the same period last year.

Mr. Sutherland, quoted the census returns as showing that in the past ten years there was a large decrease in the rural population of Ontario. The items for colonization and immigration, totalling \$14,325, were then passed.

Grants to County Fairs.
On reaching the estimates of the Department of Agriculture the item of \$19,000 for grants to agricultural societies provoked some opposition. Mr. Matheson suggested that as the hour was late the House should adjourn so as to give the members from the rural constituencies the opportunity of giving their views. He did not like the remedy some of the items were put in, and thought Mr. Dryden should take some time to explain.

Mr. Whitton attacked the fairs and said that the fairs were being held yearly in the name of some county agricultural societies. Some of them were a burlesque, and the Minister ought to be prepared with a remedy.

Mr. Dryden admitted the force of the objection, and said it would be possible to do away with the county fairs, the only thing to do was to improve them.

It was suggested that a good way to improve them would be to cut off the grant.

The Premier agreed to allow the item to stand over for fuller discussion, and the House adjourned at 11 o'clock.

Grants to Veterans.
Mr. Davis' bill, respecting land grants to veterans, was read a second time. It is a bill to amend the act in certain lands for the volunteers who served in South Africa and the volunteer militia who served on the frontier in 1866.

The Minister of Crown Lands pointed out that the measure was calculated to extend the grants to all who had served their country in the troubles of 1865, 1866, 1870, 1885, and in the late war.

New Steamship Service.
Ottawa, May 12.—(Special)—The Department of Trade and Commerce concluded a contract today for a term of years with Nova Scotia Steel Co. for a summer weekly steamship service between Pictou and Souda, P.E.I., and the Magdalen Islands. The same company already performing a service between Cheticamp and Pictou.

South African war; to extend the time for receiving applications till 1904, and to allow the taking up of land in any part of the Crown domain opened for settlement.

Mr. Whitney did not know that he could add anything to the bill, but he suggested that the Minister of the Crown Lands inform the Attorney-General for a sufficient time to include the veterans of 1837 in the grants.

Mr. Hargrave's bill respecting the Board of Education in certain cities, and Mr. Gibson's bill respecting local works and improvements in the next second time.

Afternoon Routine.
Considerable routine business was transacted during the afternoon.

Mayor's Committee.
Hon. B. J. Davis was chosen chairman of the Municipal Committee at its organization meeting yesterday morning. The bill to extend the time for the taking of town-ship assessments from Feb. 1 to July 1 was thrown out, the objection being that there would not be time for revision before the rolls were required for the purpose of the assessment of the new year. Mr. Preston's bill, empowering county councils, on a two-thirds vote, to go on regardless of public opinion, with the laying of cement walks instead of plank walks, was reported with some slight alterations. Dr. Barr's bill, extending the period of office of members of councils in towns, villages and townships, was held over. A bill, providing that three years' residence should be necessary to make a municipality responsible for the road, was approved, in so far as the Counties of Essex, Kent and Lambton are concerned.

FUNERAL OF JUSTICE MILLS.
Ridgeway Pays Last Tributes to Mortal Remains.

Ridgeway, May 12.—This afternoon a representative delegation of citizens, neighbors and admirers of the late Hon. David Mills met the train, which was carrying the mortal remains of the citizens of the town were in waiting to pay their last tribute to the deceased. Mayor William, by special proclamation, requested all places of business to be closed during the transit of the remains thru the town. A procession left at 10 o'clock, and proceeded in the following order: The police force, Town Council, School Trustees, Collegiate Institute students, St. George's choir, St. George's Corps, under Lieut. J. W. Marshall, a guard of honor, pallbearers, hearse and casket, and a band of music.

Several of the business places of the town were draped, while flags on all buildings flew at half-mast. The pallbearers were:

J. H. McKinlay, James E. McKinlay, Archie McKinnon, James McKinnon, Mayor William, John Reynolds, John Duck, Duncan Campbell.

The procession was about a mile in length.

CAR CONDUCTOR'S SERIOUS WOUND.
With an ugly wound on his head, and suffering from concussion of the brain, Conductor Thomas Hillier was brought to the Emergency Hospital yesterday afternoon. He is now in a serious condition. He is a Queen-street car, and as they were rounding the corner at Church-street, he fell into the gutter, and his head struck the pavement. After he had been given all the immediate care that was necessary, he was taken to the hospital at 15 General-avenue.

O'BRIEN'S BODY RECOVERED.
After being in the water for nearly a month, the body of Cornelius O'Brien was found floating in the Bay, near Healey's Point, yesterday afternoon. Joe Humphrey, a fisherman, and Robert O'Brien, a fisherman, were the first to see the body. It was brought to shore. The body was recovered within a few yards of the shore, where the fatality was said to have occurred. The body was found in a small boat, which was overturned. The body was found in a small boat, which was overturned. The body was found in a small boat, which was overturned.

Longshoreman's Sudden Death.
Seized with a choking sensation while sitting at the edge of his cot, Samuel Meeks fell backwards, and died within a few minutes. Meeks was in the St. Michael's Hospital on Monday night, suffering from a pain in his throat, and was attended to by the physicians. He showed some improvement, and his death yesterday morning came with surprising suddenness. Deceased was a longshoreman, 25 years of age, and boarded at 291 Victoria-street. The body has been taken in charge by the Longshoremen's Union, and will be sent to his only relative, a sister, in the United States.

Downe Succeds Osborne.
Montreal, May 12.—(Special)—Mr. McNicoll, the general manager of the C.P.R., has taken his time in filling the place vacated by Mr. Osborne, but it is filled at last. The new officer is Mr. W. Downe, who has been C.P.R. superintendent for years in the Kootenay district. Mr. Downe is a well-known man, and has not yet been made, but Mr. Downe is the coming man. He is on his way to Montreal.

Warm Weather Suits
Boys' \$5 Suits for \$3.50.

First let us tell of the Boys' Suits. Seldom indeed do you find a whole complete line of suits reduced bodily, so that each pattern contains every size. But to-morrow we are going to clear a small lot of American Blouse Suits which is as yet practically unbroken. Our own Canadian values have rather discounted this particular line of imported stock, so we knock off the cost of duty, etc., and reduce them even below the common level. But do not misunderstand—the suits themselves are very far from commonplace—they are extremely pretty little suits for boys of 4 to 12.

In regard to the Men's Suits for summer mentioned below we might say that better values there are not in Canada. Take this \$5 suit for instance. Compare it where and how you will, you cannot equal it, and why?

Well, this store has many ways of economizing for you. For instance, in this particular case of the \$5.00 suit, we bought the cloth cheap and had the suits made up for us specially by our favorite manufacturer. The same suits are sold wholesale at more than we ask retail. Come in to the Men's Store to-day or to-morrow and see them.
